SYSTEM RADICALLY WRONG.

Division Should be Decided by Each County.

That the system now in vogue in Oregon is radically wrong for the division of counties, is the belief of the Astoria Budget, which in its issue of July 7, says that it should be left to the people of each county themselves to decide whether or not they want to create new counties. The Budget says:

"Among the initiative measures that are to be voted upon at the election next November is one to create Nesmith county by taking portions of Lane and Douglas counties. This is a measure which is of course only of direct interest to the people residing in the districts affected, but under the provisions of the law, it is to be voted upon by the people of the entire state. Judging from matter that is being sent out by the commercial clubs of Lane and Douglas counties the great majority of the residents of those sections are opposed to the bill and the only ones there are who are favoring it are those who are endeavoring to create a real estate boom in what is to be the new county seat. That being the case, the one thing for electors who reside outside the affected districts, to do is vote against it. The fact of the matter is that the method now in vogue for the division of counties is altogether wrong. Such questions should be left entirely to the people whose homes are in the section directly concerned and whose interests are thus affected and not to the voters of the state at large, the majority of whom know or care absolutely nothing about the matter at issue. One grave danger of granting these petitions for divisions of counties by a vote of the people of the entire state is that some time the question may come closer to home. Some one, for instance, may want to get up a petition to divide our own county and under the existing law, the people of other sections of the state would determine the question by their votes. The safer way is to kill all measures of this kind that come up and thus nip all prospective petitions in the bud, at least until such time as the state laws are amended so as to provide for what may be termed "home rule," by restricting the vote on these strictly local measures to the voters residing within the district concerned."

MR. VOTER.

Do you think it right to vote to create new counties and double their expenses. You can not know conditions in remote counties and should vote against all division and vote for the law allowing counties to settle their local matters among themselves.

NEW COUNTIES.

When alone in the election booth on November 8th, when scanning your ballot you will read substantially the following:

- A Bill to Create the County of Clarke. 334 Yes. 335 X No.
- A Bill to Create the County of Deschutes. 350 Yes. 351 X No.
- A Bill to Annex a Portion of Clackamas County to Multnomah. 322 Yes. 323 X No.
- A Bill to Annex a Portion of Washington County to Multnomah. 338 Yes. 339 X No.
- A Bill to Create the County of Nesmith. 316 Yes. 317 X No.
- A Bill to Create Orchard County. 332 Yes. 333 X No.
- A Bill to Create the County of Otis. 320 Yes. 321 X No.
- A Bill to Create the County of Willams. 324 Yes. 325 X No.
- A Bill for an Act providing for the Creation of New Counties, Towns, etc., and changing boundaries of existing counties, etc. 352 X Yes. 353 No.

You are asked to consider well the above measures and by voting "No" on all division measures, and "Yes" on the bill giving the counties full control of all local matters, you will be relieved of such duties at future elections. Your careful, conscientious consideration is asked. Respectfully
STATE ANTI-DIVISION COMMITTEE.

MR. TAXPAYER.

Are not your taxes high enough? Can two county governments be supported as cheaply as one?

The cry of division comes from real estate speculators who hope to profit by having the county seat located so as to increase values. You will have to pay for it.

Os-teo-pa-thy.

To the osteopath the spine is the most important part of the human machine, for although every part of the body has its own nutrition, nerve force and fundamental activity, the nerves originate in the brain and spinal cord. It is therefore through the spinal cord or backbone, that the osteopath reaches the nerve centers which he strives to harmonize. By mechanically stimulating them the osteopathic physician is able to equalize the circulation to all parts of the body, to increase the action of an organ or decrease it as the particular case may require.

DR. CRIPPEN FOUND GUILTY

London—After a trial lasting only five days and a deliberation by the jury of only 24 minutes, Dr. Hawley H. Crippen was found guilty of the murder of his wife, well known as an actress under the name of Belle E. More, and Crippen was sentenced to be hanged. The execution will take place in all probability on either November 14 or November 15. The speed with which the case was considered was characteristic of British procedure.

Crippen continually protests his innocence, his utterance to this effect being a dramatic response to the usual question from the court, after sentence has been passed.

Chief interest centers now in the trial of Ethel Clare Leneve, Crippen's former typist, with whom he fled to Montreal on the steamer Montrose after the murder of his wife. Miss Leneve is under indictment as an accessory after the fact.

Commerce Commission Meets.

Chicago—Members of the interstate commerce commission assembled in Chicago Tuesday to resume the investigation of the western trunk lines, trans-Missouri and Illinois freight committee freight tariffs.

Indicted four years ago on 1528 counts, the Standard Oil company of Indiana put in its defense in the term of the Federal court which met Monday at Jackson, Tenn., to charges of accepting concessions amounting to rebates which, if proved, would involve a maximum fine of \$20,480,000. One of the most notable gatherings of the week will be the thirty-seventh international convention of the Young Men's Christian Association of America at Toronto on Thursday. The convention will be attended by over 2,000 delegates, representing 500,000 members of the Y. M. C. A. in the United States and Canada.

A Plea for Majority Rule.

E. E. Fisher, ex-mayor of Beaverton; T. E. Hills, ex-state commander G. A. R.; Hon. J. R. C. Thompson of Tualatin; Theo. Pointer, George Stitt and 500 other legal voters and realtors of the portion of Washington county proposed to be annexed to Multnomah have signed a remonstrance and asked that the boundary lines be not changed. Less than 300 voters within the strip signed the petition and the remainder of the county is practically a unit against it. Let the majority rule. All county divisions should be decided by the wishes of the people affected. By not voting at all you give half a vote for the measure. Multnomah, all powerful, does not need one-fourth of Washington county to further increase her power in the state. The loss of the territory will practically ruin Washington, which is already small in area. We ask you to vote 339 X No.—W. D. Wood, Chairman Anti-Annexation Committee, Hillsboro, Oregon.
