## ANNOUNCEMENT

In announcing to the public that we are about to engage in the real estate business, we desire to state that we have perfected arrangements, both in the East and in the various centers on the Coast, by which we feel justified in assuring our clients that we will control a liberal share of the immigration which the remarkably low rates offered by the different Trans-Continental railroads will bring to our state.

We will make a specialty of farm sales and would be glad if every man in the county who desires to sell his farm, no matter in what part of the county he may be, would talk with us on the subject.

If you cannot see us personally, write us.
