There was a fair-sized audience to greet the Enterprise Stock company Tuesday night when it presented Mrs. Temple's Telegram. Nearly all the characters were well taken. Alvie McElredge placed an order at the Akins planing mill, Monday, for lumber for a house and barn that he will erect this spring on his ranch on lower Prairie Creek. R. F. Stubblefield also placed an order for lumber the same day at Akins, for a house, 20x28, to be erected on his farm at the Island.

Miss Ida Botts and Mr. Roy Simmons were married St. Valentine's night by Rev. W. P. Samms at his home on Greenwood street. A party of youngsters followed the newly married couple to the hotel, and gave them a rather prolonged charivari. Friends of the Mr. and Mrs. Simmons wish them a happy and prosperous married life.

Walker Franklin has returned from a visit with his mother, Mrs. S. E. Butner, at the old place in Polk county, Missouri, and is more than ever convinced that Wallowa county is the garden spot of earth. He was accompanied here by his step-brother, Stone Butner, who will locate at Enterprise.

A. H. Sanford of near Polo, Ill., who was here visiting his cousin, R. D. Sanford of Alder Slope, filed on an 80 acre homestead just northwest of town. The land adjoins the homesteads of his relatives, C. J. Sanford and J. E. Osterhout. Mr. Sanford has gone back to Polo but will return here in April to go on his homestead.

S. D. Crowe, superintendent of the Home Independent Telephone company, was in Enterprise last week looking after business affairs connected with the company. He stated that his company had commenced the work of installing a new and modern system in La Grande, that when completed would be equal to any system in Oregon. F. I. The ladies of Enterprise will organize a civic improvement association in the near future and by request a call will be issued by Mrs. A. C. Miller, probably in next week's paper, for that purpose. The library board will also be asked to meet at the same time and place to determine whether the library will be turned over to the county high school, or what disposition will be made of it. There is a strong sentiment in favor of enlarging the library and its scope by adding a reading room and having it open certain hours of the afternoon and evening each day.

Tom Ellidge had the misfortune to turn over with two wagons loaded with steel ranges in the canyon below the Southwick place, causing considerable damage to his wagons, the ranges and the wire fence, which he was obliged to cut in several places. This is really a dangerous piece of road as is also the grade below the Wm. Minor place on the road to Wallowa. The supervisors in each district were warned before the ground froze last fall, as was also the County Judge that this road would be dangerous in the winter, and it does seem with the amount of taxes we were obliged to pay last year that some work should have been done on it.

**IMNAHA BRIDGE.**

Imnaha, Feb. 17—Most of the grip patients are able to be about.

Owing to some forgetfulness on the part of the party who had the mailing of our week before last items, they failed to reach you in time for that issue, and owing to somebody's oversight, or for some cause, the Enterprise papers failed to reach the postoffice here until Monday night of this week.

Your reporter aimed to write Mrs. Mrs. J. F. Crawford instead of Crawford, also Mrs. E. S. McComas, in items of last issue. As proper names (sur-names) are among the hardest words a compositor has to decipher, especially when not familiar with them, your reporter will be more careful—might print them.

Dr. Fleenor was summoned a few days since for Mrs. James Fisk, who was in a somewhat critical condition. As the up-river phone was "out of gear" L. Lloyd came on horseback to Imnaha to the store of J. A. Denny to phone. He made the distance, 8 miles, in 40 minutes, which considering the up-hill and down dale was not letting much "grass grow" under his horse's feet. He got the message through about 5 p. m., and Dr. Fleenor reached Mr. Fisk's near 2:30 a. m. of next day. Mrs. Fisk is reported better and I understand Mr. Fisk intends taking her to Joseph to be near the doctor.

Roy Simmons and bride came in Sunday and are visiting his parents and other relatives here. Roy's many friends wish them a smooth and happy voyage o'er the sea of life.

Mrs. L. Lloyd is the proud possessor of a brand new Improved Home Com for range. Mr. Lloyd had intended it for a Christmas surprise for her, but it was delayed. However as it came near Valentine day and also near her birthday which falls on the same date as that of "The Father of his Country," Mrs. L. may consider it a sort of Valentine-Birthday gift. Anyway she assures your reporter she is highly pleased with it and just as soon as she recovers from indisposition and fatigue incident to exerting herself for the sick, she expects to just cook and cook. In the meantime Miss Reba will preside over the "Home Comfort."

J. B. Olmsted and Frank Melotte came in a few days ago to put in an estimate for the new county bridge that is to be built near the Olmsted place.

J. A. Denny recently purchased of Vesper Brumbach the property on which was the home and blacksmith shop of the late Louis J. Bell. Mr. Denny has thrown the grounds in with his own home grounds and contemplates removing the building, putting out trees and otherwise beautifying the grounds.

I understand that Waldo Chase is having quite a struggle to get rid of the bad effects of the grip. Hope he may soon overcome it.

J. G. Matheny is quite ill with throat trouble, supposed to be tonsillitis. A doctor was summoned today.

A meeting of the neighbors was held at the store of J. A. Denny a few days ago to discuss the advisability of a road up Deer Creek to reach fir wood. It was decided to build one in March.

Mr. and Mrs. Chet Gaylord were down from their Butte ranch to take in the 14th dance, as were also Sheff Surber and two brothers, Mr. Daily and probably others whose names I did not learn. They had a fine time I might say like some do—"A fine time was had," but "was had" did not use to be called good grammar—in fact not grammatical at all.

A Miss Surber has been visiting the Brumbach family for some time.

Mr. and Mrs. J. A. Denny and two little tots visited the family of L. Lloyd, Sunday. They helped stow away a fine chicken, et cetera; dinner cooked on the new range. They enjoyed a fine visit. During their absence, Mrs. Alice Bell in charge of the house, was assisted in the sun pling of her "good dinner" by Mrs. L. C. Johnson and

The publication will be a part of the Wallowa county high school work. It will be edited and managed by the student body, under the direction of the faculty. This is not a new and untried idea; many of the best high schools of this, as well as other states, publish a monthly paper. The ambition of the educators of Wallowa county is to crowd our schools to the front. The appearance of the Eagle Cap will mark a step forward in this educational movement. It will give Wallowa county a weapon with which to mould public sentiment and to instill into the minds of the parents, sons and daughters a truer and higher conception of education. This publication will find its way to the reading table of many high schools of this state, also our state institutions and many other high schools throughout the land. It will be the means of demonstrating to the outside world that Wallowa county offers to the rising generation excellent educational advantages and that our people are making an effort to keep abreast of the times.
