#### For County Treasurer.

From the Joseph Herald.

The name of Wm. F. Eisenbeis is before the people of Wallowa county for nomination as Republican candidate for county treasurer and it will be difficult to find a man better equipped to give good and just service than he is. He seeks the office for himself alone and is not backed or coached by any bank or corporation; he is making his campaign on a strictly just and commendable platform—that of dividing the "county money among the different banks;" instead of dumping the entire cash into one bank.

Mr Eisenbeis, having resided in this section for the past eight years, is well and favorably known to most of the taxpayers throughout the county. His general competency and educational qualifications point to him as the logical man for the office of county treasurer. The disposition of Mr. Eisenbeis is to give a square deal to all with whom he does business, hence the people of Wallowa county would be assured of the faithful handling of the county's funds. If nominated and elected he will perform the duties of the office of county treasurer to the best of his ability.

E. C. Berry of Wallowa, candidate for the Democratic nomination for sheriff, is seeing the voters in the upper valley this week.

#### Wallowa County's Favorite.

As primary day approaches it becomes more and more evident that the trend of sentiment is toward Mr. J. P. Rusk for joint representative, and his election by a large majority seems assured. He is undoubtedly the choice of the vast majority of the voters of this section of the county, and for many reasons. He has been a resident of the county a sufficient length of time to give him a general acquaintance with the people and their needs. He has identified himself with the interests of the county in a permanent way, being a property owner and tax payer. He has for two years served as Deputy District Attorney in a manner above reproach and above criticism from those who believe in the enforcement of the law. And he has a head of only normal size. He is genial by nature, a good mixer—in short, the very kind of a man who should be expected to get results for his constituents in a body of legislators.

#### If Not Registered, You Can't Vote.

If you are not registered, you can't only not vote at the primary election but it is unlawful for you to offer to vote. And only those registered voters who gave their party as either Republican or Democratic can vote. Socialists, Independents, Prohibitionists, and men of no party need no bother about going to the polls on April 17. Following is the law: "No elector shall be qualified to vote, nor permitted to vote, at any such primary nominating election required by this law, and it shall be unlawful for him to offer to do so, unless he shall be registered, as above required, as a member of one of the political parties choosing and nominating its candidate for public office under the provisions of this law at such primary nominating election."

F. V. Bowman of Joseph, Republican aspirant for sheriff, was busy in his own speciality line of canvassing around Enterprise the first of the week.

#### Last of Hilton Land.

The remaining quarter section of land belonging to the James Hilton estate will shortly be placed on sale by the sheriff, C. R. Eberhard of Joseph, attorney for the state land board, having been instructed to this effect. The land was sold while Judge Eakin was on the bench, but he set the sale of this tract aside on account of the inadequacy of the price.

Thomas Morgan's milking machine arrived Saturday and is being erected on his Prairie Creek ranch this week.
