**OREGON MILK NOT TOO RICH FOR HARRIMAN**

Portland, August 10—The postmasters of Oregon had a rousing convention at the Portland Commercial club Friday and Saturday. Postmaster Minto of Portland presided and gave a luncheon to the visiting fraternity. A special incident was the organization of Fourth Class Postmasters with Addison Bennett of Irigon as president and W. J. Clarke, of Gervais, secretary.  
Vigorous protest was entered by the commercial interests of Oregon and the Oregon State Dairy association, against the adoption by the Pure Food conference at Mackinac Island, Michigan, of a standard for evaporated milk requiring 28 per cent solids. Oregon's milk is rich in butter fat, owing to our climatic conditions, but abundant pasture means less solids than in milk from cows fed eight months in the year. Oregon dairymen and condensers insist that solids should be such as result from the use of whole milk in their product.  
E. H. Harriman, the greatest individuality in the railroad world, is enjoying with his family the glories of Oregon's August climate at Pelican Lodge, near Klamath Lake. Their stay will cover several weeks. Vice Presidents Julius Kruttschnitt and E. E. Calvin accompanied Mr. Harriman to Oregon, but during his vaca-

tion they will be busy inspecting their roads throughout the state. The Good Roads conference opens tomorrow. There is absolute assurance of a thoroughly representative gathering and it is generally understood that permanent organization will be effected and result-getting legislation agreed upon. Conference is under the auspices of the Oregon Development league.  
Three Oregon athletes won honors at the Olympic games in London—no other state in the Union made such a showing. The boys will be royally entertained in Portland when they return early in September. Both athletic and commercial bodies are uniting in the arrangements.  
The different fair associations of Oregon are co-operating for a splendid display of products and great showing of livestock at the fall show in Portland, with the best races ever held in the state. All this has its part in the development of the state, by creating such an interest in livestock production as will mean an ample supply for the support of the great packing plants now under construction in Portland.  
A delegation of business men from Spokane, under the auspices of the Chamber of Commerce of that city will be entertained in Portland August 15.  
The sale of special one-way tickets from all points in the United States to all points in Oregon begins September 1 and continues until October 31. Your community can get more than its share of the newcomers, with a little effort.
