BETTER FOR BOTH

EANKS AND DEPOSITORS
Surely Mr. Taft is off on the
wrong foot in this matter of guarant-
y of bank deposits. The sole objec-
tion urged to the principle of guar-
anty of deposits is that first urged
by the president of the First Nation-
al in Chicago—that it would put the
small and weak banks on a par with
the big and rich banks in assuring
safety of deposits.

This when analyzed is an argumen-
t in favor of and not against guaranty
of deposits. There are seemingly
two points of view—at least super-
ficially. The depositors are certain-
ly entitled to theirs. It was no com-
fort to the depositors in the two or
three banks that closed up in Port-
land last fall to find out afterwards
there were banks that were sound
and where their deposits would have
been safe. Nor was it any comfort
to them that the big bankers knew
as they said, that the weak institu-
tions were being mismanaged and
were tottering to a fall. If there
had been an efficient inspection sys-
tem, aided and assisted by the knowl-
edge of the big bankers, such as
would be insisted upon if all banks
were assessed to provide insurance
against loss of deposits, those weak
banks wouldn't have been misman-
aged, they wouldn't have closed-up,
there would have been no withdraw-
al of deposits and hundreds of people
wouldn't have been ruined finan-
cially.

But in truth there are not two
points of view. Guaranty of depos-
its will be better for the big and
well managed bank as well as for
the little ones and for the deposi-
tors. With panics and runs on banks
a thing of the past, all cash will be
entrusted to the care of banks, and
if we accept as true what eminent
bankers say of the amount of mon-
ey in hiding, this renewal and sta-
bility of confidence would nearly
double deposits the country over. A
leading New York banker said last
winter that in his judgment 50 per-
cent of the money of the country
was "in hiding."

THE REAL WELCOME.

Wallowa will formally welcome
the first passenger train in this
county at the gateway to this far-
famed valley next Sunday, when an
excursion will be run to Wallowa
town from La Grande. People from
all over the county will be there and
a right joyous occasion it will be.
Some old settlers will ride on the
train for the first time in a score
of years, while some of their chil-
dren will take the first ride of their
lives on a railroad. It will be a big,
noisy, happy day.

A little later, trains will be run-
ning clear through to Enterprise and
Joseph. Engines will be pulling the
products of Wallowa's rich soil to
market. Farmers will know for the
first time what a cash market means.
Tens of thousands of acres of fertile
land will be farmed for the first
time next year. Long trains of
cross-barred cars will bear to mar-
ket before snow flies, the fat, steel
cattle, and tender, well flavored
lambs, that have made "the Wallowa
country" famous everywhere west

of the Rockies for the last 20 years.
In all the continent, from Halifax in
Blue Noose land to San Diego in
Greaser country, there is no meat
to compare to the juicy steaks or
steers or legs of lambs that were
fattened on the succulent and nutriti-
ous grasses of "the Wallowa."

Then comes the real welcome to
the railroad: The welcome of heart
and hearth and home, not only here
in "the Wallowa" to which stee-
rains and iron horse bring added op-
portunity, but by the outside world
that will live so much better because
of our products and so much happier,
because of access to the incom-
parable scenery of "the beautiful
Wallowa."

THE SPIRIT THAT WINS.

The one-sided result of the specia-
city election to vote water bonds is
indicative of the unanimity with
which this town acts when a propo-
sition is settled. There may be dif-
ferences of opinion as to methods
and means, but when those are ad-
justed the work in hand is per-
formed with neatness and dispatch.

The leadership among Wallowa
county towns was not thrust upon
Enterprise. It was gained by the en-
ergy, perseverance and public spirit
if its citizenship made effective by
united and harmonious action.

The new waterworks, if it half ful-
fills the hopes of its sponsors, will
help build a larger and better En-
terprise, by removing the only hin-
drance to the unity of our citizens
and the only handicap to efforts for
the advancement of this city.

In the multitude of new things,
such as railroads, waterworks and
courthouses, don't forget the coun-
ty fair to be held next month at Wal-
lowa, and remember especially that
the success of the fair depends upon
your going not empty-handed. Take
an exhibit with you.

GROWTH OF SOCIALISM.

Ernest Poole, in American Magazine
When a political party has wor-
the support of 20,000,000 of people
throughout the civilized world, it is
time that its point of view, its aims
and its methods be studied.

The Socialist parties of Europe
are now minority powers. At pres-
ent they have 32 men in the Brit-
ish house of commons, 54 in the
French chamber of deputies, and 41
in the German reichstag; in the other
national bodies: Austria, 87; It-
aly, 25; Norway, 17; Sweden, 15; Fin-
land, 80; Denmark, 34; Belgium, 20;
and to the Russian second duma:
they sent over 90 men. Their act-
ual vote in all countries is already
10,000,000.

Is the same growth to take place
in America? Shall we see socialist
representatives in congress as in the
house of commons? Their recent
growth seems pointing that way. In
1888 they cast only about 2,000
votes; in 1900 it had swelled to over
100,000; in 1902 it rose to 229,762;
in 1904 it reached nearly 450,000; in
the last four years the number of
 dues-paying members has more than
doubled again, and it seems not im-
probable that their vote will be close
to a million this fall.

STATE FAIR NOW OPEN;

LIVESTOCK SHOW SOON
Portland, Sept. 14.—The Portland
Country Club and Livestock show
opens next Monday and continues
all week. It will be the largest
showing of livestock ever gathered
together at one time in the Pacific
Northwest, not excepting the mar-
velous exhibit at the Lewis and Clark
exposition. The speed contests will
be extraordinary; the great mile
track is without a parallel on the
American continent; the transporta-
tion facilities to and from the
grounds will be excellent, as both
steam and electric roads will carry
their thousands. The beautiful amphi-
theatre built upon steel trusses, the
first of its kind in Oregon, is al-
ready completed.

The state fair opens today under
most favorable auspices. The build-
ings and grounds are in "apple-pie"
order, and exhibits in all departments
superior.

The managers of the Golden West
and American Industries exposition,
to be opened at Earls Court, London,
May 1, 1909, and continue for six
months, have asked the co-operation
of Oregon through Governor Cham-
berlain. It is the first industrial ex-
position of this character held since
1887. The business carried on be-
tween the United States and the
United Kingdom comprises one-fifth
of the entire commerce of the world,
and it is constantly increasing. It
is expected that this exhibit will
bring together all the present-day
achievements in science, invention,
handicrafts and trades in the United
States.

MINING ACTIVITY.

From the Elgin Recorder.
There is considerable activity in
the mining section of Wallowa
county and to all appearances there
will be something doing there soon
after the road is completed. Mining
experts who have recently visited
that section speak in the highest
terms of the prospects and state that
that as soon as capital comes in
to develop them some exceptionally
rich mines will be opened. Mining
men from various sections of the
country are passing through Elgin
daily on their way to and from the
Wallowa county claims.
