RAILROAD NEWS.

We have been reliably informed that the railroad will reach Enterprise not later than Decem'er of the present year.

With the advent of the road the necessity of carrying a large surplus in certain lines of merchandise will have been removed.

In anticipation of this we have inaugurated a clearance sale and have reduced prices on every article in the store, many of which we are selling below actual cost.

In making this substantial cut in prices we have a double purpose in view, viz:

1st—a reduction of a surplus in certain lines.

2nd—to get money to meet our maturing obligations which are usually large at this time of year with merchants doing a credit business.

We will therefore continue to sell

FOR CASH

at the cut prices which we have been selling until such a time when our stock shall be sufficiently reduced in those lines in which a reduction is demanded by changing conditions.

You can save 25 per cent by buying of us. Ask those who have been taking advantage of these sales, or what is better come to our store, examine our goods, get our prices and be convinced.

The tree was shattered to the roots, and splinters from it were driven hundreds of feet. The shock shook the Watson residence, breaking window panes, and causing ornaments and other objects to fall from stands and mantels. Many curios and heirlooms brought from England were broken.
