HAWORTH TO BUILD NEW COURT HOUSE

MOULTON WITHDRAWS BID AND COURT LETS CONTRACT TO NEXT LOWEST BIDDER.

The contract for the erection of the court house has been let to S. R. Haworth for \$31,300, and he has already begun preparations for the excavation and the hard wall basement. Mr. Haworth states that from six to eight men will soon be at work on the foundation, and eight or ten at the quarry on E. R. Bowlby's place east of town. Two four horse teams will be employed hauling stone during all fair days of the winter.

The court was notified the latter part of last week by H. H. Moulton who made the lowest bid, that the Walla Walla man who gave him figures on the masonry work could not or would not give him a bond, and therefore he (Moulton) withdrew his bid. The Walla Walla man's figures on the masonry were between \$3000 and \$4000 less than those of the other masons who figured on it and accounted for the difference between the bid of Moulton and those of Haworth and Slater. Moulton being out of it, the court then accepted the next lowest bid, that of S. R. Haworth for \$31,300.

The court met Monday and accepted the offer by W. W. White and some 60 other citizens of Enterprise and vicinity, made in July, 1907, and thus secures \$5000 towards the erection of the courthouse, payable when the walls are up to the second story.

STOCK AND RANGE NOTES FROM IMNAHA AND SNAKE

Albert Morgan of The Park has bought Fred Gaylord's cattle, 177 head, and will move them from the range at Lightning to his ranch on the upper river. Mr. Morgan has also bought 75 head from other parties.

L. G. Page of Fruita has sold 200 head of calves and yearlings to

Lew Knapper, to be delivered November 1.

Ben Johnson, Mike Thomason and Emory Mace, cattlemen, and Mose Strickland and George Camp, miners, all from the Snake river country, returned home this week. They had been out selling stock, buying supplies and attending to various business matters.

Forest Supervisor H. K. O'Brien left Tuesday for Snake river to adjust differences as to range and on other forest reserve business.

Democratic Rally Monday Evening

Senator Coshow Will Speak at Court House—Concert by Enterprise Band.

Senator O. P. Coshow of Roseburg, presidential elector on the Democratic ticket, will make an address in the court house at Enterprise next Monday night, October 26. Music will be furnished by the Enterprise Concert band, and an interesting and entertaining program is assured, and everybody regardless of political faith is invited to come and hear the issues discussed.

Senator Coshow is reputed to be an eloquent speaker. This is the only address he will make in this county, as his engagements prevent a longer stay here.

Straw Votes for Bryan.
A straw vote was taken in the Enterprise Hotel Wednesday evening about supper time, when the office was filled with men, including a number of drummers. The vote was by ballot and resulted as follows: Bryan 39, Taft 15, Debs 8.

A straw vote was taken at Hermiston, Umatilla county, Friday. It was held in the office of A. C. Crawford, where a representative group of business men were gathered. Bryan was elected by a two to one vote over Taft, the result being Bryan 31, Taft 16, Debs 3, Chafin 1. The dispatch states that the vote is considered a favorable estimate of the way that community will go, though ordinarily Hermiston is strongly republican.

ENTERPRISE NOW ON RAILWAY MAP

TRACKS REACHED STATION GROUNDS TUESDAY—REGULAR SERVICE NOV. 14.

The track was laid through the Enterprise station grounds and a half mile beyond Wednesday morning. A sidetrack was put in and the boarding cars brought from Lostine Wednesday evening. It is stated the ballast crew's headquarters will soon be moved here from Wallowa. The tracklaying gang is now helping to back tie, that is putting in the full number of ties, leveling and straightening. When that is completed the Enterprise yards will be put in and everything put in readiness for regular train service to this city on November 14.

Both the public and high schools were dismissed Tuesday afternoon and the pupils marched down and joined the remainder of the population watching the tracklaying, which reached the depot grounds that evening.

Train service to this city was first ordered for November 2, but owing to unforeseen requirements in the way of ballasting, a letter from General Manager O'Brien today states the inauguration of regular service to this city has been postponed until Saturday, November 14. There is a portion of grade just below the city that needs a lot of ballast to put it in safe condition for regular trains.

Warden Clemons After Dynamiters

May Start Something in the North Country—Lively Letter From Troy.

Troy, Oct. 17.—It seems now that we are going to have some protection against the law breakers in this part, as Deputy State Game and Forest Warden Joe Clemons of Zumwalt was on the Little Salmon four or five days looking after official business. There has been considerable dynamiting in the river this summer, and I for one would be glad to see the perpetrators run down and prosecuted to the full extent of the law. The game warden also will look after the deer this winter for last winter deer were slaughtered by the wholesale on north fork and some deer were shot down and left in the woods. I hope to see such outrages stopped.

We have been blessed with a fine rain the last few days. Grass has started to grow and looks fine. The weather only keeps warm for three or four weeks range stock will be in good condition to go into the winter quarters, for the hay crop is short in this section, and grain is not so plentiful as might be, though all the grain that has been sown brought about the usual price.

County Surveyor R. I. Long and Side-Kicker Cramer came to Troy October 9 to survey the proposed road from Troy to the city of Wallowa known as the Post road or step ladder extension. I am highly in favor of good roads and lots of them, but it does seem to me that if the county court is going to help the north end of the county in the way of roads the residents here should be consulted in the matter, at least. A road to Wallowa is not what the majority of the people want, as has been reported to the county court. We have all the step ladder extensions we want, especially toward Wallowa. Let's have a good road that will accommodate all the people, not just two or three.

Ex-Surveyor Merryman is constructing a water ditch that he proposes to run water through to water the stock in trade at Troy, or else he may be going to start a hopple doodle factory or some lively enterprise, for we have no use for a grist mill. Flora has the mill all right. The engine is all right, too. It's a pea warmer. The other machinery is all two-handed. It was taken out of a mill back east in one of the great wheat states where they don't raise any wheat, but I

pany is to conduct a general mercantile business at Joseph, having taken over the stock and business of the F. D. McCully company. The incorporators are Wade Siler, late book keeper of the Elgin Forwarding company, Ed. S. Saunders, recently of Boise, Ida., and J. R. Hamblen. This transfer marks the passing of one of the pioneer merchants, F. D. McCully, from active business life.

Attend the band concert and basket social for the benefit of the band, at the opera house tonight.

Woolgrowers To Meet at Heppner

Call Issued for November 17 and 18 by Secretary Smythe—Live Topics.

The woolgrowers of Oregon will meet at Heppner the 7th and 8th of next month. Secretary Smythe of the state association has issued the call for the meeting and Heppner is preparing royal entertainment for its guests.

There seems to be considerable dissatisfaction over the question of range as regulated by the forest department and the sheepmen who have grievances will air them at the Heppner meeting. On the other hand here will be a vigorous defense of the government policy by some of the sheepmen themselves and by officials of the service who will be present for that purpose.

Secretary Smythe's call for the meeting is given herewith:

To Members and Woolgrowers of Oregon, Greeting:
The eleventh annual convention of the Oregon Woolgrowers' association will be held in Heppner, Oregon Tuesday and Wednesday, November 17 and 18, 1908. The O. R. & N. Co. has granted a special reduced fare for round trip, and the people of Heppner have provided ample accommodations and entertainment for the occasion.

This meeting is most important to the sheep and wool interests. The program is an excellent one, and such vital subjects as "The Range Question," "Scab Eradication," "Forest Reserve Administration," "Wool Warehouses," "Wool Sales," "Tariff Revision," "Sheep Killing Outrages," "Cheap Salt Supply," "Predatory Wild Animals," "Speed Limit," and "Improvements of the General Sheep Conditions," will be discussed by the most able and prominent speakers. All wool growers should be present and take part in the discussions and assist in plans for the future. The association has done much for the sheepmen of Oregon. It can do great deal more, especially if all actively give it support and assistance.

You need the association, and the association needs you. Come and be a part of this convention and bring your family and friends.

Yours truly,
J. M. BURGESS, Pres.
DAN P. SMYTHE, Sec.

Manager S. E. Crow of the Home Telephone company came from Flora today. The line from Sled Springs to Flora will be built this fall.

MAKES PENDLETON FIRST WOOL TOWN

SCOURING MILLS CLOSE AFTER BIG SEASON'S RUN—LEADS IN SHIPMENTS.

The value of the Pendleton wool scouring plant to the city, its business interests and its importance as a wool center, are well set forth in this review of the season by the East Oregonian:

When the Pendleton scouring mills closed down today after a five months' run, they not only closed the most successful season in their history, but one in which they were the most important factor in making Pendleton the largest wool shipping point west of the Mississippi.

During the present year the wool shipments of this city have amounted to over 7,500,000 pounds. This record is not equalled by any other point in the west, not even excepting San Francisco, nor Great Falls, Mont., the latter formerly the largest shipping point, but whence shipments this year have been about 4,000,000 pounds.

Not all the wool shipped from this city can be fairly called Pendleton wool, as it includes the entire output of the Elgin country, most of the Arlington wool and considerable from Heppner and Shaniko. But every pound was shipped from this city.

During the season of five months, which is brought to a close today, the scouring mills have handled more wool than any concern in the west and have employed an average of fifty people, each of whom draws an average of \$20 per week in wages and salaries, or an average total of \$1000 per week for 20 weeks paid out to the workers of this city. During that time the mills have sorted and scoured 3,000,000 pounds of wool and traded and baled 4,000,000 pounds of the latter including all the product of Wallowa county, which was shipped here for that purpose.

In addition to the 4,000,000 pounds shipped by the grading and baling department and the product of 3,000,000 pounds shipped by the scouring department of this firm, about 500,000 pounds has been handled by other warehouses in Pendleton.

The management looks for another successful season for the mills next year and hopes to again put Pendleton in first rank among the wool shipping points in the west.

Caught in Bank Failure.

It is reported that ex-County Judge Peter O'Sullivan was a heavy depositor in the Farmers and Traders bank at La Grande, Oregon, when on his way here from Coquille, deposited a \$300 draft in the institution just a few days before it closed its doors, and had checked out only \$30 of the amount.

Stock Markets Falling.

The Portland livestock market is overrun with offerings, especially cattle. The yards are congested and buyers scarce. The price of hogs and cattle continues to fall. The local stockmen who contracted early were lucky.

DO YOU NOT WISH NEW HARNESS FOR YOURSELF? YOU WILL TROT BETTER IF YOU GET IT. WE CAN RIG YOU OUT FROM THE SKIN OUT. OUR UNDERWEAR LINE IS STILL NEARLY COMPLETE BUT GETTING A LITTLE BROKEN ON SIZES. WE HAVE A LOT OF ODDS AND ENDS IN CHILDREN'S AND MEN'S UNDERWEAR THAT WE ARE OFFERING AT REDUCED PRICES. SEE OUR LINE OF GLOVES, MITTENS, OVERSHOES, OVERCOATS, RAINCOATS, KNIT GOODS, ETC. SWEATERS FOR LADIES, BOYS AND MEN.

RESPECTFULLY,
