PREVENTION BEST DECIDES COUNCIL.

ONLY ONE CASE OF DIPHTHERIA BUT STRICT QUARANTINE ENFORCED.

Acting on the principle that an ounce of prevention is worth a pound of cure the city council, Monday night, acted as a public health board, as provided by the laws of 1905, appointed Dr. C. T. Hockett public health officer and instructed him to forbid all public gatherings of any kind until January 4. This was done wholly as a precautionary measure, as there is but one case of diphtheria in town, and it is under close quarantine together with every one who is suspected of having been exposed.

O. H. Brady, a young mechanic, is ill of diphtheria reports County Physician E. T. Anderson. His father, Thomas Brady, died of the disease at Promise two weeks ago, and O. H. went to see him, the nature of the disease being then unknown. Dr. Anderson stated to council that he disinfected Brady before leaving Promise and also after arriving at Enterprise, but the young man took down with the disease Saturday. Strict quarantine was at once established and it is hoped and believed there will be no spread of the contagion.

Just at this time of year there are so many public gatherings where children attend it was deemed wise to run no risk, so all were prohibited. Children under sixteen are also forbid being on the streets. The schools are closed until January 4. There would have been the usual holiday vacation in the high school anyway, but none was planned in the public schools.

The Christmas entertainments are postponed, not abandoned, and Santa Claus will make the rounds of every home on Christmas day. The entertainment by Eugene Knox and the New Years Eve ball cannot be held.

The council acted as above stated in response to a petition signed by 64 citizens including nearly every business man in town, who took the broad view of public welfare before private interests. So far there seems to have been no effect on business for the stores are thronged all day with Christmas shoppers.

Other Business.
J. L. Mathews asked council to extend the time of closing pool rooms to 12 o'clock, but the proposition was defeated by 4 to 1. The bill of the Enterprise playing mill for

\$110.62 and that of C. S. Haney for \$1.29, both for crosswalk lumber, were allowed.

Brady Child Is Ill.

Naomi, the three year old daughter of Mrs. O. H. Brady, is reported by Dr. Anderson as ill of the disease. The anti-diphtheria serum was administered Saturday morning. Mr. Brady has about recovered. There are no cases but these two, both in one house and closely quarantined. There is plenty serum on hand, and no serious results are expected for it has been proven a practically sure cure for the disease when administered in time.

Council Considers Water Works Plans

Estimates for System Submitted by Engineer Lowry From \$23,500 Up.

The plans and specifications for the water works, prepared by R. K. Lowry of the American Light and Water company, were submitted to council Wednesday night. They are complete in every detail as far as can be discovered by persons not engineers.

With the plans were submitted estimates, ranging from \$28,500 to \$32,000, according to the size of pipe used in bringing the water from the springs to town, and also partly dependent on the location of the reservoir.

The plan meeting with most favor provides for a 6-inch supply pipe, which running full would carry enough water for a town of 4000 inhabitants on the basis of a per capita consumption of 125 gallons every 24 hours.

By resolution it was decided to hire a competent engineer to go over the plans and estimates, and to assist the council in arriving at a decision in regard to the contract.

DEATH RECORD.

Mr. and Mrs. Frank O'Hare mourn the loss of a male child, stillborn Wednesday morning at 1 o'clock. The little one was interred in the Enterprise cemetery, Thursday.

Mr. O'Hare is a conductor on the O. R. & N., and has been in charge of one of the construction trains on the branch this fall. He and his wife reside in the Riley property on North street. Mrs. J. P. Donnelly, sister of Mrs. O'Hare, arrived Thursday from La Grande.

SCHOOL LEVY OF SEVEN MILLS VOTED

LOWER TAX THAN ANTICIPATED FOUND SUFFICIENT—ONLY 5 PATRONS ATTEND.

A tax levy of 7 mills was voted at the annual school meeting of Enterprise district Saturday afternoon. School Clerk Lockwood presented the figures showing the expenses the past year and the estimate for the coming year. The sum necessary to pay a deficit of \$1,600, and the running expenses for 12 months from March next, is \$7182.

The assessed valuation of this district is \$739,865. The 7 mill levy will bring in about \$5100, while \$2600 will be received from the state and county per capita apportionment.

There was no interest taken in the meeting, only five taxpayers attending.

Hard Traveling In Eden Country

Merrymakers Risk Mountain Trails In Snow Storm—Making Better Roads.

Garden of Eden, Dec. 21.—Winter has invaded even the Garden of Eden, although not as severely as elsewhere, as we have not had snow enough to cover but a portion of our delightful country, and only a thin sheet of ice, with large sparkling diamonds scattered over the snow, tells of the nearness of the time for his lordship, "Santa Claus" to arrive, to make glad the hearts of everyone, large and small, with anticipated pleasures in all their variety; Christmas trees, card parties, dances, and congenial, neighborly dinners, given "turn about" where we have good old-fashioned heart-to-heart talks on subjects the most interesting to mutual friends and neighbors.

A party was given on December 11 at Ficker's hall, Troy, for the benefit of the school, as a new school house has been erected there, which would be a credit to any locality, and has been an additional expense to those interested gave the party, which was well attended. A fair amount was realized toward the school fund. The writer and her husband rode on horseback in a blinding snowstorm down a narrow, steep mountain trail to attend, and enjoyed the novel experience immensely, as heretofore she has never attempted the trip during a storm. However, we were comfortable. I wore an old quilt piece out of woolen "patches," making a very effective habit and keeping the cold wind from the feet and body; it certainly would have taken the prize at a street fair, had it been paraded in the daytime, but the wearer was having a delightful time, and after dancing all night, (with a lot of good things to eat, such as chicken, candy-decorated, six-layer cakes, pies, with hot Java to keep them company, sandwiched in about 12 o'clock) we returned home without a storm of any kind, and did not mar the trail any, but left it just as we found it.

George Courtney, road supervisor, with the assistance of Ed Wilcox, Charles Williams, Mr. Eggleston, Mr. Harroldson and James Downing, is broadening the trail leading down the mountain to Troy, so that it will better accommodate wagons and sleighs. He is putting in a substantial bridge in a badly needed place, and intends to make the road safe as well as passable. Those assisting him are volunteers and doing extra road work. The writer sincerely hopes that others will follow their example, as good roads will well repay them for their work in the near future. Everyone ought to be interested in the work as all have to use the same trail and roads.

Mrs. Peterson entertained Mr. and Mrs. James Downing at her home one evening last week. After playing high five until rather a late hour and eating beautifully popped corn whenever there was time, the hostess served a tempting lunch with fragrant hot Java to warm her visitors for their cold ride home.

Mr. and Mrs. Charles Williams of Elk Horn springs ranch, visited Mr. and Mrs. Downing at their Wild Rose Home farm Sunday. Time flew

too fast for all concerned, as dusk reminded them that cows were waiting to be milked, and horses and other stock to be fed.

Thursday, December 17, Mr. Peterson, Frank and Ansel Peterson and Mr. and Mrs. Charles Williams spent a pleasant evening playing cribbage and high five at the Wild Rose Home farm. A light lunch and coffee were served. In coming down the inclined path near the house, Mrs. Williams had a little fun all her own. I suppose she was thinking of "Slide, Kelly, Slide," for she took a slide, and seemed to enjoy it, for she laughed heartily about it. The path is still

Ship Fine Drove Day Ridge Porkers

Warnock and Dorse's Hogs Average 252 Pounds—Lull In Stock Shipments.

S. B. Warnock and H. W. Dorse of Day Ridge brought out a drove of 41 hogs the first of the week, sold to Frank Graham. They were certainly a nice bunch of porkers, and averaged 252 pounds. Warnock and Dorse received 5 1/4 cents a pound for them, but at that don't reckon they made a fortune after feeding 75 cent wheat. J. J. Chapman helped out with the drive. They were a week on the road.

Frank Graham shipped two cars of hogs and one of cattle from Enterprise, Monday. This about cleans up the shipments until after the holidays.

Ship Ton of Turkeys.
M. E. Hotchkiss shipped from Enterprise to La Grande Saturday, 184 live turkeys, weighing 2,200 pounds. He paid 12 cents a pound. S. F. Pace sold him 47 for \$79.80. Three old hens raised 30 of the 47, or \$51 worth of turkeys. Not a bad showing for three hens.

CHURCH SERVICES.

Rev. Selden C. Adams will preach Sunday afternoon at 3 o'clock at Hurricane Creek.

The Christmas service at the Presbyterian church Sunday evening was enjoyed by a large congregation. The music by the choir was excellent, and "The Story of the Other Wise Man," by Van Dyke, was finely given by the pastor, Rev. S. C. Adams.

WEDDING BELLS.

In a very pretty home wedding, Wednesday, Miss Jennie Johnson, daughter of Mr. and Mrs. Jack Johnson of Innaha, was married to Mr. John L. Johnson, a prosperous young stockman. Rev. Selden C. Adams of Enterprise officiated, using the impressive new Presbyterian ring ceremony.

The young couple are very popular and have a host of friends who rejoice in the uniting of two old pioneer families, and will wish them a long life of married happiness.

Mr. W. D. McCully, assistant cashier of a Joseph bank, was married at La Grande Thursday evening to Miss Martha L. Coboon, at the home of the bride's mother. After a wedding trip to Portland, they will make their home in Joseph.

ELECT DIRECTORS OF WAREHOUSE CO.

STRONG BOARD IS CHOSEN BY WOOLGROWERS AT ORGANIZATION MEETING.

At the organization meeting of the Warehouse company, held in Enterprise Saturday afternoon, the following board of directors was elected: J. H. Dobbin, Peter Baudan, Thomas Morgan, R. F. Stubblefield, and W. H. Graves. Hon. J. H. Dobbin was chosen chairman of the board, but the other officers will be named at the first regular meeting of the board to be held the first Monday in January.

All the stockholders were present or represented, and a feeling of enthusiasm for the project was manifested. The woolgrowers want their own warehouse and are pleased at the support and co-operation given by Enterprise business men.

By laws were adopted and the annual stockholders meeting fixed for the first Monday in January.

Three materials for construction of the walls of the warehouse are being considered: Hard rock, soft rock and reinforced concrete. A choice will be made as soon as the relative costs are ascertained, and preparations begun for getting the material on the ground, so as to commence work as early as possible. The fireproof building will be completed in time to store next year's wool crop.

Evidences of business are encouraging. Two car loads of sugar are now consigned to the temporary warehouse where it will be wholesaled to the merchants.

FOOTBALL GAME ENDS IN TIE SCORE, 0 TO 0.

Two lightweight teams representing Joseph and Enterprise contested a fiercely fought game of football at Joseph Sunday, neither side being able to score. Following was the line-up:
