OF BENEFIT TO ALL

Kasparilla is the name of a new remedy most successfully prescribed for a "world of troubles." For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value.

To Remove Odor of Fish

"Put a teaspoonful of mustard in the dish in which fish has been cooked, partly fill with warm water, and let stand for a few minutes," says Woman's Home Companion for January. "Scrape and rinse, and no odor will remain. If the hands are first rinsed in a little mustard water, and then washed, the disagreeable odor that remains from washing dishes in which fish have been cooked will at once disappear."

Came Near Choking to Death.

A little boy, the son of Chris. D. Peterson, a well known resident of the village of Jacksonville, Iowa, had a sudden and violent attack of croup. Much thick stringy phlegm came up after giving Chamberlain's Cough Remedy. Mr. Peterson says: "I think he would have choked to death had we not given him this remedy."
