W.L. DOUGLAS \$3.00 SHOES \$3.50
The Reason I Make and Sell More Men's \$3.00 & \$3.50 Shoes Than Any Other Manufacturer is because I give the wearer the benefit of the most complete organization of trained experts and skilled shoemakers in the country.
The selection of the leather, for each part of the shoe, and every detail of the making in every department is looked after by the best shoemakers in the shoe industry. If I could show you how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape, fit better, and wear longer than any other make.
My Method of Tanning the Soles makes them More Flexible and Longer Wearing than any others.
Shoes for Every Member of the Family, Men, Boys, Women, All Ages and Children.
For sale by shoe dealers everywhere.
CAUTION! None genuine without W. L. Douglas name and price stamped on bottom. Fast Color Synthetic Varnish Exclusively. Catalog mailed free.
W. L. DOUGLAS, 167 Park St., Brockton, Mass.

Good Blood

Means good health, and Hood's Sarsaparilla has an unapproached record as a blood-purifier. It effects its wonderful cures, not simply because it contains sarsaparilla but because it combines the utmost remedial values of more than 20 different ingredients. There is no real substitute for it. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit. Get Hood's Sarsaparilla today. In usual liquid form or in chocolate tablets known as Sarsatabs.

Great Britain imports annually from New Zealand over 90,000,000 rabbits.
Only One "BROMO QUININE" That is LAXATIVE BROMO QUININE. Look for the signature of E. W. GROVE. Used the world over to Cure a Cold in One Day. 25c.
The eggs of the Algerian locust yield a rich oil, which burns well.
Sore throat leads to Tonsillitis, Quinsy and Diphtheria. Hamlin's Wizard Oil used as a gargle upon the first symptoms of a sore throat will invariably prevent all three of these dread diseases.
Stem-winding watches were the invention of Noel in 1851.

To Enjoy

the full confidence of the Well-Informed of the World and the Commendation of the most eminent physicians it was essential that the component parts of Syrup of Figs and Elixir of Senna should be known to and approved by them; therefore, the California Fig Syrup Co. publishes a full statement with every package. The perfect purity and uniformity of product, which they demand in a laxative remedy of an ethical character, are assured by the Company's original method of manufacture known to the Company only.
The figs of California are used in the production of Syrup of Figs and Elixir of Senna to promote the pleasant taste, but the medicinal principles are obtained from plants known to act most beneficially.
To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

OREGON STATE ITEMS OF INTEREST

WATER USERS KEEP FAITH.

Will Comply With Government Contract Concerning Payments.
Klamath Falls—At a meeting of the directors of the Klamath Water Users' association a resolution was adopted notifying the secretary of the interior that, so far as is in their power, they will comply with the contract made with the reclamation service as to the payment of the cost of the first unit of the Klamath project as announced by the secretary.
It is thought that letters lately received by the department from the directors have led to the belief that the water users meant to repudiate their contract as to this payment, hence work was suspended on the project outside of the first unit. It is believed that this decisive action on the part of the directors will lead to the prompt resumption of work on the plant outlined for this year's work.

Settlers Flock to Lakeview.

Lakeview—The Oregon Valley Land company is now spending hundreds of thousands of dollars in the vicinity of Lakeview in a huge colonizing scheme. The plan comprises the utilization of 330,000 acres of the Military Road grant lands in farms of 10 to 1,000 acres, the contracts for the greater number of which are already closed. Immigrants are arriving daily and thousands of homeseekers are looked for the forthcoming spring and summer. An Ohio company contemplates the installation of a sugar factory that will insure the investment of \$1,000,000. Several railroad surveys are completed and two railroad lines are projected.

McArthur to Be Secretary.

Salem—Secretary of State Frank Benson has confirmed the appointment of C. N. McArthur as his private secretary to serve during the time Mr. Benson will act as governor. McArthur, who was speaker of the house during the recent legislative session, has been at the capitol for the past few days assisting the house clerks in arranging the house journal. Others who are working on the legislative records are Chief Clerk Fred Drager, of the house, Calendar Clerk John Latourette, and Journal Clerk George Neuner. It will take another two weeks to straighten out the tangles. The law allows 20 days for the work.

Elgin Excited Over Gold.

Elgin—Elgin is excited over the discovery of gold about four miles from town. Some sand taken from the well of W. W. Sion was assayed at Baker City and it showed \$45 a ton in gold. This well was dug 10 or 12 years ago, and the presence of gold was not known. Thirty years ago gold was found in the vicinity of Missouri hollow, but did not prove a paying assay. It is now thought that the entire strata of sand covering that valley runs rich with gold.

Error Appears in Port Bill.

Salem—The Bean port bill, providing for the establishment of ports similar to the Port of Portland, has a sort of double shuffle provision relative to the operation of tugboat service by such ports when they are organized. As the bill was introduced it provided that the ports would have the power to "establish, maintain and operate" tugboats. As the bill was enrolled it provided that the ports had the right to "abolish, maintain and operate" such a service.

Squatters Are Favored.

La Grande—Last summer a number of La Grande and Portland parties filed timber claims on land in Wallowa county upon which squatters had settled and made improvements. Contests were immediately filed by the squatters, and they have won the first round of the battle through a decision given out from the local land office in the contest of Finley M. Newton against the filing of Guy Byrkit, of this city.

Head Office Remains Here.

Portland—Captain C. F. Pond, inspector, has received advices from Washington that the inspector's headquarters will remain in Portland. An effort was made to have the office removed to Bellingham, Puget sound, but after giving the matter of removal full consideration, the lighthouse board at Washington decided to make no change. Both Captain Pond and Major McIndoe, of the engineers' service, advised against the change.

Peach Trees at Echo Frozen.

Echo—Many peach trees on Butter creek are frozen. William Watterberg, one of the extensive farmers in that neighborhood, reports that his splendid peach orchard will have to be chopped down. Mr. Watterberg made a small fortune off the orchard last year.

Chamberlain Appoints Boards.

Salem—Governor Chamberlain has reappointed R. R. Wallace a member of the state board of barbed examiners; Drs. E. B. Pickel, W. B. Morse and E. A. Pierce members of the state board of health.

Rainfall Gladdens Farmers.

Pendleton—With the normal amount of rainfall for this season of the year received and with other conditions favorable the farmers of Umatilla county are contented. The prospects for heavy yields were never better.

EXTRA SESSION NECESSARY.

Blunder Kills Bill Appropriating Money for State Institutions

Salem—A special session of the Oregon legislature will be necessary, or senate bill No. 254, a bill appropriating \$350,000 for improvements at state institutions will fail to become a law. Owing to irregularities the bill was not legally passed, and is invalid. The special session, if called, will merely pass the bill in the form in which it was intended to be passed by the session just closed.
No special session has been called and none will be unless 20 members of the senate and 40 members of the house signify their willingness to come to Salem for a special session without expense to the state. This decision was reached at a conference between Governor Chamberlain, President Bowerman, Speaker McArthur and Senator Kay. Senator Kay has undertaken to get the members to agree to come and believes he can do so.

Few Changes in Election Laws.

Salem—The election and registration laws were little tampered with by the legislature. Many changes were proposed, but practically the only ones enacted into law were those authorizing the registration of voters while they are outside the state and an amendment to the registration law providing that the postoffice address of the voter shall be noted. Under the Nottingham bill it will be possible for Oregon's senators and congressmen to forward their registration cards from Washington and have their names entered without traveling across the continent, and all of those temporarily absent from the state can register by absent treatment, provided they are well enough known where they must secure the necessary affidavits.

College for Pendleton.

Pendleton—This city is to be the home of a junior college, if the present plans of the board of trustees of the Pendleton Academy materialize. In addition to extending the course of study so that students can be carried through the first two years of a regular college course it is planned to increase the endowment fund to \$100,000. Pendleton academy is a Presbyterian school and is the only one which the denomination is attempting to maintain in this part of the state.

New Tax Commissioners.

Salem—At a meeting of the tax board, including Governor Chamberlain, Secretary of State Benson and State Treasurer Steele, C. V. Galloway, of McMinnville and J. B. Eaton, of La Grande, were appointed tax commissioners to serve with the secretary of state, the state treasurer and the governor, the latter three as ex-officio members, on the new tax commission provided by a bill which passed the legislature early in the session.

Dredge Fills Low Lands.

Marshfield—The dredger Oregon, which is being operated in Coos bay, is doing good work. The dredgings are being used to fill the low places in the city. A portion of Front street, which was before simply a plank bridge, has been filled in and a large tract of land along the street in the north part of the city, which was formerly covered by the tide water, has been brought to grade.

35 Horses Bought.

North Powder—Twenty-eight horses at \$100 each, the second lot bought here by Case E. Prescott and H. Bidwell; and seven more, purchased by C. Todd of Pendleton, at \$100 to \$212.50, all up to the requirement for United States cavalry service, were accepted and by the inspectors and shipped a few days ago.

PORTLAND MARKETS.

Wheat—Bluestem, \$1.16; club, \$1.03 @1.04; red Russian, \$1@1.01; valley, \$1.03.
