CHEMICAL ENGINE PROVES ITS WORTH

Fire caused by a defective flue over the kitchen in the home of W. R. Holmes, Thursday morning, had a good start when first seen by Mrs. Holmes, burning through the ceiling. It looked impossible to save the house by the time the alarm was given and the hose cart and chemical arrived, but the city chemical and a large hand chemical of Ratcliff's soon smothered the flames. Hose connected with the nearest hydrant failed to reach the house, and a bucket brigade was formed, but would have been of no avail but for the chemical engine.

There was considerable damage done by the flames, less than \$200 worth, and no insurance. All the furniture was carried out into the yard and was but slightly damaged.

Mr. and Mrs. Holmes and family are thankful to the volunteer firemen whose work saved their dwelling and to all who assisted in carrying out the furniture.

Good Cough Medicine for Children.
The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children, and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by Burnaugh & Mayfield.
