

# Get Rid of Spring Humors

Impure or effete matters accumulated in the blood during the winter cause in the spring such disagreeing and painful troubles as boils, pimples, and other eruptions, also weakness, loss of appetite, that tired feeling.

The best medicine to take is Hood's Sarsaparilla, which thoroughly cleanses the blood, and effects permanent cures by giving healthy functional activity to the stomach, liver, kidneys, bowels and skin.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today, in the usual liquid form or in the chocolate tablets known as Sarsatabs. 100 Doses One Dollar.

# ONE GREAT TRUST.

Harriman Would Put Every Railroad Under One Head.

Denver, March 31.—If E. H. Harriman could have his way, he would bring all the railroads in America into one giant combination, under one head, and begin immediately the expenditure of \$250,000,000 or \$300,000,000 in improving the weaker roads, both physically and financially. In this way he says he believes he could do the greatest good to the government, the people of the United States generally, to the shippers individually and finally to the owners of railroad stock.

Mr. Harriman spent two hours in Denver today as the guest of the chamber of commerce, then departed on his eastward journey.

"If we could, we would throw our cloak over the weaker lines throughout the country and begin immediately the expenditure of between \$250,000,000 and \$300,000,000 to improve them," said Mr. Harriman in an informal talk at the chamber of commerce. "It ought to be done immediately and I think I can qualify as an expert on these matters. This should be done openly and under some sort of government supervision. But we would all be put in prison if we tried it."

# STRIKE THREATENS C. P. R.

Twelve Thousand Machinists Deadlocked on Negotiations.

Winnipeg, Man., March 31.—Alarming reports are current here that another big strike of machinists on the Canadian Pacific railway is imminent. The company, it is alleged, refuses to negotiate jointly with the men on the Eastern and Western systems, and as that is strongly favored by the men, a deadlock has been reached in the negotiations. Last night more delegates arrived from far Eastern and Western points and Grant Hall, head of the mechanical department in the West for the company, who was summoned to Montreal a few days ago, wired last night in very discouraging terms.

The present schedule expires in a few days and a new one must be at once agreed upon. If the men strike this time they will have the backing of the American Federation of Labor, with whom they affiliated this winter, and will be in a better position to secure funds to fight the company. Some 12,000 men will be involved from Moncton, N. B., to Vancouver, B. C.

# SERBIA EATS CROW.

Accepts in Full Demands of Powers on Balkan Trouble.

Belgrade, March 31.—The formula agreed upon by the powers of Europe and Austria-Hungary for settling the dispute between the dual monarchy and Serbia was accepted by the Servian government today. The formula was presented at the foreign office by the British, French, German, Russian and Italian ministers, and Sreva, through her minister in Vienna, will deliver to the Austrian government tomorrow a note to the following effect:

"First, Serbia declares that her rights have not been violated by the annexation by Austria-Hungary of Bosnia and Herzegovina, and accepts the powers' decision to annul paragraph 65 of the treaty of Berlin.

"Second, Serbia will not protest against the annexation of Bosnia and Herzegovina.

"Third, Serbia will return her military forces to normal conditions by discharging the reservists and volunteers and will not permit the formation of irregular troops or bands."

This note has been prepared at the suggestion of the powers and will be sent with the object of terminating all misunderstanding between Austria-Hungary and Serbia.

# Indian Leader Captured.

Guthrie, Okla., March 31.—Crazy Snake has been captured. He is being held under heavy guard at Thompson's farm, west of Checotah. This was confirmed by telephone message from Checotah at 1:30 this morning. He will be taken to jail in Muskogee at daybreak. Crazy Snake is badly wounded in the thigh. Nine prisoners were taken to Muskogee tonight and placed in jail there, and seven to Checotah. Frank Coker, a Seminole, has been arrested charged with the killing of Marshal Baum and Deputy Odum.

# Cruisers Get Tangled Up.

Mare Island Navy Yard, March 31.—The cruisers Raleigh and Cincinnati sustained some damage today in Mare Island channel. The vessels had been moored abreast of each other and while the navy yard tug was attempting to move them, the propeller of one of the cruisers caught in the shaft of the other, causing a leak. The leak has been closed temporarily and a diver will be sent down to ascertain the extent of the damage.

# Irish Very Land Hungry.

London, March 31.—Chief Secretary for Ireland Birrell re-introduced the Irish land bill in the house of commons today. The bill is in exactly the same form as when it was introduced last session. The chief secretary said again that it would require an expenditure of \$915,000,000, at least, to satisfy the land hunger of the Irish and of this total parliament had still to provide \$775,000,000.

# Buried in Mexican Mine.

El Paso, Tex., March 31.—Thirty-eight Mexican miners are entombed in the coal mine at Minor, Mexico, operated by the Cosuhila Mining company, as the result of an explosion last night caused by firedamp. It is probable that all are dead.

"I was troubled with cramps in the stomach for six years. I tried many kinds of medicine, also was treated by three doctors.

"They said that I had nervous dyspepsia. I took the medicine for two years, then I got sick again and gave up all hopes of getting cured.

"I saw a testimonial of a man whose case was similar to mine, being cured by Peruna, so I bought it and gave it a trial. I procured a bottle at once, and commenced taking it.

"I have taken nineteen bottles, and am entirely cured. I believe Peruna is all that is claimed for it."—Mrs. J. C. Jamison, 81 Marchant St., Watonsville, Cal.

# PRESIDENT TAFT'S WHITE STEAMER

President Taft and His Family in Their White Steamer

When the announcement was made several months ago that Mr. Taft would use an automobile during his term as president, much rivalry developed among the leading manufacturers for the honor of selling him a car and the public watched with interest to see what Mr. Taft's choice would be. The knowing ones predicted that the White Steamer would be selected and they pointed out that President Roosevelt had used White Steamers for two years at his summer home at Oyster Bay and had recommended this make to Mr. Taft as the most desirable.

This prediction proved correct, although Mr. Taft did not rely solely on Mr. Roosevelt's recommendation but, with his usual thoroughness, determined to have an investigation made of all the principal makes. Accordingly, he asked several officers of the War department to look into the matter for him and they tested many makes of cars, visited a number of factories so that they might see what materials were used and, finally, they investigated the records of the different types of cars in public contests and in private services.

When their labors were completed, the officials reported unanimously to Mr. Taft in favor of the White, and, accordingly, a car of this make was immediately ordered from the manufacturers, The White Company of Cleveland.

The new car was delivered to Mr. Taft in Washington a few days before his inauguration and since that time it has been in almost constant use. There has not been a day when the president or some members of his family have not been seen riding around the national capital in the new car. It is hinted that Mr. Taft likes fast traveling and that when he rides out into the open country, he does not always insist that the speed of the car be kept within the legal limits.

C. A. Hawkins, manager of the Pacific coast branch of The White Company, 1470 Market street, San Francisco, said recently to a correspondent of this paper: "We are receiving many inquiries each day asking for full details regarding the construction of Mr. Taft's car and in reply we are sending copies of our catalog. Mr. Taft's car is exactly like any other Model 'M' 40 horsepower White Steam-

er except that his car has the United States coat of arms painted on either door. In other words, when we make a car for the president of the United States there is no way in which we can make it any better than the car which you, or anybody else, can purchase from us.

"Some of those writing to me about Mr. Taft's car say that although they are very desirous of having a car like Mr. Taft's, they are afraid that such a car is somewhat larger and more expensive than they desire. In reply to these letters I point out that our Model 'O' 20 horsepower car is exactly like our 40 horsepower model, except as regards the size of the different parts. The principle of construction is exactly the same and the smaller car possesses all the desirable qualities of our larger model. In other words, I point out that they can secure an exact duplicate of Mr. Taft's car for \$4,000, or a car of the same qualities but of smaller dimensions for only \$2,000. Judging by the demand for White cars, a good proportion of those desiring to purchase automobiles are quite content to trust President Taft's judgment as to the best and most desirable make."

Do You Hear Well?

The Stolz Electrophone—A New, Scientific and Practical Invention for Those Who Are Deaf or Partially Deaf—May Now Be Tested in Your Own Home

Deaf or partially deaf people may now make a month's trial of the Stolz Electrophone at home. This is unusually important news for the deaf, for by this plan the final selection of the one completely satisfactory hearing aid is made in the most intelligent and inexpensive way.

The Stolz Electrophone (U. S. Patent No. 20,527) renders unnecessary such unsightly, clumsy and frequently harmful devices as trumpets, horns, tubes, gongs, drums, fans, etc. It is a tiny electric telephone that fits on the ear, and which, the instant it is applied, magnifies the sound waves as much as a trumpet, such as to cause an astonishing increase in the clearness of all sounds. It overcomes the buzzing and roaring ear noises, and also so constantly and electrically exercises the vital parts of the ear that, usually, the natural, unaided hearing faculty is gradually restored.

Stolz Electrophone Co., 1800 Stewart Ave., Chicago
