Engineer Brandon has moved all five gangs of men, numbering in all 220, to this side of Lostine and will complete the work through to Joseph within six weeks.

There is no official authority for the rumor that a passenger service will be started on May 24, although the track is in condition for fast time so a train could easily make the round trip in a day.

Timber Entryman Victor In Appeal

General Land Office Affirms Decision of Register Bramwell—is Precedent.

A decision important not only within itself but because it establishes a precedent for the decision of a large number of cases of a similar nature was received yesterday at the local land office from the general office, says the La Grande Star of May 11. The decision was an affirmation of the one written by Register Bramwell some months ago in the case of F. Metzler vs. Alton H. O'Brien, involving the character of certain lands near Wallowa taken under the timber and stone act.

Mills To Utilize Troy Water Power

Little Salmon Will Be Harnessed—Settlers Coming Into Eden Country.

(Garden of Eden Correspondence by Mrs. Adah L. Downing, Wild Ros Home Farm). Troy, May 5.—Since my last letter Old Dame Nature has been so erratic in her climatic demonstration that we did not recognize the Garden of Eden, but thought we might have wandered a part of the way to the other place, but hope that we are where we belong according to our good deeds and especially good opinion of ourselves; Old Dame Nature has only been trying us, and will yet smile her brightest upon us. In spite of the climatic freaks, strangers are coming to Troy and vicinity looking for homes and chances to speculate. Quite a few farms have changed owners. It is told that the George Peyton's place at the head of the trail leading to Troy, has been sold to Mr. Knight. A Mr. Davis has secured a home on the Little Salmon, a few miles above Troy. The writer has been assured by a gentleman (a stool holder) that a saw mill as well as a grist mill will be located, in the near future, right at the junction of the Little Salmon and the Grand Ronde river at Troy, and will utilize a part of that immense water power to run the two mills and will build a big flume many miles long and the power will be carried by wires to inner parts of Wallowa county, for factories, and even for an electric car line when the time is propitious for the building of the much needed transportation to a good market for our unexcelled fruit, vegetables, grain, stock, hogs and poultry. Troy can now phone any where, as the line is completed from Bartlett to Flora via Troy. Miss Wilma Courtney gave her mother a birthday surprise party which occurred on the second day of this month. About 23 adults and several little ones were present. As the lady was not aware of any special event, the friends all took something suitable, and some of the bachelors gave most appropriate presents, notwithstanding that Miss Wilma, when extending the invitations said "No presents," but they were pardoned by the rest, and allowed to have their share of the excellent picnic dinner served on the lawn, and on the cake and ice cream served later in the day. Croquet games were enjoyed by several present; music on the violin and guitar was inspiring and greatly appreciated. Miss Susie A. Dorse, of Day Ridge, and Miss Auline Davis of Troy, visited Mrs. Adah L. Downing recently; also visited Mrs. George Courtney. They were doubly welcome and the visit too short by half. Mrs. Gabriel of Bartlett visited Mr. and Mrs. Courtney, and was just in time for the surprise birthday party. Everybody was happy to see her genial countenance. The lady had also visited Mr. and Mrs. Ebert Richman in the Grouse country. Deputy Sheriff Charles E. Crow was at Joseph Wednesday night.
