FRIEND OF PRESIDENTS.

From Chicago Record-Herald. Senator Jonathan Bourne Jr. of Oregon is likely to pass into history as the friend of Presidents. He likes Presidents so well that he cannot bear to see one of them leave the White House. It was Bourne, it will be remembered, who most persistent-

ly kept the Roosevelt boom alive after Colonel Roosevelt had given the country to understand that he would not be a candidate. Bourne was the original "second elective term" man and he carried his flag right to the doors of the Chicago convention, waiting for the sensation that was to sweep the delegates off their feet and start the Roosevelt stampede.

One day prior to the convention Senator Bourne was at the White House. He was there every day, for that matter, but "one day" is an effective beginning for a story. Well on this "one day" a group of newspaper men happened to be there also, talking shop, and one of them was telling, apropos of rate regulation, how difficult it was to get the word "intrastate" over the wires and into print, because it was so much like "interstate." "I wish," said the senator sadly, butting into the conversation, "that the newspapers had the same difficulty with the word 'Taft.'" But now the second elective term is the golf companion of President Taft, and it is said would not be averse to being the Taft mouthpiece in the upper branch of Congress if the President desires such a functionary. He is a popular fellow, is Bourne, an energetic friend and the champion in loyalty to the "President what am."

Of Interest to Farmers and Mechanics.

Farmers and mechanics frequently meet with slight accidents and injuries which cause them much annoyance and loss of time. A cut or bruise may be cured in about one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This liniment is also valuable for sprains, soreness of the muscles and rheumatic pains. There is no danger of blood poisoning resulting from an injury when Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale by Burnaugh & Mayfield.
