SATURDAY, JUNE 19, 1909.

MIS-STATEMENT CORRECTED.
 Where did the Wallowa Sun get its information in regard to the rate hearing before the state commission in this city? Certainly not first hand or it would not have so brazenly mis-stated the case of the people. Even Railroad Attorney Spencer probably has more honor about him than to thus grossly mis-state his opponent's side.
 Enterprise did not ask that the rate to this city and Wallowa be made the same, and at the same time object to a blanket rate on wool. There is nothing in the complaint filed, which the Sun has free access to, or in the verbal hearing on which to base such an assertion. The Sun owes it to its readers, if not for the sake of truth itself, to make the correction.

No mis-statements can alter the truth of the situation. Enterprise asked for lower rates all along the branch. It asked also that wool be treated the same as other commodities. It is not a question of whether North End shipments come to Wallowa or Enterprise, for on account of the high rates on this branch the people out there go to Lewiston, if miles farther and over a worse road, when the road was first completed a few shipments for the North End came over this branch, but when the Wallowa representative at the hearing said, no more come as the Lewiston rates are so much lower.

Enterprise asks that the distance tariff be extended over the branch from Elgin that the people of the North Country, in common with the people of the rest of the county, may get their goods in the most convenient way. If that is done, Enterprise can easily take her chance for North End trade in competition with any other town. As disclosed at the hearing the cost of freight goods from Enterprise to Flora is lower than from any other town, and would more than make up the slight freight difference between Enterprise and Wallowa, probably four cents or less, with the distance tariff in effect.

JUDGE KNOWLES' REFORM.
 From the La Grande Observer.
 In the matter of grand juries Judge Knowles has adopted a system that will certainly meet the approbation of tax payers as well as litigants. The old way was upon the opening of the court to draw the grand jury and the first few days of court at criminal work was at a standstill. The district attorney was more than busy under the system of having the grand jury meet the week before court begins, relieves a lot of the high pressure and delay, which means expense. Again the grand jury can be recalled at any time between court sessions thus providing for further reduction in expenses when a prisoner desires to plead guilty and begin serving his sentence and not be compelled to wait weeks in the county jail waiting court to be in session.

Flora Camp is Famous.
 A motion picture concern at Petersburg, Va., wants to reproduce the Homesteader and Indian fight as put on by the Forester Team of the Flora Modern Woodmen camp, a fresco, at the 4th, of July celebration at Flora last year.

Foley's Honey and Tar is especially recommended for chronic throat and lung troubles and many sufferers from bronchitis, asthma and consumption have found comfort and relief, by using Foley's Honey and Tar. Burnaugh & Mayfield.

WHAT NORTH END SAYS.
 From the Flora Journal.
 "Get busy building or starting your own railroads, you Oregon towns. Use your own wings," says the Oregon Daily Journal. Hasn't some one said that providence aids those who help themselves? The Journal perhaps means that towns and localities should use their own wings for hatching possibilities. That's what Troy is doing—trying to interest capital in the proposed large power ditch. "Impracticable and impossible?" Yes, that's what it will be if she quietly settles down on a nest of rocks. The power is there if properly harnessed. Bring capital and brains together and what may not be accomplished. You are all right, Troy. Keep right on.

Everyone would be benefited by take Foley's Orino Laxative for constipation, stomach and liver trouble, as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative today? Burnaugh & Mayfield.

WANTED
 Sober, reliable workmen who wish to travel. Apply to Superintendent of Canvass. Also want to buy three more bad bucking horses; spot cash. Bring to show grounds day of exhibition.

FRATERNAL SOCIETY FIGHTING TUBERCULOSIS.
 Modern Woodmen Will Conduct Free Sanatorium for its Members.

At the last meeting of the executive council of the Modern Woodmen society, held at the headquarters of the society in Rock Island, Ill., it was decided to conduct that society's sanatorium, located at Colorado Springs, Colo., for the treatment of members afflicted with tuberculosis, free of all charge to members.

The Modern Woodmen society, several months since, acquired 1,350 acres of land within seven miles of Colorado Springs, and has established hereon an up-to-date sanatorium, the entire colony plan being employed. The first colony was opened for the reception of patients on Jan. 1, 1909. It is equipped to care for 60 patients, to which number admissions will be limited for the present.

The tents are octagonal structures, with shingle roofs, canvas sides, hard wood floors on solid cement foundations, heated by a central plant, equipped with all modern conveniences, such as telephone, etc., and each tent will accommodate one patient. An administration building for physicians, nurses, dining hall, baths of all kinds, etc., stands in the center of the colony.

Dr. J. E. White, formerly of the Nordrach ranch sanatorium, the medical director in charge, states that only those consumptive members who are curable, or whose lives may be prolonged for a considerable length of time, will be admitted as patients. The wisdom of this rule is apparent. Rigid medical examination as a condition precedent to admission will be insisted upon in every case, and special blank forms have been prepared for this purpose.

A movement is already under way to equip the second colony plant of 60 tents. Each tent or tent house, completely equipped, represents an expense of \$250, and a number of local camps, or lodges, of the Society have decided to donate tents. As there are over 13,000 local camps of Modern Woodmen, and over 1,000,000 members, it is anticipated that several colonies will soon be equipped in this way.

The members and local camps of the society have voluntarily contributed to the sanatorium fund over \$70,000, and at the last national convention a permanent tax of ten cents per member per year was voted to the support of this work. The last official Woodmen reports

A Thrilling Rescue.
 How Bert R. Lean, of Cheney, Wash was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs and Colds, Asthma, Croup and Whooping Cough its supreme. 50 cents and \$1.00. Trial bottle free. Guaranteed by Burnaugh & Mayfield.
