"I suppose you know, barber," said Percy, with a wink at the man in the other chair, "that the hair on a man's head grows at the rate of three-millionths of a yard in a second?"

"No, I never heard that before," said the barber, beating a tattoo on the strap with his razor; "but I know there's a spot on the back of your head where the hair wouldn't grow as much as that in a million years."

# RAILROAD NOW SURE

## Deschutes Right of Way Approved by Secretary Ballinger.

### PROVIDES JOINT USE OF TRACKS

#### Protest of Power Company Fails and Harriman Has Accepted Condition About Dam Site.

Washington, June 19.—Secretary Ballinger will not reconsider his recent decision dismissing the protest of the Deschutes Power & Development company against granting right of way up the Deschutes river to the proposed railroad. He today denied a motion for review of that decision, which motion was filed by the above-named company. Simultaneously he approved all remaining maps of location filed by E. H. Harriman's Deschutes Railroad company, as well as maps of the Oregon Trunk line, which also sought a right of way through the Deschutes canyon.

This action removes the last government obstacle in the way of construction of these two roads, it having previously been agreed by both companies to use the same right of way through narrow portions of the canyon which will not accommodate two tracks.

The secretary's action today put an end to all protest against railroad right of way by private parties, and, if they hereafter seek to interfere with railroad construction, they must do so through the Oregon courts.

The right of way contemplates construction at water grade. The railway company agreed to elevate the tracks if in the future it becomes necessary to do so to avoid interference with any irrigation work the government may build along this river. The railroad company has accepted this stipulation.

## CANADA TAKES POWER.

### Claims Right to Fix Rail Rates Across Boundary.

Ottawa, Ont., June 19.—The Canadian Railway commission ruled today that it had jurisdiction over the rates charged on through traffic originating in Canada and destined to a point in the United States, or originating in the United States and destined for Canada.

The ruling was made in the case of an application by the Dawson board of trade for an order declaring that rates charged by the White Pass & Yukon railway were too high. The railway carries traffic by boat to Skagway and by rail across part of Alaska to Dawson, traversing both American and Canadian territory. No decision on the rate question was rendered, but the railway was ordered to file a schedule of its through freight tariffs for approval or modification.

If the ruling is sustained on appeal, all through traffic across the United States and Canadian international boundary line will be under the jurisdiction of the Canadian railway commission.

## IN WARLIKE MOOD.

### Tokio Papers Make Most of Strike Difficulty in Hawaii.

Tokio, June 19.—Special dispatches from San Francisco to Japanese newspapers are so worded as to indicate that conditions obtaining in the Hawaiian islands, growing out of the Japanese sugar plantation strike, are extremely serious. They declare that the Japanese on the mainland, as well as those in the islands, are deeply incensed over the treatment accorded their countrymen by the Hawaiian planters, and they say that relations are strained almost to the breaking point.

The publication of these inflammatory dispatches is again arousing an anti-American feeling among the Japanese lower classes. The sensationalist papers are seizing the opportunity of commenting editorially in a manner calculated to increase this feeling of hostility.

## Thugs Make Odd Mistake.

Montgomery, Ala., June 19.—A second attempt was made late last night to do bodily harm to detectives of the Law and Order league, who have gathered evidence against dealers in soft drinks. The detectives arrived in the city last night from Nashville, where they were rushed after being attacked here last week. Last night a son of Deputy Sheriff Harry McCord was called away from the jail and severely beaten before the thugs realized their mistake. Deputy Sheriff McCord is in search of his son's assailants.

## Russians Fire on British.

Viborg, Finland, June 19.—The British steamer Wodburn was fired upon last night by a Russian torpedo boat near the island of Biorke, for approaching too close to the bay on the Finnish coast, where Emperor Nicholas and Emperor William met today. The projectiles from the torpedo boat pierced a steam pipe and one member of the crew of the British vessel was wounded. The incident shows the extreme nervousness for the safety of the czar.

## Russian Thugs Slay Six.

Kiev, Russia, June 19.—A band of armed men who visited today the estate of a local landholder and were refused a large sum of money, shot the landowner, his mother, three peasants and a servant. The bandits escaped.

# CANADA IS ANGERED.

## Retaliation in High Tariff Is Being Urged in Dominion.

Ottawa, Ont., June 15.—That the new American customs tariff when finally revised will further increase the tariff against Canada, is the representation made by many commercial bodies to the Dominion government.

Inquiries are also put as to what course the government is likely to pursue in the matter. In some quarters tariff retaliation is being urged and Ottawa authorities are beginning to give their attention to the situation which the Payne tariff is likely to create.

Lumber interests as well as pulp manufacturers and paper makers of the province of Quebec are jubilant over the announcement recently made by a provincial leader, Sir Lomer Gouin, that stumpage dues would be increased and that export of pulp wood from the province will be prohibited. This prohibition will only apply to timber cut on government lands.

Increases on oysters, hops and potatoes will not make much difference to Canada's trade. Canada is more interested in the coal, wheat and lumber duties. The opportunity afforded by the Payne tariff for reciprocity in coal is likely to be a live subject for discussion at the next session of the Canadian parliament.

The continuance of duties on wheat has led to the philosophic opinion that the United States will be chiefly affected at present, and in time to come will be compelled by home demand to lower the tariff bars, as Canada has the commodity and the American millers must have it.

## DE PAUL GOES HOME.

### Venezuelan Envoy at Paris Recalled in Disgrace.

Paris, June 15.—Jose J. de Paul, the special representative of Venezuela to Europe, received his recall by telegram from the Venezuelan government just as the protocol with France was concluded.

Senor Paul says that he was stupefied by the action of his government. "I cannot understand," he said, "how President Gomez could have allowed himself to be hoodwinked by the interference of some few groups."

These groups, he said, had accused him of high treason at the time of the downfall of President Castro, because as minister of foreign affairs he had notified the United States government through Senor Lorena, the Brazilian minister to Venezuela, that Venezuela desired to settle all difference with foreign powers and requested the American government to send a warship to Venezuelan waters. A similar notification was sent to Great Britain and Italy.

Senor Paul declared that the situation at the time was desperate; that the support of the army was uncertain and that many of Castro's friends and relatives were in high positions.

"It is less a conciliator than a man with an iron hand that Venezuela needs," he said.

"Nevertheless, in spite of my disgrace because I am conservative, I shall continue to give President Gomez my support in maintaining the regime I helped to establish."

## CHINESE COOLIES FOUND.

### Inspector Falls Among Band of Nine in Steamer's Hold.

Seattle, June 15.—Immigration officials, after picking up on the wharf a stray Chinese who admitted he came over as a stowaway on the Great Northern liner Minnesota, searched the vessel yesterday and discovered nine more smuggled coolies and a quantity of silk and cigars.

Inspector C. E. Keagey, who is a heavy man, stepped into the sail locker of the steamer and fell 20 feet through a hole in the floor, alighting squarely on top of nine naked Chinamen, whereupon they screamed in terror. Further investigation brought to light several leather sacks resembling government mail pouches filled with raw silk and a number of boxes of Manila cigars. The bags of silk are supposed to have been taken aboard with the mail sacks.

Three Chinese stowaways were captured on the British steamer Cymeric last month, and it is believed organized smuggling is in progress on Oriental steamers.

## Plan Buffalo Roundup.

Butte, June 16.—One of the most unique roundups in the history of the West will start tomorrow at Ronan, on the Flathead Indian reservation, in Western Montana, when the Pablo herd of buffaloes will be corralled and driven to the stockade at Ravilla. The animals will be loaded on specially constructed cars, a number of the finest specimens going to the Canadian National park. Others of the animals will be shipped to Western parks.

## Turkey in More Trouble.

London, June 15.—An Athens dispatch to a London news bureau says that advances from Uskup, European Turkey, report a fierce engagement at Djakovitch, in Northern Albania, between 10,000 Albanians and 12 battalions of Turkish troops. According to the dispatch, the Albanians were repulsed by the deadly fire of the Turkish artillery.

## Hunt Down Mutineers.

Manila, June 15.—Brigadier General Harry H. Bandholtz, chief of the Philippine constabulary, who is at present on a tour of inspection in the island of Jolo, will at once proceed to Davao, Mindanao island, the scene of the mutiny. The insular government is determined to make an example of the mutinous men.

# JAPS MAKE PROTEST

## Appeal to Mikado in Trouble With Hawaiian Officials.

### CLAIM TREATY RIGHTS VIOLATED

#### Tension Is High in Honolulu and Police Are Ordered to Sleep On Their Arms.

Honolulu, June 15.—M. Negoro, one of the editors of the Jiji, made formal complaint to the Japanese foreign office today that the territorial authorities invaded his rights as a Japanese subject under the treaty between Japan and the United States when High Sheriff William Henry raided the office of the Jiji and seized alleged incendiary documents; and is preparing to bring court proceedings against the territory for \$500,000 damages.

The alleged violation of his rights as a Japanese subject guaranteed under the treaty between the United States and Japan, he sets forth in his complaint, consists in the search of his office and the seizure of his private papers by the territorial authorities without due process of law. Territorial Sheriff William Henry admits that the search was made by force of arms, and without search warrants or process of law, but claims that the papers seized contained evidence of criminal purpose. However he declares the courts of the territory are open to Negoro for redress if he has been damaged.

While but slight disturbance of any kind has occurred so far, the city is full of striking Japanese, and the tension is so great that orders were issued this afternoon for the full force of police to sleep at the police station tonight, ready for any emergency.

An incident of the day that threatened a disturbance was the chasing of a carrier of an "extra" of the Japanese newspaper Shimpo, announcing the arrest of the editors. The paper from the start has been opposed to the strike and among the papers seized in the raid upon the office of the strike organs, were letters containing threats against the life of its editor.

Although the strikers have returned to work on the Ewa and Waiiala plantations it is not certain that they have abandoned the struggle. From the papers seized by Territorial Sheriff Henry it was seen that it was the original plans of the Japanese to return to work at intervals to earn enough money to maintain the strike and by this method of working and again striking to wear out the planters by the uncertainty and irregularity of plantation operations.

## RIFLE SHIPMENT FOUND.

### Mausers Packed as Pianos Destined for South America.

Norfolk, Va., June 15.—Packed in piano boxes and evidently ready for shipment, a quantity of rifles and ammunition, believed to be destined for Venezuelan revolutionists, was discovered at Franklin today.

The rifles are said to be a part of a consignment of 15,000 Mauser weapons shipped from New York to St. Louis and back to Franklin, billed as pianos, and packed to weather the trip to South America. The filibuster suspect steamer Nanticoke was lying near Franklin and in the black water below the steamer was her consort, the tug Dispatch.

The revenue cutter Pimlico is blockading the two suspects, and it is not believed that either could pass her even in the darkness. Orders have been issued from Washington to seize the vessels in case either should lift anchor. The Nanticoke is not built for deep sea navigation, but the dispatch could navigate far off shore and the officers in charge of the situation believe the plan of the filibusters was to transport the arms to another steamer at sea.

## Arkansas Seizes Capitol.

Little Rock, Ark., June 15.—Governor Donaghey and two members of the state commission today formally took possession of the uncompleted capitol building, after breaking through a door which had been locked by the contractors, Caldwell & Drake, whom the legislature ordered discharged. The building, which has cost nearly \$1,000,000 already, and which engineers say is only about half completed, has caused political contention for years. The legislators have been charged in the courts with grafting.

## Girl Leads Rescue Party.

Vancouver, B. C., June 15.—Urged on by thoughts that a brother mountaineer, Ralph Jennings, lay at the bottom of a drop in the mountains suffering with a fractured leg, Miss Baynes, teacher in a local school, started out at 4 o'clock yesterday morning over a rough mountain trail in search of assistance. Arriving at the Capilano hotel after six hours of travel, she organized a search party and led them to the wounded man.

## Rescued Japs Travel Far.

San Francisco, June 15.—The British steamer Winnebago arrived last night from Shanghai bringing five Japanese, three men and two boys, who were picked up off the east coast of Japan, May 29. The Japanese were sighted 200 miles off the coast in a dismantled sampan. They will be turned over to the Japanese consul to be returned to their own country.
