Friday's Game.
It was a runaway match Friday, Cove's crack pitcher, Smith, was driven from the box in the seventh inning under a perfect fusillade of hits. The heavy firing continued on Mires and when the smoke of battle cleared the total for Enterprise was 12 to 4 for Cove. The team fielded well and ran bases like deer, Savage and Bauer excelling.

Allen, the visitor's captain and third baseman, was compelled to retire in the seventh inning owing to a split finger, Walters going to third and E. Mires to left. It would take too long to tell how all the scores were made. Following is the score:

Old-Fashioned Game of Soak.

The Elgin team or a part of it, reinforced by Cove's two best batters, stopper off here Monday and attempted to play a game with the locals. It could hardly be called a ball game, but was more like the boyhood game of 40 years ago called town ball. The visitor's pitcher was so easy that both team relaxed and an afternoon of slugging and errors enjoyed both by players and spectators. It would be cruelty to give the detailed score. Suffice to say Elgin by persistent effort accumulated 16 errors, 14 stolen bases, 8 hits off Conaway and scored 10 runs. Enterprise was not far behind in bad playing, making 15 errors getting but seven stolen bases but bumping the high-priced league pitcher for 18 hits including four two baggers, and massing up the big total of 18 runs.

Base Ball Notes.

Enterprise has now won 6 out of 7 games from teams in the Eastern Oregon league, 2 each from Union, Cove and Elgin.

The locals go out to Union county and play 2 games at Union and 2 at Cove.

The ball Friday night was a grand success. The Cove boys certainly appreciated their treatment in here and went away praising the town and people.

ped with wireless telegraphy apparatus passing through the state was brought to Portland during the past week by the California Promotion committee, carrying an excursion of 100 prominent business men of California. The visitors were entertained by the Commercial club with a ride about the city and dinner at the club. Speeches were made by the Californians and the friendly sentiments expressed were responded to by Portland business men. The visit of the excursionists resulted in creating a closer common interest between the two sections of the Pacific Coast.

FARTHER IT IS SENT CHEAPER ARE CHARGES

Mr. Fischer paid the freight from Elgin to Enterprise, a distance of 57 miles, the charge being \$1.61.

CLIPPED THE TAIL OFF.

The Wallowa Sun says it does not wish to argue the matter of the Rose Festival Queen contest, and then goes on to bolster up its previous mis-statements by making another in the form of a part quotation from this paper of June 5.

We do not wish to argue the matter either, but when this paper is misrepresented, the truth is going to be told. The quotation from this paper given in the Sun was: "Every vote polled was bought by Enterprise people, none of the other towns being willing to put up a cent to advertise the county."

That quotation is incorrect. The period after county was put there by the Sun. It did not appear in this paper, and the qualifying words "in this manner," were left off by the Sun purposely to bolster up its argument. Add those words, and the Sun has already admitted the sentence is true as far as its town is concerned.
