

Mr. Renter, Why Pay For Someone Else's Home?

When you pay rent you pay for a house and when you get it all paid for, your landlord still owns it. When you pay monthly installments on a house and lot that you bought of us, when it is paid for, **YOU OWN IT.**

See the Difference?

Scores of Residences Under Contract to be Built this Fall

Besides the score of houses already built this year and the many now building, there are a score to be erected this fall. **Is one of them Yours?**

If not, why not? You can have one if you want it. If you have just a little money we will sell you a lot and build you a house to suit you and you can pay the balance monthly—just like rent—**only you are paying for your own home.**

Mr. Ranchman or Stockman:

You will want to live in Enterprise this winter that your children may attend school, yet live at home. Why not let us build you a house? You can rent it during the summer. It is a good investment. **Our lots in Alcer View and Boyd's Addition have the advantage of location, soil and good neighborhood. Let us show them to you.**
