TWO MORE LARGE REAL ESTATE DEALS

D. W. SHEAHAN BUYS FRANK WRIGHT RANCH—GRAVES PLACE SELLS FOR \$9600.

D. W. Sheahan, the well known attorney of this city, has bought the Frank Wright place of 760 acres on Trout creek 10 miles north of Enterprise for \$11,400, or \$15 an acre. This property is a fine timothy and stock ranch, with fair improvements and is well watered. The deal was completed Thursday by the Enterprise Real Estate company. The same firm completed the sale Saturday morning of the W. H. Graves irrigated valley ranch of 160 acres, five miles south of this city, to J. C. Lodon of Joseph for \$9600 cash, or \$60 an acre. There are extra good improvements on the Graves place.

M. S. VAN PELT INJURED.
Mrs. V. Van Pelt and daughter, who have been organizing Artisan lodges in the valley, have temporarily stopped work on account of Mrs. Van Pelt's accident last week. She and Mrs. Edman were driving Joseph to come to Enterprise when the horse ran away and upset the buggy on a high bank. Mrs. Van Pelt's arm was broken close to the shoulder, her right leg was fractured and she received other injuries. She is at present in Joseph but will be brought here as soon as she is well enough to be moved. It is her intention to resume her lodge work as soon as she recovers.

An Artisan lodge, organized by Mrs. Van Pelt and daughter, was instituted at Joseph, Thursday night.

Dr. F. E. Moore.
Dr. Moore, the osteopathic physician who has come to this city, is president of the American Osteopathic association, the national organization of the osteopathic profession, that has 2,000 members. He presided at the anniversary convention held at Kings Hill, Mo., in August, 1908, when on the birthday of

Dr. Doctor Still, the founder of the science of osteopathy, 5000 people filled the big Chautauqua tent. Dr. Moore is also president of the Oregon Osteopathic association and he is now serving a five year membership on the Oregon Board of Medical Examiners, which consists of five medical doctors and one osteopathic doctor. He practiced seven and one half years in La Grande. Mrs. Moore also is a highly qualified osteopathic physician and will devote her time largely to the practice in Walla.

The Tattler Tells of Chico Doings

More New Settlers Take Claims—Person in School and Local Notes.

Chico, Sept. 21.—Laz Wright is making preparations to move here soon as the machine is in repair.

School is progressing nicely with large attendance and Miss Weaver as teacher.

Calvin Smith's children ride from Joseph Creek to attend school until cold weather. Will move to Chico for winter.

New family by name of Cunningham have moved down Joseph Creek on the Van field claim.

J. K. Elgmand for the last two weeks has been improving the looks of the Chico school house. Parents who have children should lend a hand to help the good cause along.

Miss Alta and Stella Elgmand, after visiting their parents here returned the latter to Joseph and Miss Alta to Wallowa where she takes position as clerk in one of the stores.

Tom Jacobs of Joseph Creek has moved up to the suburbs of Chico to read his hillside to school.

Mrs. Ella Laugherty and children, also her parents, Mr. and Mrs. Cates, spent last week at the river.

The dance at Fines hall Friday night was quite a success with good crowd in attendance. Will Alford and R. C. Elgmand were the orchestra.

R. C. Elgmand, mother and aunt spent a few days at the river getting fall fruit.

Tom to wife of Frank Greenwood a daughter, Sept. 12th.

N. C. SURVEYING UP MILL CREEK

ROAD WILL CROSS BLUE MOUNTAINS JUST EAST OF WALLA WALLA.

Walla Walla, Wa., Sept. 21.—Engineers of the North Coast are running the survey through the city today, and the camp is established on the side of town nearest the mountains, which shows the company intends running the line through, and not to Walla Walla. The road enters town from the west on Ninth street, and thence out the city up the Mill creek survey.

Actual work will be begun in a few weeks, as soon as the line is definitely settled. The road is to run to the mountains, through a tunnel and down to the Grande Ronde river, thence a cross the Snake river, connecting with the Northwest in Idaho. Such is the information given out by an official here.

Seeing is Believing.
From the Walla Walla Union.

Seeing is believing, there is no doubt remaining even in the minds of the most skeptical that the North Coast railroad will go through this city. The surveyors who have been working their way from the Columbia river to this city have been here and at the present time are working on the other side of the city. They have completed their survey through the Blalock land and on to this city. It is a surprise to all that they have surveyed a place of ground for the proposed station near the car barn. The survey continues up Rose street. Yesterday surveyors were employed running a line through this city for the purpose of striking the direct route to Mill creek and thence over the Blue mountains and into the Grande Ronde valley. When seen yesterday a crew of surveyors was at work mapping out a preliminary in the southern portion of Walla Walla and contrary to expectations this is the route that will be followed.

Laying Steel at Kennewick.
Kennewick, Wash., Sept. 20.—Ten

car load of steel for the North Coast road arrived here Sunday with a big gang of men. Track laying is to begin at once, under the direction of W. H. Saxton, the new Master Engineer. The new Master Engineer was in this shipment, and more is on the way from Pueblo, Co. The work is to go up north Yakima valley and also toward Spokane, and be pushed wherever grading is complete.

The first engine on the new road is expected in a few days from an eastern source. Others completed, are on the way here. The line may possibly be hanging valley freight to Spokane this fall. The road it is believed here will be a Pacific extension for the Northwest.

Notice: La is using Electric Irons please be in mind that beginning October 1 current will be supplied each Wednesday and Saturday forenoons, after which no ironing in evenings. Enterprise Electric Co.

Ship 350 Tons of Hay.
The Lostine Reporter says Simpson of Portland and Townley of Union county have shipped 3500 tons of hay from Lostine station during the last two months and there is lot more yet to go out. An average of two car loads a day are shipped. The price paid is \$10 per ton f. o. b. Lostine.

Notes of Progress At County High

School Graders Being Graded—Footballists Must Have High Class Standing.

The physiology class, under Miss Bothwell, take a test on the bones of the human body Wednesday. Ivan Jackson contributed two skulls to the study that have helped to make the work interesting.

Homor Fleming is out of school for a few days helping his father make hay.

Chester Riley, manager of the football team, is negotiating for games with Elgin and La Grande, part of which will be played here.

When Mr. Locke, county commissioner, has completed grading the school grounds and the plumbing is installed, Wallowa county will have one of the most beautiful and modern high schools in the state.

The boys are anxiously asking these days, "Is my grade all right?" Reason—football.

The pupils have ordered copies of "Shirley's Songs for Mixed Voice" from San Francisco, for chorus and choral work.

The class in Vergil makes up in diligence for what it lacks in numbers. Miss Amy Olmsted is the only member.

Maude Litch brought a beautiful specimen of a "sulphur diamond" to the physical geography class the other day. It came from the coal mines of Pennsylvania.

The members of the physical geography class are interested in estimating the length of a shadow on December 21st as compared with the length on September 22nd.

\$800 REWARD FOR HERDER'S SLAYER

STATE WOOLGROWERS ASSOCIATION ADDS \$500 TO UNRAVEL MEACHAM SHOOTING.

Portland, Sept. 21.—The State Woolgrowers association last night authorized the offering of a \$500 reward for the arrest and conviction of the man who shot Alonzo Mayon, a sheep herder near Meacham a few weeks ago. Mayon's employer, the J. E. Smith company, had already offered \$300, so the total reward is now \$800.

At first it was thought the killing of Mayon was accidental, probably done by some excited hunter but after a careful investigation the woolmen believe Mayon was shot by some person deliberately and they are determined to run the criminal down. The sheepmen declare they will protect their herders to the fullest extent possible.

PARADISE CROPS FINE.
Mr. and Mrs. H. A. Burns and daughter Perdis were trading in Enterprise Friday. Mr. Burns brought out a lot of timothy seed that he sold at good prices. He says crops in the Falls country have turned out fine—big yield and splendid quality.

Another Mining Company.
Articles of incorporation of the Eagle Cap Mining company have been filed in the clerk's office. John J. Dunn, Albert Wurawiler and E. T. Schlufer of Joseph are the incorporators. The capital stock consists of 250,000 shares of the par value of 10 cents each.

School Teachers Wanted.
Superintendent J. C. Conley says three or four district schools are without teachers and the local supply is exhausted. The law requiring at least six months school is causing all the districts to have fall terms and all starting about the same time means more teachers employed.

New Post Office.
A postoffice has been established on the M. P. Miller road about 17 miles north of this city. The office is in the home of L. A. Ronnas, who is the postmaster, and whose name is given to the new office.

TEACHERS' ANNUAL INSTITUTE.
Notice is hereby given that the Teachers Annual Institute for Wallowa county, will be held at Lostine, October 7, 8 and 9, 1909.

Instructors: Pres. E. D. Ressler of the Monmouth Normal and Supt. J. H. Ackerman of Salem.

All teachers in the county are requested to attend.

Program will appear later. J. C. CONLEY, Supt. of Schools. 42b2
