NATIONAL APPLE SHOW AT SPOKANE

OREGON APPLES WILL BE THERE — 7100 FOR BEST BUSHEL OF WHEAT.

Portland, Sept. 28.—"Oregon apples will be well represented at the second National Apple show at Spokane November 15-19," said Ren. H. Rice, manager of the apple show, who was in Portland during the past week. "While the crop is generally much smaller than last year, the quality is of the very best and growers in all parts of the state are showing the keenest interest in the various contests. While the first apple show was an unexpected success, we have assurances that the second exposition will be even more so, as the growers want a chance to exhibit their choicest apples in comparison with fruit from other states and the prize list gives an opportunity for every apple raiser to compete. The contests include carloads, ten boxes, five boxes, single boxes, barrels, jars and plates with cash premiums ranging from \$1000 sweet-stained in the car load classes down to \$3 for a single pair of five apples. "All the railroads have united in giving a rate of one and one-third fare for the round trip to Spokane during the show week and also allow visitors to go by one line and return via another. "The National Apple Show dates give growers an opportunity to exhibit at local county fairs and apple shows such as those at Albany and Hood River and then have plenty of time to ship to Spokane and win additional honors and premiums. "I have been in many of the fruit growing districts of Washington and Oregon and in nearly all sections

the report is the same—a small crop of fine quality."

A farming demonstration train will be run by the O. R. & N. through Sherman, Gilliam and Morrow counties in October that is expected to aid the farmers of that section of the state in the more intelligent cultivation of the soil, and in improved farming methods. Lectures will be delivered by agricultural college experts, who will be on the train and demonstrations of farming practice will be made. Dr. James Withycombe, director of the Oregon Experiment Station, will be at the head of the

Same Old Story Of Peddler Gouge

People of North End Bilked As Usual By Travelling Salesmen.

Many of the people of the Hansen Ferry and Paradise country are somewhat up in arms against a certain Spokane grocery house, which carries on a peddling grocery business—that is, it turns out to be a Spokane house, but from the copy of the order sheet a person cannot tell where the house was located, says the Asotin County Sentinel. Several families purchased as high as forty-five and fifty dollars worth of the stuff, and the prices that were charged were higher than the list, than good goods could have been purchased for from the merchants of Asotin, or from any other store in the county. This is a fact, because some of the fellows have gone into the Asotin stores this week and picked the list straight through at regular retail prices, and they found that they had been held up on practically every item. One gentleman's wife had

REPORTED CHANGE TRAIN TIME CARD

RUMORED OLD SCHEDULE WILL BE RESUMED ON BRANCH OCTOBER 1.

Ever since the change of time of the branch trains by which the incoming train does not reach the upper valley until 6 o'clock and after, there has been continual protest by the patrons of the road. That the officials have heard the complaint and will remedy the cause is the latest report, and if it proves true, it will be welcome news, indeed, to all who have occasion to travel on the train. The report is this given in Sunday's Star: "It is stated in railroad circles that there will be another change in the running of trains on the Wallowa branch and that the change will be back to about the former schedule when the train left La Grande at 9:15 in the morning instead of 12:45, as at present. The return trip will also be arranged so as to bring the arrival of the train from Joseph at about 3:30 in the afternoon. The Sunday train service is not to be discontinued. According to the reporter the change back to the old time is a deference to the expression of wish of the patrons of the road along the Wallowa branch. It is said that the change will take place on the first of the coming month."

Farmers Day At A-Y-P Exposition

Seattle, Sept. 28.—States, counties, and cities; barbers, plumbers, and blacksmiths; every profession, creed and class have had their day at the Exposition and now the farmers have sung the praises and exploited the agricultural interests of the great Northwest. The fair authorities, appreciating their relation to the development of the Northwest, gave the farmers three days for their celebration and by liberal appropriation arranged for the most spectacular and unique entertainment ever seen anywhere. "Harvest Home Festival" was used in September, 24 by a grand agricultural parade, in which all competitors for the numerous prizes carried their carrot or turnip or stock of corn on a stick and passed the judge in review. Seven mammoth steers and oxen has been prepared for a big barbecue the second day. Ten thousand juicy hot roast sandwiches were distributed to hungry visitors, after the steers were taken from the spits, which by the way was in the open where all could watch the chefs at their work. At night an old fashioned hoe-down in the Washington State building, which was turned into a ball room for the occasion, was open to all. The only condition was that every man must wear overalls and every woman a gingham or calico dress. On Sunday, the Harvest Home Festival closed with a jubilee meeting in the amphitheatre when a dozen noted evangelists and singers were given opportunity to say that the religious interests were given a day at the big Seattle Exposition. Another feature will be Fish Day, Monday. On this day fish will be

served free to all visitors at the Exposition, in commemoration of the close of a successful run of salmon up the Northwest rivers.

Tuesday at the Exposition will be Lynden Day and Barbers Day. Wednesday will be the day at the fair of Rhyerhoff, Port Angeles, the Washington Newsboys, and the Washington Creamery operators.

Phi Delta Theta will celebrate at the Exposition Thursday with appropriate exercises in the Auditorium. This will also be the day of the American Institute of Mining Engineers.

The Baby Show on Thursday will (Continued on last page.)

Local Praise For Evangelist Pratt

S. Harris Tells of His Success in Dakota—Camp In Egin; October 24.

Editor: Dr. Pratt's work is highly so on wherever he has been. Personally I know his work in North Dakota where I labored 6 1/2 years and I can say that he is one of the most beloved evangelists that ever came to the state.

S. HARRIS. An Appreciation. From the Ventura Free Press, Ventura, Cal.

Sometime before these meetings began an estimation of Mr. Pratt from a appearance and reputation was printed in the Free Press but now that he has been constantly before Ventura people for three weeks, opinion is practically unanimous regarding him and his work. A few single words characterize him best, mature, unfeignedly scholarly, direct, earnest, Godly and successful. He has steadily maintained the argument and appeal in his work and has refused to resort to any trass to make people publicly profess what they do not inwardly believe. Frank honesty has characterized all his work. He has never strained a point to make the results look larger than they really are. His exposition is the basis of all his teaching and preaching and he often repeats the statement that he has no oratorical ambitions but wishes to persuade men to hear, believe and obey God's message in the Bible. Through his strong presentation the Bible has become a living volume to many to whom it has been a closed book. As a friend he has won his way into the regard of many of our people, who will count his acquaintance a privilege. Especially will he be esteemed by those who through his ministry have entered a Christian life and profession.

CRAIG SELLS HERD REGISTERED COWS

McDONALD OF WALLOWA AND VAUGHAN OF IMNAHA BUY FAMOUS HERFORDS.

The cattle are all registered Herefords, and all famous stock except Bright Promise and one bull calf. The price paid is not made public but the total deal works up over \$80.0.

Mr. Craig took great pride in his herd of whitefaced and spaced no pairs or expense to get the best, but he has recently gone into the sheep business in partnership with another cat man, C. G. Holmes, and decided to dispose of his cattle.

His son, W. F. Craig, who resides on the old home ranch just south-east of this city, will also go into the sheep business, and has started with a purchase of 350 ewes of Falconer Bros.
