FOR THE PUBLIC

New Formula Cures Coughs, Colds, Bronchitis and Hoarseness in Five Hours.

Much is being done in these days to stop the ravages of consumption, but probably nothing has been so effective as teaching the public how to break up a cold and cure coughs, bronchitis, tonsilitis, etc., with simple, home-mixed medicine free from opium, poisons, etc. A laxative cough syrup, free from whiskey and poisons, is the prime need. A cough indicates inflammation and congestion, and these in turn are due to an excess of waste and poisons in the system. A tonic laxative cough syrup rids the system of congestion while relieving the painful coughing. Get the following and mix at home: One-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Shake the bottle and take twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. Cut this out and save it for some friend.

King Edward, when Prince of Wales, never voted on any political question; but he always voted for the Deceased Wife's Sister Bill, which was a social, and not a political, matter.

What Ailed Daysey Mayme.

Daysey Mayme Appleton was reading a newspaper last night when suddenly she gave a scream and fell to the floor in a dead faint. Now, according to the looks and tradition Daysey Mayme fainted because she read the announcement of an old sweetheart's marriage or death (and it would turn out afterward, according to the books and tradition, that he was a cousin of her old sweetheart by the same name). But real life is so unlike the books and tradition. Upon being revived Daysey Mayme related that she saw hosiery advertised for 27 cents that she had paid 35 cents for the day before.—Atchison Globe.

RATE CUT ORDERED

Oregon Railroad Commission Issues Ruling to O. R. & N.

ROAD TO LOSE $75,000 A YEAR

Decision Follows the Northern Pacific Ruling in Washington and Will Likely Be Obeyed.

Portland, Oct. 2.—The state railroad commission of Oregon yesterday handed down its findings in the matter of the Oregon Railroad & Navigation company and its various branches in Oregon, known as the grain-rate case, which has been before the commission for several months. The commission declares the rates now in force to be unjust and unreasonable and orders a reduction equivalent to a cut of about one-eighth in the present rates, which will make a difference in the revenue of the railroads of approximately $75,000 per year on the volume of business being done at this time.

The grain-rate order was issued by the commission from its office in Salem, and while the general freight department of the Oregon Railroad & Navigation company yesterday was aware that such an order had been issued, only its general terms were known. W. E. Coman, assistant general freight agent, declined to express any opinion as to whether the railroad company would abide by the order or appeal to the courts to prevent it enforcement.

The order, in effect, is practically the same as that made by the Washington railway commission, commanding a flat reduction of 12½ per cent on grain rates from points on the Northern Pacific to Puget sound.

Recent action by the Northern Pacific has given the Washington commission the understanding that the railroad will obey the order without recourse to the courts. The Washington commission has made such an announcement, but in the offices of the North Bank railroad, which of necessity in the preservation of its business will be compelled to meet the cut, nothing definite is known as to the purpose of the Northern Pacific.

As to the points affected by the Oregon commission's rate order, the issue is almost solely one for the O. R. & N. The Northern Pacific has a short branch running into Oregon, but the Northern Pacific is not affected by an Oregon order nearly so much as is the O. R. & N. by a Washington order reducing grain rates.

ORDERS NEW EQUIPMENT.

Harriman Railroads Buy $17,000 000 Worth of Rolling Stock.

Chicago, Oct. 2.—Orders for equipment and power have just been placed by Harriman lines which will bring the total expenditure for this purpose during the last six months up to fully $17,000,000.

The latest order is for 1,500 steel under-frame refrigerator cars, which are being constructed by the Pullman company, and an order for 500 all-steel ballast cars. Orders have also been given which bring the Harriman lines all-steel passenger equipment up to nearly 600 cars. Orders which are now being delivered are for 480 all-steel passenger cars, the largest order, with one possible exception, that of the Pennsylvania road, ever given.

In this connection it is stated that the Harriman lines were pioneers in the use of all-steel passenger cars in the West, and that they will hereafter use nothing in their passenger service which is not all-steel and practically indestructible.

Hariman lines are also beginning to receive the first of 5,400 freight cars and 105 locomotives ordered less than six months ago. The order for locomotives calls for 33 of the heavy Mallet compound type. These locomotives, it is claimed, will haul fully 10 per cent more than any two of the ordinary locomotives in use.

Rebate Fine Is Paid.

Los Angeles, Cal., Oct. 2.—The Southern Pacific railroad pleaded guilty today in the United States District court to rebating and was fined $1,000 by Judge Olin Wellborn. Through Attorney C. M. Durbrow, of San Francisco, the company entered a plea of technical and unintentional guilt. The maximum penalty would have been $10,000. The counts in the indictment on which the fines were imposed were the cases in which the Southern Pacific granted rebates to the Penn Fruit company and Harris-Newmark company.

Suspected of Piracy.

Mexico City, Oct. 2.—A special dispatch from Merida says: The pilot boat Colt, suspected of being engaged in actual piracy, is equipped with several rapid fire guns. The suspicious conduct of the vessel caused the gunboat Bravo to run her down. A corps of customs officers has been sent aboard for the purpose of making an inventory of her cargo and both cargo and vessel will be declared forfeited to the government.

Roosevelt's Return Delayed.

Naibrobi, B. E. A., Oct. 2.—Colonel Roosevelt, who was expected to arrive here October 15 from his hunting trip in the Mweru district, will probably not come in until October 23. The delay is caused by the indisposition of Edmund Heller, the zoologist of the expedition, who is suffering slightly from the pressure of work.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."

Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."
