

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.

It Might Be Worse.

Nothing Miraculous.
"You had rheumatism in your right leg for years and were cured of it in an instant? How?"
"By being accidentally mixed up in a train wreck. My right leg is a cork leg now."

Eighty Is Plenty.

Latest Consumption Cure.
British and American physicians and students of tuberculosis are much interested in the claim authoritatively made in London concerning the success of a new treatment for tuberculosis discovered by William Dolg, a layman. The nature of the treatment is a poultice containing acetic acid and chloride to be placed on the body near the affected membrane or bone. In about a week an ulcer is formed, connected by what is called a ray of inflammation with the diseased organ. This forms a duct through which the pus is drawn out. The ulcer needs to be carefully dressed twice a day with a certain salve. The cure of the diseased lungs is said to be effected in from four to six months.

Pettit's Eye Salve for Over 100 Years has been used for congested and inflamed eyes, removes film or scum over the eyes. All druggists or Howard Bros., Buffalo, N. Y.

ARMY LEARNS TO FLY
Wright Teaches Officers to Use Military Aeroplanes.
MAKES ALMOST MILE A MINUTE
After Two Flights Alone Wright Takes Signal Officers 150 Feet in Air at Great Speed.

College Park, Md., Oct. 9.—For the first time in the history of America, an aeroplane owned by the United States government soared in the air today. Guided by Wilbur Wright, it flew five times in the dedication of the government's tract of land here as an aviation ground.

With almost ideal conditions for spectators and a breeze blowing scarcely at the rate of a mile an hour, Mr. Wright began the flights to teach officers of the signal corps how to handle the machine. Off the starting rail at 3:00, he circled the field for three minutes. Again at 4:09 Mr. Wright was off for another flight. This time he was in the air five minutes. At 4:51 o'clock he soared away to return after about five minutes. Each time he had kept to the reservation grounds.

Then Lieutenant Lahm took his place in the extra seat. At 5:15 p. m. the two rose probably 150 feet. They went a mile and a half toward Washington in hardly more than as many minutes. In about five minutes after they had left they landed within 20 feet of the starting rail. In another short flight, Mr. Wright took Lieutenant Humphreys with him.

Flights probably will be made tomorrow and on days following until the officers are familiar with the new art.

CHINA PREPARES FOR WAR.
Preparing Her Youths to Resist Greed of Foreign Powers.

Berkeley, Oct. 9.—That China is making thorough preparations for armed resistance in the encroachments of foreign powers at the present time was the statement made at the student's meeting at the University of California today by Professor John Fryer, head of the department of Oriental languages, who has just returned from a year's travel in the Far East. "The large body of Chinese youths and men," said Professor Fryer, "now to be found in the universities and lower schools of the United States is an indication of the advanced education which the empire has come to consider necessary. There is but one reason for it—to prepare the young Chinese to take part in a struggle that is surely coming."

"Educated in our colleges, these young men are sent back to China and form the nucleus for the corps of leaders that will one time direct the Chinese army. Everywhere in the empire are to be found evidences that the Chinese are planning for war. Their soldiers are constantly drilled, and drilled in the most modern way. The Chinese have reached the point where they will no longer endure the encroachments of foreign powers, and some time, before very long, they will take to the field of battle to settle their difficulties."

CURTISS THRILLS THOUSANDS
Flies in a 15-Mile Wind So as Not to Disappoint Crowd.

St. Louis, Oct. 9.—Under adverse conditions, Glenn H. Curtiss, by a flight in his biplane late today in Forest Park, received the applause and cheers of many thousands of persons who had waited for hours for the wind to slacken.
Curtiss, facing a 15-mile wind, rose in his machine 30 feet from the ground and flew the length of the aero field. He covered a quarter of a mile and was aloft 45 seconds.

Early today he remained in the air a minute and a half and sailed three-quarters of a mile against a 5-mile wind.

Women Pursuing Asquith.
London, Oct. 9.—A delegation of suffragettes pursued Premier Asquith to Balmoral, Scotland, where he was summoned by the king. They are staying in a neighboring village, and will not hesitate to invade the royal castle to persecute Mr. Asquith, if chance offers. The castle precincts are closely guarded by detectives and the king's servants. There was a big suffragette demonstration in Albert Hall last night to bid farewell to Mrs. Pankhurst on her departure for America.

Cuban Finances Improve.
Havana, Oct. 9.—Marcellino Diaz de Ville-Gas, secretary of finance, today gave out the condition of the Cuban treasury concerning which unfavorable rumors have been current. A Good Listener.

Horatius was holding the bridge.
"The boss of the ward," he gasped, "told me this was an easy job, and I wouldn't have anything to do!"

FAMILY COUGH SYRUP
Cures Any Cough in Five Hours.
NEW PRESCRIPTION HERE.
Here is given the most effective cough prescription known to the medical world. It is a mild laxative, too, and this is what a body needs when suffering with cough and cold on the lungs. A cough or cold indicates poisons in the system, causing inflammation and congestion. Nearly all coughs relieve, but make the trouble worse by their constipating effects. This prescription not only relieves quickly, but it cures any cough that is curable. Get one-half ounce fluid white cherry bark, one ounce compound essence cardial and three ounces syrup white pine compound. Mix in a bottle. Take for acute cough or bronchitis twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. A few hours treatment will cure and heal the throat and lungs of all but consumptives. Cut this out and give it to some friend who may need it to be saved from an early death by consumption.

Merely Postponed.
Mrs. Hewlign (having freed her mind)—Why don't you answer me, if you can?
Mr. Hewlign (helping himself to more meat)—It's unwholesome to quarrel while eating dinner, madam. I'll have good and plenty to say to you after a while.
