For Eczema, Tetter and Salt Rheum.
The intense itching characteristic of these ailments is almost instantly allayed by Chamberlain's Salve. Many severe cases have been cured by it. For sale by Burnaugh & Mayfield.

We owe it to the community in which we live to do everything we can in every way possible that will be to its advantage. Our neighbor's prosperity means a great deal more to us than someone's who lives elsewhere. We should bear this in mind when buying our goods. We can afford to pay our home man a fair price for his wares rather than send our money away, knowing as we do that every dollar our own citizen makes will help in sustaining our schools, churches and public institutions. It pays richly to patronize home industry.

The potato bug is bad enough, but the ever-present humbug is worse. The nightmare waits for those who indulge in too much Christmas cheer.

For that Dull Feeling After Eating.
I have used Chamberlain's Stomach and Liver Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating. David Freeman, Kempt, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more. Get a free sample at Burnaugh & Mayfield's.

It will be a blessed thing for Oregon when some of its eminent journalists who oppose and belittle the people at every turn are laid away in an incinerator. The knocking Oregon receives from these men who walk forward with their faces twisted backward is pitiable, deplorable and absurd. The initiative and referendum have come to stay, and the people are not going to let this power slip from them. The ridicule poured upon the will of the people and the lies disseminated by the plutocratic, fool plundering press will not avail.—Eche Register.

Looking One's Best.
It's a woman's delight to look her best but pimples, skin eruptions, sores and boils rob life of joy. Listen, Buckle's Arnica Salve cures them; makes the skin soft and velvety. It glorifies the face. Cures pimples, sore eyes, cold sores, cracked, chapped hands. Try it. Infallible for piles. 25c at Burnaugh & Mayfield's.

The people of the west should demand nothing short of \$100,000,000 to be kept in a revolving fund for the reclamation of arid and swamp lands. The price of a bulk of old scrap iron—for that is all a Dreadnaught will be in ten years—is more than the reclamation service is given for the whole United States.

Stung For 15 Years.
by indigestion's pangs—trying many doctors and \$200.00 worth of medicine in vain, B. F. Ayscove, of Ingleside, N. C., at last used Dr. King's New Life Pills, and writes they wholly cured him. They cure constipation, biliousness, sick headache, stomach, liver, kidney and bowel trouble. 25c at Burnaugh & Mayfield's.

One step won't take you very far—you've got to keep on walking; one word won't tell folks what you are—you've got to keep on talking; one inch won't make you very tall—you've got to keep on growing; one little "ad" won't do it all—you've got to keep 'em going.

Rich Men's Gifts are Poor
beside this: "I want to go on record as saying that I regard Electric Blitters as one of the greatest gifts that God has made to woman," writes Mrs. O. Rhinevaunt, of Vestal Center, N. Y. "I can never forget what it has done for me." This glorious medicine gives a woman buoyant spirits, vigor of body, and brilliant health. It quickly cures nervousness, backache, fainting and dizzy spells; soon builds up the weak and sickly. Try them. 50c at Burnaugh & Mayfield's.

The grange is up and coming after that "tricky little scheme" to hold a constitutional convention in Oregon. Costly, useless thing at best and full of danger and with several niggers concealed in it in all probability.

Alone In Saw Mill at Midnight
Unmindful of dampness, drafts, storms or colds, W. J. Atkins worked as nightwatchman, at Banner Springs, Tenn. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but all failed till he used Dr. King's New Discovery. "After using one bottle," he writes, "I went back to work as well as ever." Severe colds, stubborn coughs, inflamed throats and sore lungs, hemorrhages, croup and whooping cough get quick relief and prompt cure from this glorious medicine. 50c and \$1.00. Trial bottle free, guaranteed by Burnaugh & Mayfield.

There is no humanitarian law on the statute books of any state in the nation that is of interest to the whole people that did not find its inception in the meeting hall of some labor organization.

A Policeman's Testimony.
J. N. Paterson, night policeman of Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Burnaugh & Mayfield.

A man is in no condition to settle down until he has settled up. Most schoolboys would rather eat a "piece" than speak one. To be successful both the baseball pitcher and the orator must have a good delivery.

How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most cheerfully and willingly recommend it as superior to any other cough medicine to my knowledge." For sale by Burnaugh & Mayfield.

Why is Johnny like a side-tracked freight car? Because he has been switched.

J. J. Hill, the railroad magnate, must be a first-class driver since he can handle several lines at once.

IN PLAIN ATTIRE.

By BERTHA STONE.
[Copyright, 1909, by American Press Association.]

The train rolled out of the station, rattled on the rails through the environs of the city and was steaming out over hill and dale when a slam of the door warned the passengers that the conductor was coming. Every man instinctively felt for his ticket.

A little man rather shabbily dressed went through all his pockets successively without finding what he wanted. He continued his search till the conductor reached him, when he said:

"Conductor, I have either been relieved of or have lost my pocketbook with all my money and my ticket in it. If you will pass me I'll see to it at the end of the journey that you receive the fare."

The conductor looked coldly at the shabby man and replied:

"I must have your fare."

"But I haven't got it."

"Then you'll have to get off."

He pulled the bell cord. The passenger arose from his seat and was moving slowly to the door when the conductor gave him a succession of pushes to hurry him. The ejected passenger alighted in mud and stood looking after the train as it pulled away from him. The day was bleak, with mingled snow and rain. The ejected passenger walked on the track till he came to a road crossing it, which he followed, at last reaching a farmhouse wet to the skin. There he was kindly received, given hot drinks and put to bed. In the night he awoke with a chill, followed by a fever, and in the morning had developed a serious case of pneumonia. For several weeks he was nursed by the farmer's family, under whose tender care he recovered. Before leaving, having received funds, he offered them compensation, which they declined.

A few days after his departure he entered the general offices of the A. D. and P. railway and asked to see the president. He was required to state his business. He wrote on a slip of paper his message, stating that he had been put off a train on the road on account of having lost his money and ticket. The president wrote on the slip "Referred to general passenger agent." The visitor saw the general passenger agent, who told him that the conductor had only done his duty.

"You mean," said the applicant for redress, "that a railroad is a mechanical contrivance, those who run it are bits of mechanism, and there is no heart in it?"

"You've stated the proposition about right," replied the passenger agent.

"In other words, might makes right?"

"We couldn't run the road to a profit if we passed people over it without pay."

"I'm glad to have the matter explained," said the visitor. "Good morning."

The incident was forgotten by the railroad officials, and the system went on working with the precision of a steam engine.

The A. D. and P. railway received freight and passengers from one main line and delivered them to another, repeating the process vice versa. It was consequently independent and thriving, for it was essential to both its feeders. Suddenly the stock began to act like the float of a fish line, indicating that something was going on below the surface. Then the price commenced to fluctuate. Now it would sink gradually, then suddenly jump up several points. These fluctuations continued for several months, then A. D. and P. stock ceased to attract any attention whatever.

On the first Wednesday in January occurred the annual meeting of the directors. The officers were waiting for the formalities to be disposed of before settling down to their work and their salaries for another term. Suddenly word was flashed through the building as if by telegraph that a block of stock amounting to fifty-five hundredths of the whole had been voted, changing a majority of the directors. Every man rushed to the room where the meeting was in session. The door stood open, and in the excitement of the moment all crowded in. A little man shuffled past them and, standing beside the long table around which the directors were seated, thus addressed them:

"Gentlemen, I hold a majority of the stock of this road and therefore am in control."

"Great Scott!" exclaimed the general passenger agent. "It's the man who was put off the train."

The speaker continued: "I am a stranger to your city and your ways, having resided all my life in the far west. When coming here I found myself on the A. D. and P. road. Having neither money nor ticket, I was put off the train on a cold day, contracted disease and came near dying. I was informed by the officers of the road that it was a mechanical system set to run in a certain way and without any heart. Having some means and industrial connections in the west and not seeing the value of the A. D. and P. road as a connecting link, I have bought the control for myself and my friends. I do not intend to run it on principles of justice. I don't intend to run it at all. It will be turned over to its feeders—for a profit. It was admitted to me by an officer of the road that might makes right. I have the might. I would be pleased to receive the resignation of every officer from the president down, the same to take effect at once."

A block of the stock bought—on a tip—by the farmer who had sheltered the speculator netted the purchaser a small fortune, which was afterward increased to a big one.

Ill Health is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold can not buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by Burnaugh & Mayfield.

"Weather" may justly be termed a bad spell of weather.

What the corn heard with its ears and the potato saw with its eyes, none will ever know.

It may be pleasant to sit in the lap of luxury, but consider how it hurts to be tumbled out.

Whirlwind Tablets cure rheumatism in this climate. They have relieved hundreds and cured scores of cases in Union and Wallowa counties, positive proof, names, etc., furnished on application. For sale by Jackson & Weaver, Enterprise. 20btf

The world hath many prizes
To offer the sons of men;
And ever deeds of valor
Have engaged the flattering pen.
We sing of an humble worker,
A toiler unknown of the mob;
Of one who falls not nor falters,
The man who is right on the job.

For A Lame Back.

When you have pains or lameness in the back bathe the parts with Chamberlain's Liniment twice a day, massaging with the palm of the hand for five minutes at each application. Then dampen a piece of flannel slightly with this liniment and bind it on over the seat of pain, and you may be surprised to see how quickly the lameness disappears. For sale by Burnaugh & Mayfield.

In baseball the pitcher may hand up all the curves he pleases and still play a straight game.

Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities and avoid a serious malady. Burnaugh & Mayfield.

Many a man who is "down on his luck" might easily reach prosperity by prefacing his luck with a "p."

After exposure, and when you feel a cold coming on, take Foley's Honey and Tar, the great throat and lung remedy. It stops the cough, relieves the congestion, and expels the cold from your system. Is mildly laxative. Refuse substitutes. Burnaugh & Mayfield.

If we were as silent with respect to our achievements as we are to our mistakes, what a silent world this would be.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." Burnaugh & Mayfield.

Perhaps Fletcher got his idea of the healthfulness of thorough chewing from the cow. She stands at the head in that line. When the preacher said, "Behold the perfect man," every male member of the congregation became cross-eyed with looking at himself.
