The Label Language.

"There's a language in hotel labels, the same as in stamps or flowers," said a courier. "All over Europe the hotel porters paste the hotel labels on your trunks in such a way that the porters in future towns will know what sort of a tipper you are. "Up at the top of the trunk the label means you are generous. In the middle it means you're a middling sort. Down very low it means you are no good."

here and there. A man was waiting patiently for a street car the other day at a transfer station, says the Boston Record, when a woman, highly excited, rushed up to him, and cried, "Are you the man here?"

"I don't understand," he said. "Are you the man here?" she repeated.

"No, madam," he said, concealing a smile. "The man here is that man over there."

PINCHOT IS REMOVED

President Holds That Dignity of Office has Been Assailed

FORMER GRAZING EXPERT NAMED

Three Principal Assistants of Pinchot Also Discharged—Situation Grows Intense.

Washington, Jan. 8.—Gifford Pinchot, chief forester and intimate friend of Theodore Roosevelt, was dismissed last night from the service of the United States by President Taft for insubordination. Associate Forester Overton W. Price and Assistant Law Officer Alexander C. Shaw, Pinchot's immediate assistants in the forestry bureau, followed their chief out of government employ.

Thoroughly indignant over the action of Mr. Pinchot in inducing Senator Dooliver to read a letter from him in the senate yesterday, President Taft today would listen to no advice that the forester's violation of executive orders be overlooked pending the inquiry soon to be undertaken by congress.

He declared the dignity of the presidential office was being attacked and he would be unfaithful to his trust if he submitted longer.

Mr. Taft undoubtedly realizes fully what the dismissal of Forester Pinchot means in a political way. He has been convinced for some time that the so-called "insurgents" and other critics of his administration had enlisted the services of Mr. Pinchot and practically were defying him to dismiss Pinchot from office. The latter's letter of yesterday, few here doubt, was written with the direct purpose of "putting it squarely up to the president."

The president sought to avoid the threatened war as long as he could, but declared today that patience had ceased to be a virtue. He picked up the gauge of battle thrown down by Mr. Pinchot through the hand of Senator Dooliver in the senate, and with the administration supporters, is ready for the coming fray.

Political observers in Washington declare that the situation created by today's developments is the most tense in many years. What the outcome will be no one is willing to prophesy. In the house of representatives today Speaker Cannon lost his first fight to the insurgents, who, combining with the Democrats, caused to be adopted an amendment to the Ballinger-Pinchot inquiry resolution so as to take from the speaker the power to appoint the house members of the joint committee of special investigation.

CARDINAL SINKS TO DEATH. Apostolic Delegate to America High in Ecclesiastical Circles.

Rome, Jan. 8.—Cardinal Satolli, whose life has been slowly ebbing away for the past two weeks, died this morning at 4 o'clock. It had been known for several days that the eminent prelate could not survive his present illness, and the last rites of the church had been administered some days ago. His death was a gradual sinking, and the end came peacefully.

Francisco Satolli was born in Merano, Perugia, July 21, 1841. In his earlier manhood he became professor of dogmatic theology in the Urban College of the Propaganda at Rome, and in 1888 he was made archbishop of Lepanto. At the establishment of the see of Baltimore in 1889 he was sent to America as papal representative. He returned to the United States in 1892 in the position of appellate judge with extraordinary discretion.

Italy Names Ambassador. Berne, Jan. 8.—The Marquis Cusani-Confalonieri, who for three years has held the post of Italian minister to Switzerland, has been notified of his appointment as ambassador to the United States in succession to Baron Mayor des Planches. The marquis, his wife, son and daughter are most popular here and have a large circle of friends in the United States. The marquis speaks five languages and also is a painter and author. He belongs to one of the oldest families in Milan, and is a personal friend of King Victor Emmanuel.

Nitrate Trust Proposed. Christiania, Jan. 8.—It is said J. P. Morgan of New York and the Deutscher bank of Berlin are planning a world-wide trust in the nitrate industry with a capital of \$200,000,000. It is understood that the syndicate intends to purchase all the saltpeter mines in Chile and the nitrate works in Norway, where \$20,000,000 is invested. The scheme, it is said, has not passed the stage of preliminary discussion, and skepticism concerning its success prevails.

Shophmen to Join Strike. St. Paul, Jan. 8.—Thomas von Lear, district president of the Machinists' union, said tonight that a strike vote has been taken by the railway machinists of the northwest, and 90 per cent of the members have voted in favor of obeying instructions from the railway department of the Federation of Labor should that department decide to extend the switchmen's strike.

Women Pay \$7500 Fines. New York, Jan. 8.—Mary K. Weber and Kathryn Schwarz, who conducted a dressmaking establishment in Chicago under the name of Madame Whitney, were charged with "sleeper trunk" smuggling in the circuit court here today and fined \$7500 each on a plea of guilty.

COLD UNPRECEDENTED.

Chicago, Jan. 7.—What was looked upon as an exciting weather drama, when the present stressful cold was in process of sweeping eastward from the Rockies and from Medicine Hat to the Atlantic seaboard, is fast assuming an aspect of dire tragedy. The situation is full of dire possibilities of exposure and suffering. Already the blight of the severe cold has been felt in many Western cities.

Fifty or more persons, a score of whom are in hospitals with injuries that may prove fatal, were the victims of accidents in Washington today as a result of the sleet and snow which converted the city's sidewalks and thoroughfares into sheets of ice.

In many parts of Iowa the fuel situation is so grave as to call for the official attention of Governor Carroll. Confiscation of fuel is becoming general.

Here in Chicago there is only a two days' supply of coal available for quick use. Today there was widespread suffering in the city. Chicago is also threatened with the cutting off of its water supply, due to ice floes clogging the cribs in the lake.

In the far Northwest and on the ranges of Colorado, Nebraska and Wyoming hundreds of cattle have perished of exposure, starvation and lack of water.

For the first time in the memory of most persons living, the Mississippi River is frozen from bank to bank from St. Louis to a point 60 miles below that city. By tomorrow morning it is predicted one might skate on the river from St. Paul to Memphis. Cincinnati reports that ice gorges have caused a loss of \$40,000, and that a wave of high water and ice is coming down the river, carrying destruction in its path.

STRENUOUS LIFE TELLS. Thirty-five Pittsburg Captains of Industry Die This Winter.

Pittsburg, Jan. 7.—The strenuous life of Pittsburgers in their desire to amass millions as quickly as possible is thinning the ranks of the big captains of industry and depleting the swell clubs which house the millionaires. Heart disease has recently taken very prominent men, all worth millions, including:

Frank B. Smith, president of the Crucible Steel company of America.

James W. Friend, vice-president of Pressed Steel Car company.

William Clark Magee, who made millions in coke.

William Mestalf, president of the Braburn Steel company.

John Caldwell, treasurer of the great Westinghouse Electrical & Airbrake works, who died at his desk.

James W. Brown, ex-congressman and millionaire steel magnate, died at a hunting club, where he had gone to recuperate.

Simon O'Donnell, vice-president and general manager of the Union Stock Yards company.

Albert B. Baxter, broker, oil and gas magnate.

John P. Ober, owner of vast business interests.

George L. Fisher, president of the Fisher Foundry & Machine company.

Twenty-five other men have died suddenly this winter, their wealth ranging from \$100,000 to \$500,000. Heart disease was the cause in nearly every case.

WILL OF 21 WORDS LEFT. Vast Estate of \$4,000,000 Disposed of by George McNear.

San Francisco, Jan. 6.—The will of the late George W. McNear, the millionaire millowner, who died here last week, has been filed for probate. The will consists of only twenty-one words.

By the terms of the instrument his widow, Mrs. Amanda McNear, is bequeathed his estate, amounting to \$4,000,000, and made sole executrix without bonds.

No mention was made in the will for the six children of McNear, who are Mrs. A. Bowles, John A. McNear, Fred W. McNear, George W. McNear, Jr., Seward McNear and S. Elizabeth McNear, as the late millionaire put absolute trust in the ability of his wife to carry out an adjustment of his estate equitable to all.

Taft Coming West Again. Washington, Jan. 7.—President Taft is still looking forward to a trip to Alaska late in the coming spring. He plans to go to the far northwestern territory immediately after the adjournment of congress. In announcing to a committee of New York congressmen today that he could not definitely accept their invitation to visit New York on May 30, the president said he might be on his way to Alaska at that time, or that congress might be in its closing days. In the latter event, he would not care to leave Washington.

Fire Destroys Palace. Athens, Jan. 7.—The royal palace at Tatoi caught fire at 10 o'clock tonight when the royal family were gathered around a Christmas tree. The flames spread, rapidly rising to a great height, and soon the right wing of the palace was practically destroyed. The fire is believed to have been due to illuminations on the tree.

The royal family escaped. So far as is known no one was injured. The king, who was not in the palace at the time, hastened home in a motor car.

Bourne Would Help Settlers. Washington, Jan. 7.—Senator Jonathan Bourne introduced a bill calling for \$250,000 for relief of Sherman county settlers who lost their claims because the court decided that their lands belonged to The Dalles Military Wagon Road company. Senator Bourne's bill bases all claims by settlers on T. B. Neuhausen's valuation of each tract and improvements made in 1904.

New York Recognizes Peary. New York, Jan. 7.—Hailing him as the discoverer of the North Pole, the chamber of commerce today elected R. E. Peary an honorary member.

A Real Danger.

"Gentlemen," said the president of the public service corporation, in his address to the stockholders, "it is my duty and pleasure to inform you that our balance sheet for the year now closing will show a highly satisfactory condition of affairs. We have added materially to our assets, and our profits have been such that we shall be able to declare a very handsome dividend. In fact, gentlemen," he added, lowering his voice, "our prosperity gives me some uneasiness. I cannot disguise or conceal from you an apprehension that J. Pierpont Morgan may have found it out and may be even now preparing to open his jaws and engulf this corporation in his 'capacious and insatiable maw!'"

A dense silence ensued, and a thrill of horror ran through the assembly.

"Well may we ask, 'Who is safe these days?'"—Chicago Tribune.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Maori Suffragettes. Women of the Maori tribe of New Zealand are now appearing as features of the show at the Hippodrome in New York City, and as they are educated and cultivated persons, and have the right to full suffrage in their native land, they chose three delegates to represent them at Mrs. Pankhurst's lecture in Carnegie hall recently. They were Kiri Matao, widow of an old Maori chief; Waapi, a young political leader and a prohibitionist, and Drana, who is 21, and cast her vote for the Conservatives at the last election. Englishmen in New Zealand have extended to women all the rights they themselves have, and that Mrs. Pankhurst and the English suffragettes of all sorts ask for.—Springfield Republican.

No Misrepresentation. Boarder (at summer resort)—Didn't your booklet say there were no mosquitoes here?

Proprietor—It did, sir, and it told the exact truth. We had the booklet printed in February, and I am prepared to prove that there wasn't a blamed (slap) mosquito within 500 miles of here at that time.—Chicago Tribune.

Slot Machine for Suicide. Washington.—"Drop a penny in the slot and get a ticket to the other world" might be the inscription on a machine that is suggested by Rev. Dr. Donald Guthrie, of Baltimore. Dr. Guthrie was talking on "Calvinism" at the closing session of the synod of Baltimore at the Metropolitan Presbyterian Church here. At the close of a plea for a wholesome, enthusiastic interest in life, he said: "Life has become so meaningless and so useless to some that I advocate the setting up of a suicide machine where one can deposit a cent and be killed easily and respectfully."
