It was otherwise in Nelson's time. The Victory, for example, was launched in 1765 and was therefore forty years old at the battle of Trafalgar, when she flew the admiral's flag and was accounted quite the finest line of battle ship in the British navy. And her cost, including her armament, was only about £100,000. - London Standard.

THIEF, WALKS INTO JAIL AND STAYS THERE.

Wanted by the sheriff of Wallowa county for several years on an old warrant, and wanted again on another warrant gworn out by Joe Wood in 1908, "Pete" Wilson very accommodatingly walked into Sheriff Marvin's North street sanitarium, Friday night, the key was turned, and Mr. "Pete" Wilson ceased to be a "wanted" man. Pete is accused of appropriating to h's own use horses the legal title of which is vested in other men. One Andy Heavern is also in Marvin's bastile under the same awful allegation. Andy didn't know Pete was wanted by anyone except himself and Andy did want "Pete" awful bad as a witness. Orders In Probate.

As the old year passed out and the new dawned upon us many of us made new resolutions, resolving that we would improve by looking at the errors of the past. Now, then, if you have not been trading with us the past year you do not know what you have missed in the way of saving money. Take our prices all through the year and you will find to your own satisfaction that we are as cheap, if not cheaper, than any house in the valley. The public knows that we have been all torn up repairing and enlarging our store. Many carpenters and workmen have been busy for the past ten weeks getting our building in good repair, so that trouble is about over, and we expect to give more of our attention to our many customers than we have been able to in the past. We have quite a large stock on hand that must be sold in order to get room for our spring stock, so come early and get our prices and we feel quite sure that you will be satisfied with our merchandise and also our prices.

## What Roads Owe to Salt. Roads, we are told, owe a great deal

to sait. According to one theory, the oldest trade routes came into existence as a result of the traffic in sait. One of the oldest roads in Italy is the Via Salaria, along which the people of the Sabine country obtained their salt from the salt pans of Ostia. Salt was the main merchandise carried in the translibyan caravans in the days of Herodotus, and salt is one of the chief elements in the trade along the Sahara caravan routes today. Salt and salt fish, it is interesting to remember, entered largely into the commerce of the Carthaginians. The latter, by the way, was considered a delleacy in those pre-Christian days .-London News.

Hard Luck. "People can talk of their troubles," said Mrs. Wagleigh, "but I think Mrs. Jones has the hardest luck of any one. She is absolutely deprived by nature of enjoying a woman's greatest pleasure. She's a deaf mute and can't talk. She can only use her hands. Now, if that isn't awful, tell me what is?" Mr. Wagleigh looked up from his evening paper. "I met her husband this afternoon," he said, "and he was tickled to pieces. His wife cut ber fingers with the bread knife yester-day, and now she can't talk at ali."-
