LATEST "HOT AIR" ELECTRIC RAILROAD

OBSERVER SAYS SURVEYS FOR LINE ACROSS BLUE MOUNTAINS ARE MADE.

That sooner or later a steam or electric railroad will be built across the Blue Mountains to connect the Walla Walla country with Wallowa and Grande Ronde valleys is as sure as fate, and a number of people here who have investigated the matter believe the time when this will be done is not far off. Here is the latest "hot air" on the subject as reported by the La Grande Observer of February 3:

"Tangible assurance comes from the head offices of Northwest Corporation Managers in Portland that the Walla Walla interurban railroad, owned and operated by the Northwest Corporation, will be built over the Blue Mountains, encompass the Grande Ronde valley, penetrate Wallowa county, and perhaps in time be extended through the Powder valley into Baker City, and that the coming April or May will see things being done, has been received within the week by a La Grande citizen prominent in municipal affairs. The assurance came to him during a visit to Portland while in conversation with Mr. Welsh, the supreme head of the company in this section of the country.

Surveys Over Mountains Done.

"It is a fact, established beyond a question of doubt, that the company has already surveyed a road over the Blue Mountains from Milton and runs adjacent to the Toll Gate and looks out upon the Grande Ronde valley just above Summerville. From that point on, surveys are yet to be done. This Mr. Welsh admits with-

out any degree of reticency, and it follows that, as he affirms, the coming April or May will see other steps toward the fulfillment of the plan.

"Philadelphia money is behind the movement and it is being spent lavishly here where the returns are visible to the seers.

Real Competition.

"When the road is built, it will be possible to carry freights and passengers and the freight will be turned over to the Northern Pacific at Walla Walla giving La Grande, when the plan materializes, a direct competitive line with the O. R. & N. Power for the project will be furnished from either the Minam or the Wallowa rivers or from the Des chutes river where the company now has a power site that will develop the enormous amount of 100,000 horse power."

Many Aspire For Enumerator Job

Eight Take Test Examination at Enterprise and Five at Wallowa.

A test examination of persons who desire the positions of census enumerators, was held in the public school building in this city Saturday afternoon, under the supervision of Postmaster Ben Weathers. Eight persons took the examination here, including one from Joseph, one from Lostine and two or three from the near by country.

The same day a test examination was held at Wallowa at which five persons filled the test blanks.

It is not known definitely how many enumeration districts there will be in this county, but probably eight or ten at least. Ten years ago there were seven.

The census this year will be taken for April 15 instead of June 1, as heretofore was the rule. The reason for the change is that so many people are away from their usual place of abode on the later date, especially city folk.

The queries the enumerators will ask are much the same as in preceding censuses, except the agricultural schedules, which are designed to give more details than ever before.

Enumerators in Eastern Oregon will be paid \$6 a day, except in the cities of The Dalles, Pendleton, La Grande and Baker City, where the pay will be 4 cents a name. The enumerators begin work April 15 and must be through in 30 days.

This county is in the second supervisor's district of Oregon. S. C. Beach, proprietor of a Portland printery and prominent in Republican politics, is supervisor.

B. B. BOYD BUYS ALDER SLOPE 177 ACRE FARM

The Enterprise Real Estate company has sold the D. C. Conner farm of 177 acres on Alder Slope, 5 1/2 miles west of town, to B. B. Boyd of this city. There are 120 acres of plow land on the place, the balance timber and grass. There are a family orchard, a big spring near the house and fair improvements. All the land is under the Alder ditch and one share in the ditch company is included in the deal. The price paid was \$6250.

Mr. Boyd has recently returned from an extensive trip through the middle states and southwest as far as Oklahoma and finds no place where land is so cheap, values considered, as in Wallowa county.

The same firm has sold two lots in Lockwood's addition to Prentiss Homan for \$575. There is running water on the lots.

OSTEO-PATHY

The foundation rock upon which Osteopathy is built is: "That an unobstructed flow of the body fluids must result in health and that disease of all kinds except traumatic is the result of one or more of these life streams becoming clogged."

That the clogging is mechanical and in most cases starts from some abnormality, (slight though it may be) of the bony structure is a fact which our medical brother finds hard to accept as true, but the truth of which is demonstrated every day by Osteopaths by treatment applied along the line of diagnosis.—Right Way.

REVIVAL SERVICES CHRISTIAN CHURCH

LARGE AUDIENCES HEAR EVANGELIST—DEDICATE, JOSEPH M. E. CHURCH SUNDAY.

Large audiences greeted Rev. Samuel Gregg at the opening services of the protracted meeting which he is conducting at the Christian church. Two powerful sermons were given Sunday and the meetings are starting with unusual interest. A quartet composed of Dr. Poley, Mrs. Corkins, Mrs. Poley and Mr. Sheets gave special music Sunday evening, and Mrs. Corkins sang a solo Monday night. There is a large choir to lead the congregational singing which is made a feature. Services will be held every evening this week except Saturday, and on Sunday afternoon at 2:30 Rev. Gregg will address a men's meeting at the Christian church, while at the same hour Mrs. Gregg talks to women only at the M. E. church.

Gift Lecture, Friday Evening.

Thomas Corwin Hiff, who is billed to lecture at the M. E. church Friday evening on the "Sunny Side of a Soldier's Life," is not only a lecturer of note, but is well prepared to handle his subject in a graphic and interesting way, as he was with Sherman on his famous march to the sea, and has tested both the hardships and the sunshine of a soldier's life.

The lecture is for the benefit of the parsonage fund and in attending you will be helping a worthy cause, and at the same time enjoy a rare treat.

Joseph Church Dedication.

The new M. E. church at Joseph will be dedicated next Sunday, and as a consequence the services announced for the Enterprise M. E. church in charge of Presiding Elder Gillilan have been postponed. Dr. Hiff and Dr. Gillilan will both assist in the dedicatory services, and it is probable a large number from this city will attend.

There was a lively chase in Joseph, Monday. Duncan found him near town, chased him to a farm barn and there captured him. If it is the man wanted he has already done time in the penitentiary.

ENTERPRISE WILL HOLD COUNTY FAIR

COMMISSIONERS OFFER STATE APPROPRIATION TO THIS CITY FOR 1910.

"Shall we hold a county fair at Enterprise next fall?" was the main topic of discussion at the meeting of the Commercial club Monday night. District Fair Commissioner S. F. Pace told of the recent meeting of the commission at La Grande. The state appropriates \$2000 for this district, \$1250 of which goes to Union county and \$750 to this if we hold a fair, otherwise the whole \$2000 goes to Union.

The commissioners from this county, Mr. Pace and C. T. McDaniel of Wallowa, give Enterprise the first chance to hold the fair, and judging from the expressions at Monday night's meeting the fair will be held here. However it was thought best to put the matter before an open meeting of the citizens.

This meeting will be held next Monday night, probably in the court room. Everybody is urged to turn out and make it a representative meeting of the city and vicinity.

CIRCUIT COURT TO MEET WEDNESDAY, FEBRUARY 23

The adjourned term of circuit court, called for February 8, has been postponed until Wednesday, February 23. The trial of the State vs. Heaverne is set for that date and will be the only jury case heard. All other work not requiring a jury will be given attention. A jury has been summoned.
