**SAVED BY WIRELESS**

**Call of Sinking Steamer Heard and Quickly Answered.**

**STEAMSHIP KENTUCKY IS LOST**

Captain and Crew of 48 Men Saved by Steamer Which Picked Up Call for Help.

New York, Feb. 5.—Once more the wireless has averted disaster, for the "S. O. S." signal of distress, quickly flashing through the ether, this morning summoned help to a sinking steamer and tonight Captain Moon and his crew of 46 men are safe on board the Mallory liner Alamo, while their vessel, the steamer Kentucky is at the bottom of the sea off Cape Hatteras.

It is another case of disaster averted by wireless and told to the world by the same medium.

The Kentucky, a wooden vessel of 996 gross tonnage and 203 feet long, was bound from New York to the Pacific coast for use between Seattle and Alaska ports for the Alaska-Pacific Steamship company.

First news of the Kentucky's distress was received at the United Wireless company's station at Cape Hatteras at 11:30 o'clock this morning. There the operator heard the "S. O. S." and quickly followed by this message:

"We are sinking. Our latitude is 23:10; longitude 76:30."

Almost simultaneously the operator heard the steamer Alamo respond to the Kentucky's call for help, informing Captain Moore that the Alamo was making all speed to the sinking vessel's assistance.

Thereafter no message was received from the Kentucky, indicating that water had interfered with the power, putting her wireless apparatus out of commission.

The navy department at Washington in the meantime flashed wireless messages along the Atlantic coast, dispatching the battleship Louisiana, which was on a 24-hour speed trial cruise, and two revenue cutters, the Yamacraw and Seminole, to the scene, but at 5 o'clock word came from the Alamo that she had arrived first and had taken off all hands in safety.

This is the message as received in New York by the United Wireless company from its Cape Hatteras station:

"Latitude 32:46; longitude 76:28—Steamship Alamo has just taken Captain Moore and crew of 46 men from the sinking Kentucky. Water had already reached the fire room and the steamer will sink before midnight. The Alamo is now proceeding to Key West."

**COAST ASKS PROTECTION.**

Seaports Need 50 Submarines for Defence in Time of War.

Washington, Feb. 5.—Ten submarines a year for the next five years is the program of naval construction for the Pacific Coast defenses that has been prepared by the members of congress from the states of the Pacific Coast.

This will be insisted upon strongly at an early date before the house committee on naval affairs.

Delegations from Oregon, Washington and California have organized to press this claim. Representatives Hayes, of California; Ellis, of Oregon, and Humphrey, of Washington, were appointed by the Pacific Coast delegation to lay their plans before the naval committee. Mr. Hayes strengthened his position in his argument by quoting from the report of the naval board of strategy and other government documents.

"The Pacific Coast is in a defenseless condition," declared Representative Hayes. "In San Francisco Bay the current is so strong that it is next to impossible to protect the entrance to the harbor with mines."

**Body Finds no Takers.**

Los Angeles, Feb. 5.—Contrary to the expressed wish of Moses A. Harmon, as contained in his last will, the body of the free thought advocate will not be turned over to New York or Chicago physicians for the instruction of classes in anatomy. Miss Lillian Harmon, who arrived from Chicago today to attend the funeral of the octogenarian, said that no physician had expressed a desire to take advantage of the strange bequest, consequently funeral services will be held tomorrow and the body will be cremated.

**Sugar Case Complicated.**

New York, Feb. 5.—The tangle in the sugar underweighing fraud cases was further complicated, if anything, by the hearing in the United States Circuit court here today. Counsel for Charles E. Heike, secretary of the American Sugar Refining company, while anxious to press the claims of immunity for his client on the ground that he had testified to material matters before the grand jury, did not wish to imperil his case.

**Father of Babe is 83**

**All Who Would Enjoy**

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the term implies. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living aright. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances a simple, wholesome remedy may be invaluable if taken at the proper time and the California Fig Syrup Co. holds that it is alike important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

Consequently, the Company's Syrup of Figs and Elixir of Senna gives general satisfaction. To get its beneficial effects buy the genuine, manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.
