EXPERT BRANDS REPORT OF OIL STRIKE A FAKE

In a letter to the Baker City, Democrat, P. W. Francis, the California expert reported to have stated the well sunk near Vale by Mr. Hunt of La Grande was a paying one, says the report is void of truth; that he (Francis) was not sent to Vale by anybody, that he never made any statement about that well or any other in Eastern Oregon. Mr. Francis does say however that the results of his examinations so far leads him to believe there is a fair chance to obtain oil in Eastern Oregon.

CHANGE TO SAVE MONEY.

L. Berland has just returned from Portland where he bought the largest stock of harness, saddles, and everything in his line that was ever brought to Wallowa county. He made especially good bargains this trip, buying at a big discount for cash, and he is going to give his customers the benefit of his buying. He says he will sell harness and saddles cheaper than ever heard of in here. Mr. Berland is the old reliable harness dealer of this county and always makes his word good as thousands who have bought of him in the past will willingly testify.

Wool Sales Days Have Been Fixed

Secretary Smythe Makes Formal Announcement—Enterprise and Wallowa County July 12.

Pendleton, Feb. 24—Through agreement between the executive committee of Oregon Woolgrowers association and the woolbuyers the schedule of wool sales dates for the coming season has been formally adopted. The schedule as announced by Dan P. Smythe, secretary of the state association, is as follows: Pendleton, May 24; June 10. Pilot Rock, May 27; June 11. Echo, May 25. Heppner, May 31; June 17. Vale, June 13. Ontario, June 14. Shaniko, June 7; June 21; July 7. Enterprise and Wallowa county, July 12.

In order to make the sales dates satisfactory to the woolmen in various districts the local associations were asked to suggest dates to the executive committee. This was done and then the complete schedule was drafted by the executive committee after conference with the representatives of the Boston woolbuyers association.

SWIFT PLANT WILL OPEN ON MARCH 14

BIG PACKING HOUSES TO START SOON—TALLEST BUILDING IN OREGON.

Portland, Feb. 24—The new packing plant of the Swift interests on the Peninsula is expected to start operations on March 14. Because of the magnitude of the work embraced in the Swift plans, there has been a delay in the original project of nearly a year in getting ready for packing but the plant is now practically complete. The opening of the plant means that 500 people will be employed at the start with a probability that the number will be doubled within the coming year. It will furnish a big livestock market for the farmers and stock raisers of the Pacific Northwest and other packing plants and factories for utilizing side products of the packing houses will be established.

Work on what will be the tallest building in the state, if not in the Pacific Northwest, will be begun March 10, when construction of the new Yeon building will start. The structure will be built at the corner of Fifth and Alder streets and will be 15 stories in height. Like the other new sky scrapers now going up in Portland, the structure will be a credit to any city in the country.

Passenger service on 25 miles of completed road at the west end of the Southern Pacific's Tillamook extension will be begun, it is expected, on April 1. Trains will be run from Tillamook to Vossburg, giving service to Bay City, Hobsonville and other intermediate points. Meanwhile work is steadily going on across the Coast mountains and by next fall it is expected trains will run through from Portland to Tillamook bay.

Oregon will be given another congressman, and possibly two, it is believed, after the coming census is taken. According to the basis of representation expected to be fixed by the new census, one congressman will be allowed for every 224,000 of population. The basis at present is one representative for every 192,182 of population. It is expected the coming census will show a population for the state of close to 800,000. This would give three congressmen and if the hopes of some are realized and the state is found to have 1,000,000, then four congressmen will be allowed.

Merchants Avoid Fake Advertising

Medford Business Men Save \$6000 By Standing Together On Proposition.

Hood River, Feb. 24.—The Hood River Merchant's association held its annual banquet in the Odd Fellows Hall, with about 75 business men present. Chas. B. Merrick, secretary of the Retail Grocers' association, spoke interestingly on the standardization of goods and prices. He attacked the fake advertising evil as represented by programs, hotel registers, etc., and said that many of the merchants organizations were profiting much by taking unkind action with reference to all such schemes. He said that during a period of eight months the Medford business men had saved themselves \$6,000 by standing together and turning down the fake schemes offered. Corvallis and other towns had shown similar results. He strongly recommended a liberal use of the local newspapers in advertising, and showed the great loss resulting to every merchant who tried to outdo his competitor by putting out calendars and other advertising novelties. He also suggested the manner in which newspaper advertising should be done judiciously. E. H. Hartwig, E. Bradford and E. C. Smith were also on the toast list.

Entertainment Is Postponed By Snow

Will Be Held at Colpitts School House March 8—Promise Local News.

Promise, Feb. 22.—The George Washington entertainment which was to have been given tonight at the Colpitts schoolhouse has been postponed on account of the deep freshly fallen snow. The new date set is March 8. The entertainment will consist of a program in honor of George Washington, rendered by the Colpitts school and others. After the program there will be a box supper. All are expecting an enjoyable occasion.

There will be preaching at Promise Sunday morning, March 6.
