HILL ROADS WILL ADVERTISE OREGON

CAR OF OUR PRODUCTS TO BE EXHIBITED THROUGHOUT THE EAST.

Portland, March 1.—Oregon is to get wide publicity throughout the East, during the coming year if the plan of Louis W. Hill, president of the Great Northern railway, works out. Mr. Hill proposes to gather exhibits of what Oregon raises and place them in an exhibit car which will be sent East and routed through the sections of the country where it will do the most good. That these exhibits will accomplish a great deal, accompanied as they will be by a lecturer, is certain and that many thousands of settlers will be brought to this state as a direct result is believed.

An actual demonstration of what this state can produce in fruits, grains, grasses, vegetables, etc., will unquestionably prove convincing to the easterner. Attractive literature will accompany the exhibit car, telling of opportunities here for the homeseeker, and the lecturer will answer questions about this state. President Hill asks support for his plan from Oregon people in the gathering of exhibits with which to equip the car. His company now has representatives in this state collecting information to be used in the advertising campaign to be waged by Mr. Hill.

Portland is to have an aviation meet March 5, 6 and 7. Business men have organized a three-days exhibition of flying machines and D. O. Lively has been made manager of the event. Charles K. Hamilton, celebrated aviator who made flights at the Los Angeles meet and captured

many prizes, will be the star of the coming contests and will try to set new world's records for altitude, high and low speed flights. Four local aeroplanes will be entered in the contests, while Mr. Hamilton will bring Curtiss, Wright and Farman biplanes, which he will fly.

A remarkable sale of Oregon fruit lands was that made during the past week when the Burrell orchard, of 605 acres, near Medford in the Rogue River valley, passed to new owners for the record-breaking figure of \$500,000. Captain Gordon Voorhies, of Portland, sold the property to C. M. Speck and associates, of Spokane. The orchard has a splendid record, returning a fortune each year from its large acreage of apples and pears. It is said a portion of the orchard may be subdivided and sold in small tracts by the new owners.

Since the Portland Union stockyards opened for business last September, 2189 cars of livestock have been handled there, representing an approximate valuation of \$4,000,000, according to Manager D. O. Lively. The market thus established has been of great value to the city and to livestock growers throughout the Pacific Northwest for competition for their products has resulted in better prices and quicker sales than formerly. Hogs this week have been hovering around the \$10 mark and mutton has been very high as well.

Biggest Overflow In Sixteen Years

Melting Snow of Prairie Creek Comes Down in Great Flood.

The biggest flood since 1894 swept down Prairie creek and on down the river Tuesday and Tuesday night. The rain and warm wind of the preceding night melted the snow that lay a foot deep all over the Prairie Creek country, and with the streams pouring out of all the passes and off the hills that surround that big basin made a vast quantity of water that the narrow banks of the creek could not contain. The overflow spread over the low lands, bridges were swept from their foundations and considerable damage was done to fences, roads, etc.

The lower parts of town were flooded and a number of families compelled to move out. River street was overflowed from the rink south past the Steel property, the torrent rushing knee deep over the road. Depot street was impassable and a number of houses in that part of town were surrounded by water.

The flood reached its highest at 9 o'clock Tuesday night and by Wednesday morning all danger of further damage was at an end. The continued warm weather is taking the rest of the snow but the overflows are not so high.

Several narrow escapes of persons attempting to drive along overflowed roads were reported, but no accidents happened except the mishap to Marshal Hug. While attempting to save some water pipe being swept across River street near the rink he lost his smoke pipe and got his feet wet. The bystanders thought the city ought to pay for another pipe as it was lost in line of duty, but agreed that the feet wetting did more good than harm.

Railroad Traffic Tied Up. Land slides in the Grande Ronde canyon below Elgin blocked railroad traffic on the branch Monday. The two trains came as close together as possible and exchanged mail and passengers. Tuesday three slides in the Wallowa canyon near Minam prevented the train going further than Wallowa, whence it returned to Joseph. Wednesday it came only to Enterprise. The engine went a few miles below town and returned with the report that benches of two bridges near the Sam Wade place were washed out and about 120 feet of track gone.

A steam shovel is working on the slide in the cut below Elgin, but as the wires are down Agent Butler cannot give any idea when traffic will be resumed—probably not before Friday or Saturday.

Do not purchase your Easter post-cards until you have inspected the beautiful assortment soon to be placed on sale by the ladies aid of the Methodist church.

SHEEP WINTERED WELL WITHOUT HAY ON IMNAHA

The range on Imnaha looks good with the snow all off, except a little on the north hill sides, and the grass tall and green, says Luther Stumbaugh, who

came out the first of the week on his way to attend the meeting with the district forester at Wallowa.

Mr. Stumbaugh's place is three miles below the bridge. He wintered 3,000 sheep without hay and says they came through in fine shape, with only the loss of 19 ewes and 58 lambs or about the average per cent, and they principally from coyotes.

The report of losses of cattle have been exaggerated. The best posted men down on the river are placing the average loss at not over 10 per cent, practically all from sliding. Of course some owners have lost a great deal more, while many have lost less.

WEDDING BELLS.

Miss Myrtle Watt and Mr. Harry Winings, popular young people of Lostine, were married at the home in this city of Mr. and Mrs. Wm. Daisley, Sunday evening, February 27, at 8 o'clock, Rev. C. E. Trueblood of the Methodist church, performing the ceremony. Besides Mr. and Mrs. Daisley, Miss Winings, sister of the groom, was present.

The bride and groom are very highly respected and esteemed by a large circle of friends who wish them a long life of joy and happiness. They will go to housekeeping at once on the farm at Sheehan place, three miles south of Lostine.

Paradise Reports Hay Scarce There

Shelton Sleds It Down to Grande Ronde River For His Sheep.

Paradise, Feb. 25. — People are growing about the deep snow.

O. C. Akin bid on the mail route from Paradise to Anatone, Saturday.

Mrs. Lillian Castor and husband are visiting the former's parents, Mr. and Mrs. Joe Beach.

Hay is scarce here and the bizzards necessitate heavy feeding. Bailey Shelton is hauling hay from Paradise down to the Grande Ronde river on a sled for his sheep.

The Peter Fordney store is closed at present by an order from the administrator.

Roy Falls and wife visited in Lostine last week. Lake Osburn and family of Lost Prairie visited in Paradise Saturday and Sunday.

BIDS FOR WOOD WANTED.

The County Court of Wallowa county will receive sealed bids to supply the county with 50 cords of four-foot wood to be delivered at the new court house in Enterprise, and 75 ricks of sixteen-inch wood to be delivered and ricked in the basement of the county high school building in Enterprise; all the wood to be cut from green timber and seasoned, and delivered by November 1, 1910. Bids will be received in the office of the county clerk up to noon, Saturday, March 19, and they will be opened at 2 p. m. of that day.

By order of the County Court. 28c3 W. C. BOATMAN, County Clerk.

Get Second Homestead. Washington, D. C., Feb. 28.—The McCumber bill to provide for a second homestead entry to be made by any person whose first entry has been forfeited, abandoned or lost for any reason except cancellation for fraud or by relinquishment for a valuable consideration, was favorably reported today by the senate committee on public lands.

ACQUITTAL VERDICT IN HEAVERNE CASE

JURY OUT ONLY FEW MINUTES—ADJOURNED SESSION CIRCUIT COURT ENDS.

The jury was out but a few minutes Friday night and returned a verdict of not guilty in the Andy Heaverne case. Heaverne was charged with larceny of a horse, the ownership of which was claimed by Guy Horner. Heaverne says the horse was his and never included in the bunch sold to Horner. Evidently the jury took the same view for only one ballot was taken, it being unanimous for acquittal. Burtleigh & Boyd were Heaverne's attorneys. District Attorney Ivanhoe and Deputy Dill for the state.

With the end of the Heaverne case the adjourned session of the November term of circuit court was closed. Following are additional Court Orders.

N. C. Longfellow vs. Huffman & Son. Mandate of supreme court, reversing and remanding case. Held for new trial.

V. M. Gregg vs. Wm. A. and Sarah A. Davis. Demurrer of Piff. overruled. H. R. Hanna appointed referee to take testimony.

Emeline Akin vs. F. D. Akin. Decree of divorce and plaintiff given the three minor children.

W. I. Dishman vs. A. J. Harris. Plaintiff's motion to strike out portion of defendant's answer, allowed. Louie Lee Long vs. Rolla I. Long. Decree of divorce, and plaintiff given custody and control of the minor child, Vernon Wade Long.

State of Oregon vs. Al Emmons. Indictments No. 1, 2, 3 and 4. Leave given Deft. to withdraw former pleas of guilty and enter pleas of not guilty. Upon motion of district attorney all four cases were dismissed.

State of Oregon vs. Andy Heaverne. Jury verdict of not guilty.

About the Germ Class.

It maintains with all other scientists that evil germs, to which so many diseases are due, will pass into the system and out again without doing any harm, unless they find weakened tissue in which to grow and multiply. But it holds, apart from the older schools, that the weakened tissue will be made right, and the germs vanish, if the proper blood supply to the part is re-established.
