About 30 friends of Miss Nettie Brock gathered at the home of Mr. and Mrs. J. M. Conley, last Friday evening, for the purpose of giving her a farewell party. **OSTEOPATHY IN LA GRIPPE.**  
Osteopathically viewed, la grippe presents this condition: Inflammation in the posterior layer or deep spinal muscles which in severe cases leads to the formation of slight adhesions and cicatricial or scar tissue, which in turn necessarily put pressure upon the nerves passing out of the spinal cord in and through the affected area, thus causing death of nervous energy, weakness and disease in the organs controlled by such nerves. And no amount of treatment administered upon symptomatic effects merely, in such cases, can be productive of permanent results. Osteopathy seeks and removes the cause, and so the dreaded after effects are avoided.—Right Way.

**Colonist Rates**  
To OREGON and the Great Northwest

The management of the Oregon Railroad & Navigation Co. takes great pleasure in announcing that the low rates from Eastern cities, which have done so much in past seasons to stimulate travel to and settlement in Oregon, will prevail again this Spring DAILY from March 1 to April 15, inclusive.

**People of Oregon**

The railroads have done their part; now it's up to you. The colonist rate is the greatest of all home-builders. Do all you can to let Eastern people know about it, and encourage them to come here, where land is cheap and home-building easy and attractive.
