BIG RANCH DEALS MADE THIS WEEK

RAGSDALE SELLS 1700 ACRES—MALEY PLACE SOLD—ANOTHER GOOD BUY.

C. P. Ragsdale has sold during the past week over 1700 acres of his Trout Creek ranch to outside parties at \$15 an acre. The deals were made through the Enterprise Real Estate company.

J. A. Badeley of Athena, Ore., bought 700 acres at the lower end of the ranch, including what was formerly known as the Sprague and Goodman homesteads. It consists of a large proportion of good wheat land. Mr. Badeley, who recently sold a section of land near Athena at \$100 an acre, is coming to make his home here and has already given orders to rent a house in town until he completes improvements on the ranch.

About 920 acres of the Ragsdale ranch were bought Friday by John C. Glass of Spokane and A. B. Shaw of Seattle. The new owners will move here and live on their places. This purchase includes the sheep and lambing corrals and the main ranch house, barns, etc.

Mr. Ragsdale still owns over 700 acres mainly east of Trout Creek. He bought the ranch in the fall of 1907 of Sam Litch, paying \$10 an acre.

Another Big Deal.

S. D. Keltner and C. S. Bradley of this city have bought the well known Silas Maley homestead on Prairie Creek for \$5000. This is a fine place, under the ditch, and has been eagerly sought by local investors for some time. Mr. Maley was one of the earliest settlers here but of late years he has resided at Newport. He came back a few days ago to dispose of his holdings preparatory to going to Honolulu to live.

This ranch sale is considered an extremely good buy. The deal was made thru W. E. Taggart, the pioneer real estate dealer.

Timothy and Timber Ranch.

J. A. Burleigh and Daniel Boyd have bought the I. Harvey timothy and timber ranch 12 miles north of this city for \$2000. It is a fine place and good judges say it went at a very low price.

WOMAN'S AUXILIARY MEETS TO EFFECT ORGANIZATION

A number of ladies met at the Christian church Thursday afternoon for the purpose of organizing a woman's auxiliary of the Commercial club. A temporary organization was effected by electing Mrs. C. M. Lockwood chairman and Mrs. B. B. Boyd secretary. Committees on constitution and by-laws and on the nomination of officers for a permanent organization were appointed and the meeting adjourned to meet

at the court house at 7:30 Tuesday evening, March 29. Every lady in Enterprise and vicinity is cordially invited to attend and become a member of the auxiliary.

SUNDAY SERVICES.

There will be regular preaching services Sunday morning and evening at the Christian church.

M. E. Church services: Sunday school 10 a. m.; preaching at 11 a. m., subject, "The Message of Easter;" union young people's meeting at 6:45 p. m.; Easter program by the Sunday school at 7:30 p. m. Rev. C. E. Trueblood, pastor.

DEATH RECORD.

L. B. Haggarty, an old and esteemed resident of this city, passed away at the home of his daughter, Mrs. Ben Weathers, at 9:15 o'clock, Friday evening. Funeral services will be held from the home Sunday morning at 10 o'clock, conducted by Rev. W. P. Samms. An obituary will be given next week.

Call and see the new arrivals in Men's, Boys' and Children's Suits for Spring. Both the styles and prices will attract you. E. M. & M. Co.

Five More Alder View Lots Sold

Great Activity in City Property—Emmons Buys Keltner Corner—Other Sales.

Daniel Boyd has sold five lots in Alder View recently, that favorite residence section of the city getting its share and more too of the veritable boom in city lot sales.

Glen E. Odle bought one of the lots and will begin the erection of nice cottage home at once. The other purchasers were C. S. Haney, Mary F. Rankin of Salem, I. Harvey of Eagle Point and Joe Allen.

Mr. Boyd is a hearty believer in newspaper advertising and attributes many of his recent sales to his ads in this paper.

Keltner Corner Sold.

S. D. Keltner has sold the quarter block at Greenwood and West First streets to J. W. Emmons for \$3500. It is improved with two buildings and is a very desirable property as it adjoins the business district. Mr. Keltner bought the corner last summer of E. B. Wheat for \$3000.

Many Lot Sales.

The Enterprise Real Estate company reports the sale of the following city property:

The Delbert Homan residence on West Main street to Prentiss Homan for \$1400.

Two lots in Lockwood's subdivision to Delbert Homan, two lots from Prentiss Homan figuring in the deal.

The lots in the northeast part of town recently bought by L. Berland of Frank Melotte, to Dave Steel for \$500.

Two lots in Lockwood's subdivision from F. A. Wagner to L. A. Davis for \$350.

Regarding Diseases of Woman.

In all of those maladies from which woman suffers under modern conditions of life, Osteopathic treatment is especially useful and may be fully relied upon. In no field have Osteopaths had wider experience than in this; and much of the early fame of the science was due to its unparalleled success in the treatment of these cases. The necessity of dangerous operations is obviated in very many cases—which is a great deal in itself aside from the fact that the health of the patient is certain to be better after a natural recovery thru Osteopathy than it can possibly be after mutilation by the knife of the surgeon.

Neither is there any reason for the belief that many hold that the treatment is especially embarrassing. While local treatment is often needful—in which case it would be foolish of the patient to object and culpable in the Osteopath not to administer it—yet in a very large proportion of cases it is not required; and the spinal treatment that is an essential in practically all of these cases is administered thru a garment.

There is every reason for woman in her sufferings from maladies peculiar to her spinal anatomy, to regard Osteopathy as her best friend and strongest ally.—Right Way.

PASS DRASTIC NEAR BEER ORDINANCE

COUNCIL FIXES HEAVY PENALTY—GOVERNMENT LICENSE SUFFICIENT PROOF.

A drastic anti-intoxicating beverage ordinance was passed by the council at its meeting Monday night, March 21, that is expected to close up the near beer places, of which two have been running in this city without payment of city license. The possession of a government license is stated to be sufficient evidence to declare the place a nuisance. The ordinance is published elsewhere in this paper. Councilmen Bickford, Combes, Funk and Hockett voted yes; Councilman Graves was absent.

The marshal was also instructed to strictly enforce the ordinance closing the pool rooms at 10 o'clock on week nights and all day Sundays. After some discussion the council decided to keep the city water ditch in its own hands, and it will be cleaned out and placed in repair. This will be good news to owners of gardens and shade trees.

It was voted to vacate Main street from the southeast corner of S. E. Combes' property in an angle to 30 feet from the southwest corner of the same property. No notice of the intended vacation has been published or ordinance passed.

The sidewalks washed out by the recent flood on Depot street were ordered replaced. Pipe and connections for tapping mains were ordered, also 1200 feet of 6-inch pipe. The committee on securing a new council room reported "progress." Following are the

Owners of Range Stock Informed

Census Supervisor Sends Circular To Prepare For Enumerator's Visit

Census Supervisor Beach of this district is sending out circulars of information to owners of live stock in this county wherever he has been able to secure the names. This circular is to prepare stock owners for the visit of the enumerator. For the information of those who fail to receive a circular, it is herewith printed in full:

Portland, March 23, Dear Sir—The proper method for securing an accurate census of the live stock in the states making use of the public domain or range for the feeding of cattle and sheep has been the subject of much consideration by those in charge of the thirteenth census.

It has been decided by the Director of the Census that the enumeration of live stock shall be under the direction of the Supervisors of the census. The plan, as agreed upon, is to allow the enumerators to collect the statistics concerning live stock on the general agricultural schedule at the same time that they are engaged in collecting the statistics concerning population and agriculture.

As supervisor of census in your district, I am very anxious to obtain a complete and accurate census of live stock. This will be impossible without the cooperation of the live stock interests; and in order that you may be prepared for the visit of the census enumerator, which will be on April 15 or shortly thereafter, I am inclosing a copy of the general agricultural schedule on which the enumerator will report your farm or ranch. I trust that you will read the instructions printed on this schedule and fill it out as completely as you can in advance of the enumerator's visit, giving especial attention to the

number and value of live stock in your possession.

You should report all domestic animals on your farm or ranch on April 15, 1910. If you make use of the public domain in connection with your farm or ranch, you should report all domestic animals belonging to you and under your care on that date, even though a part or all of them are being grazed on the public domain, and are not kept on your farm or ranch. However, if you have given out any of your live stock to be taken care of on other ranches or farms, you should not report such live stock on the schedule sent you. They will be reported on the ranch where they are kept and not on your ranch.

The advance receipt of this schedule will not only give you an opportunity to prepare careful answers to the questions asked, but will save both you and the enumerator considerable time when he calls to see you. The information given by you to the enumerator will be held in strict confidence. It will not be imparted to another branch of the Federal Government nor to any tax assessor. I, therefore, earnestly bespeak your assistance and cooperation. Very respectfully, S. C. BEACH, Supervisor.

Demonstration Train Greeted By 1500

Large Crowd Gets Benefit of Lectures By Experts—Much Practical Information Given.

A burst of cheers greeted the demonstration train when it pulled into the Enterprise station Thursday, and the Oregon Agricultural college yell was enthusiastically given by a host of students who were, students who are, and students-to-be. It is estimated that 1500 people, among whom were many prominent farmers and stockmen, viewed the exhibits, and the O. R. and N. and college officials in charge were much pleased by the large attendance and great interest shown here.

There were all kinds of interesting practical things, for the gardener, the dairyman, the poultryman, the farmer and the stockman.

A. A. Morse, special representative of the O. R. & N., presided and introduced the speakers: Dr. Withycombe, Prof. H. B. Scudder, who spoke of soils and tillage, Prof. F. L. Kent, on dairying, and D. O. Livesay, of the Portland Union stock yards, on live stock. All gave much valuable information condensed into short speeches, the fine stock were shown, the cow milked by electricity, and pamphlets on various subjects distributed to those interested.

All mustard seeds contain a ferment, myrosine, and a glucoside called sinabline. This ferment acts upon the sinabline in the presence of water, producing the essence of mustard in which is found the characteristic excitant.

WALLOWA COUNTY STEERS TOP PRICE

COMBES & HOTCHKISS GET HIGHEST MARKET EVER KNOWN AT PORTLAND YARDS.

Again Wallowa county stock has broken the record for price on the Portland market. A carload (26) of steers shipped from this city Saturday, by Combes & Hotchkiss, sold Tuesday at \$6.75 per hundred. The steers averaged 1213 pounds, so the average price of them was \$81.88 each. How's that for high?

This is 15 cents a hundred pounds ahead of anything heretofore offered at the Union stockyards of Portland. The preceding day two carloads sold at \$6.60, which was 10 cents higher than ever before.

Cows are selling at \$5.50, the highest price ever reached on Portland market.

Hogs continue to soar as if they had wings, the top being \$11.75. Bacon, the standard poor man's food since the Lewis & Clarke expedition, is now out of the reach of everybody except Wallowa county residents, who sell the hogs, cattle, sheep or wool that everybody else must pay the big price for.

Humbling a Lawyer. A prominent Indianapolis lawyer tells a story of a letter he dictated to a new stenographer to a client in Cincinnati. The client, a new one, had asked his opinion as to certain business relations here. He dictated like this:

"Dear Sirs—Yours of the 6th inst. at hand. My first blush opinion as to the matter," etc.

The new stenographer wrote the letter and submitted it to the lawyer. Since she was a new stenographer he read the letter with care—to his everlasting relief. She had written it:

"Dear Sirs—Yours of the 6th inst. at hand. My first gush of opinion as to the matter," etc.—Indianapolis Star.

Very Dry. A codfish breakfast and a rubber coat will keep a man dry all day.—Lippincott's.

NOTICE OF FINAL SETTLEMENT.

In the matter of the Estate of L. J. Rouse, deceased. Notice is hereby given that the undersigned, Administrator of the estate of L. J. Rouse, deceased, has filed in the County Court of the State of Oregon, for Wallowa County, his final account as such administrator, and that Monday, the 25th day of April, A. D., 1910, at the hour of ten o'clock, in the forenoon of said day, at the Court House, in Enterprise, Oregon, has been fixed by said Court as the time for hearing of objections to said report, and the settlement thereof.

Dated, Enterprise, Oregon, March 23, 1910.
