

A FEW REASONS WHY WE ASK YOUR TRADE

1st. Because our line of General Merchandise is as a whole the most comprehensive shown in this county; and is better adapted to your requirements than others for it was selected with the experience acquired in supplying the local trade for twenty years.

2nd. Because this experience has demonstrated the fact that only the better qualities are acceptable to you, and that poor quality at any price does not appeal to you. We therefore eliminate the cheaper grades from our purchases, and offer in every item the quality which we can and do guarantee satisfactory.

3d. Because with us your money is as good as your neighbors and you are entitled to the same price on the same terms and quantities purchased, and the same way with your produce in the same kind and quality. Therefore no discrimination.

4th. Because our discount for cash is a fair one between the cash and credit customers, and practically based on the interest rate for use of money. One gains the discount, the other the time, and in either case the goods cost but 95 cents on the dollar on the basis of 5 per cent discount, or six month's time; which on a majority of your purchases is just that much less than the amount asked you by the houses selling only for cash, and cutting a few prices only on the many thousand items you have to purchase. We therefore submit to you our claim of having the lowest average price on your requirements.

5th. Because we furnish you the most goods for the money, when quality and price are considered, and while we do not claim our price to be lower on every item, yet one could purchase a bill from us with his eyes shut and the price would average lower than from any other source in this market; and why?

6th. Because our methods and policies are adopted after careful consideration of the interest of our patrons as well as our own, and with the view of building a larger and better business each year by better service and lower prices. The anticipated results of these reciprocal measures have been more than realized by the marked growth of our business; resulting in a much larger outlet for merchandise and consequently placing us in a better position to hammer down the price when we buy.

In proof of our claims we refer to the following prices which are figured as the actual cost to you, based either on our cash discount or the benefit of time given on account. These prices in a great measure we have offered since the railroad reached Enterprise; with some gradual reductions which our facilities have made possible, even under the condition of an upward tendency in the general cost of production so apparent to every one. In submitting this list we have not only taken a few, but many of the goods required, and on which the merchant must necessarily make a profit to justify carrying on a business.

Space here prohibits a more extensive list of prices, but these fairly represent some of the money saving opportunities we offer, and we believe they will correct the possible erroneous idea in the minds of some that because we accommodate with credit, our prices must necessarily be higher than those quoted by others who refuse this favor. Soliciting your patronage on the merits of our goods and prices; with the desire to better serve you, and each year become a more important factor in the distribution of merchandise, and the development of Enterprise and Wallowa County, we are yours respectfully,

The Easter services at the M. E. church were enjoyed by a crowded house. The decorations were very elaborate, crosses and bells, potted plants and Easter lilies being used with beautiful effect. The program by the younger members of the Sunday school was excellent. The Juvenile choir, which is under the direction of Miss Browning, gave several selections, reflecting credit on instructor and choir. Miss Browning also favored with a solo, and Mr. Burleigh, who is always interesting, gave a short Easter address.
