Parks in New York.

The State of New York is very well supplied with parks. In his recent message Governor Hughes said: "The State's total holdings in the Adirondack and Catskill mountains now amount to 1,641,523 acres, of which 52,549 acres were required during the past year. The area of the proposed Adirondack Park is 3,313,564 acres, and that of the proposed Catskill Park 576,120 acres, making a total of 3,89,-684 acres.

When it is completed the Adirondack Park will be larger than the Yellowstone, which has 2,142,170 acres.

CHURCHES JOIN GRAFT CRUSADE

Pittsburg Ministers Make Effort Arouse Sentiment.

Many Councilmen Expected to Resign Without Protest—Banks are Called Upon to Testify.

Pittsburg, March 29.—The Lenten season, which ended Sunday, has been too short a season of penitence for Pittsburg, and it will be continued with promise of even more startling confessions of graft this week.

In several hundred churches the feature of the Easter services was the reading of a circular letter issued by a civil committee, urging the members of every congregation to attend a huge indignation mass meeting to be held some day this week. Sermons, too, were designed to arouse public condemnation of such practices as have been revealed. Lessons in civic cleanliness were drawn by many pastors.

It having been pretty thoroughly established, according to District Attorney William A. Blakeley, that at least $102,500 was used in influencing legislation, the source of the money and the dispensers of it are to be the focus of the grand jury's attention tomorrow morning.

A considerable portion of the big bribe fund is charged to certain banks that sought to get city deposits. They succeeded, but it is the desire of the grand jury, as pronounced in its report of Friday last, that the bank deposit ordinance be rescinded, and the banks, if found guilty, be deprived of the use of city money. It is known that some representatives of the banks are to be called tomorrow to testify.

The six banks that have been named by the grand jury as having been involved in the scandal are the Columbia National, the German National of Pittsburg, the Farmers' National Deposit bank, and the Second National, the German National, of Alleghany, and the Workingmen's Savings & Trust company.

The directorate of the Farmers' National has announced that it will comply with the district attorney's call for information and the Second National has prepared a certified statement which is to be presented to the grand jury tomorrow. The other banks have taken no action.

It was still unlearned tonight whether Charles Stewart in his talk with District Attorney Blakeley told all he is believed to know of the men higher up. Stewart is an ex-Select councilman, who was declared by the grand jury in its presentment Saturday to have been the man to whom $45,000 of bribe-tainted money was given at the Hotel Imperial in New York.

ETNA MAY CAUSE TREMBLOR.

Pent-Up Lava Likely to Force Passage, Scientist Believes.

Catania, March 29.—While the quantity of lava from the craters of Mount Etna continues to decrease, the internal activity of the volcano was stronger today than yesterday. Frank A. Perret, the American authority, believes that the decrease in the flow of lava is due to obstructions in the new craters, which prevent its flowing freely, and that in a few days, the molten mass will either force a passage or an earthquake will result. Mr. Perret went today from Nicolosi to the Alpine club refuge, which is situated near the craters, and later telegraphed down as follows: "The activity of Etna today is stronger, but the lava is slower. Terrific explosions in the interior of the mountain continue."

Muskrat Drains Fish Pond.

Spokane, Wash., March 29.—Near Kalispell, Mont., boring a hole in an embankment that sustained one side of an artificial fish pond, a muskrat a few days ago drained the pond and caused the loss of many of the fish, many of which, instinctively heading up stream when the waters began to fall, floundered into a small creek that poured into the pond and escaped into small marshes that lined the stream. The pond was owned by Richard Greig, who stocked it several years ago with trout from a government fish car.

Gun Explodes; Eight Die?

Manila, March 29.—A report reached here today that a gun on the United States cruiser Charleston exploded during target practice, killing or wounding eight men. The Charleston is returning to Manila from Olongapo. No details of the reported accident have been received here. The Charleston is the flagship of Rear Admiral John Hubbard, commander in chief of the Asiatic fleet. Her commanding officer is Commander John H. Gibbons.

Men Fight With Knives.

Walla Walla, March 29.—As the result of a battle with knives between four Italians and six Japanese early this morning two Italians were seriously wounded. Antonio Ponti, one of the participants, may die from his wounds. Two Japanese were arrested. The fight arose over the possession of a bicycle.

Stomach Ills May Seem Trifles

At the start, but that is when you want to take the matter in hand. Neglect can only result the one way—sickness. The stomach is largely responsible for one's health and strength and as such it needs to be kept in a normal condition. If it becomes weak, the food remains undigested, ferments and causes untold suffering. Thus you lose the strength-giving properties of your food and you become weak and run down. This is very noticeable at the beginning of Spring when the system is overloaded with Winter impurities, the bowels clogged and the blood thick. No wonder you have the "Spring Fever." Commence taking Hostetter's Stomach Bitters this very day and cleanse the entire system. Then your Stomach Ills will also vanish. It is for Sick Headache, Indigestion, Dyspepsia, Spring Fever, General Debility and Malaria.

KASPARILLA

This sterling household remedy has long been recognized as the best and safest Blood Purifier, the most successful prescription for spring humors and such disorders of the blood as boils, pimples, pustules, blotches, sores and cutaneous eruptions. Kasparilla is admitted to be the best remedy for that lack of energy and the peculiar debility so prevalent during the close of winter and the opening of spring. For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value.

The Youngest Admiral.

Captain David Beatty will shortly have the distinction of being the youngest rear-admiral in the British navy. His forthcoming promotion at the early age of thirty-eight has been the subject of a special Order in Council.

To qualify for promotion under the regulations a captain must have served during peace time for a total period of six years. The Admiralty petition sets forth that, owing to the abnormal shortening of the time on the captains' list, it is anticipated that Captain Beatty will reach his turn for promotion before he completes the full period of six years.

It is also pointed out that he was severely wounded in action in China, and was consequently prevented from receiving an appointment for a considerable period.

In these circumstances the Order directs that Captain Beatty shall be promoted to flag rank in his turn, notwithstanding the regulations.

Captain Beatty is an Irishman. His wife is a daughter of an American millionaire, the late Marshall Field, founder of the great dry goods store in Chicago.

Nelson was promoted to the rank of rear-admiral in his thirty-ninth year.
