In this issue appears the professional card of Charles Thomas, who has opened a law office in the new brick office building recently completed by A. C. Miller, and he doubtless will receive a liberal share of the legal business as a member of the Wallowa county bar. Mr. Thomas was for many years a practicing attorney at Bedford, Iowa, and a clipping from the Times Republican has his to say of him: "Gone West—Attorney Charles Thomas left Friday morning for Enterprise, Oregon, where he expects to make his future home. It is doubtful if any man ever let Bedford to make his home elsewhere whose going caused more universal regret and who carried with him the more sincere well wishes of the community generally. Mr. Thomas is a lawyer, and as such has taken a prominent part in many controversies which were settled in a court of law. Usually, a man who is worried in a lawsuit has more or less ill feeling for the lawyer on the other side who caused him to be defeated. But if there is one man in this whole county who has been beat in a lawsuit where Charles Thomas was the other man's lawyer and for this reason holds a grudge against him, the writer has never heard of him. Mr. Thomas is loyal to a client, and will do anything that is honorable to win; but no case is so important that in order to win would Mr. Thomas deviate one iota from the course dictated by honor and fairness. The secret of his popularity is that he is honorable in all things, and believes in giving every man a fair deal."

Much Good Land Restored To Entry

Over 165 Tracts Will Be Thrown Open To Filing Next Month.

The proclamation restoring to entry certain lands in the Wallowa National forest will probably be issued early next month. While the amount to be thus restored is not as great as recommended by Supervisor Harris, yet a large number of sections of good agricultural land will be thrown open to settlement in this county.

Most of the restored land will be in nine townships lying north of this city, and all unappropriated land in townships 3 and 4 north, 42. In the last two named townships there will be perhaps about 65 or 70 tracts, and in the nine townships near this city over 100 tracts.

Most of the tracts have more or less timber on them, and many have excellent meadow land and springs.
