TWO KILLED IN RAILROAD WRECK

ENGINEER'S LIFE IS SACRIFICED FOR PASSENGERS.

BURLINGTON TRAIN DITCHED

Engineer Gordon and Fireman Meyers Crushed to Death Under Locomotive.

NORTH YAKIMA, April 25.—While running at a speed of 30 miles an hour past Selah station, six miles northwest of North Yakima, the Burlington passenger train No. 41, over the Northern Pacific railroad, was wrecked Sunday. Engineer William Gordon, of Ellensburg, and Fireman Meyers, of Pasco, were instantly killed, and R. Pratt, of Seattle, a mail clerk, and William Brogan, of Seattle, mail weigher, slightly injured. That many passengers on the heavily loaded train were not injured was due to the presence of mind of Engineer Gordon, who lost his life in the effort to save those under his care, when he shut off the steam, threw on the air brakes, and even placed the emergency brake in the 400 feet the train ran from the time it struck the open or defective switch.

Conductor Churchill, who was taking tickets in the day coach, says when the engine left the track the train was going at the normal speed of 30 miles an hour. Suddenly the air brakes were set, the engine whistle gave the short distress blast, and a second later the crash came.

The engine, No. 280, pulling the train, had left the main line, and gone into the switch just east of Selah, jumped the track and been dumped over an embankment about five feet high. Forced by the momentum of the heavy train, the mail car had swept by the overturned engine and been turned about a quarter over, and the baggage car had followed. Both cars were badly damaged. Apparently, after giving the warning signal, Engineer Gordon had attempted to get from the cab, for his body was found between the boiler head and the tender. The body of Meyers was found pinned under the tender, his arms outstretched.

STORM LOSSES IMMENSE

West Must Go to Rescue of East, as Fruit and Vegetables Are Ruined.

CHICAGO, April 25.—Western and other fruit-producing states will be called upon this year to supply all of the Middle Western states, in addition to their regular business, for so fruit, with the possible exception of strawberries and a few late grapes will be grown in six or eight states. Thirty million dollars is a rough estimate made of the loss in this year's fruit crop by the cold temperatures and blizzards condition which obtained through the Upper Mississippi Valley and extended as far east as Ohio. Unofficial reports are that Kansas has suffered a loss of \$8,000,000; Iowa, \$8,000,000; Michigan, \$5,000,000; Wisconsin, \$1,000,000; Illinois, \$4,000,000, and Indiana, \$2,000,000.

Trust Must Show Books.

TRENTON, N. J., April 25.—The State Supreme Court this afternoon, affirmed the decision of Supreme Court Justice Swayze in which the National Packing Company and other beef packing concerns were ordered to bring their books within the State of New Jersey for the purpose of examination by the Hudson County grand jury.

John Kling Goes Back to Chicago.

CHICAGO, April 26.—After several weeks of delays, John Kling, the catcher of the Chicago Cubs, whose reinstatement in organized baseball was recently announced by the National baseball commission, actually started to Chicago from Kansas City.

COMMISSION WILL MEET

Matters Pending Involve Transcontinental Freight Traffic.

WASHINGTON, April 24.—A notable conference will be held by members of the Interstate Commerce Commission Thursday and Friday. These days have been set aside by the commission for the consideration of the

Pacific Coast cases heard by the commission on its long trip last autumn. The cases involve not merely freight conditions local to the Pacific Coast, but questions affecting the transcontinental traffic in its entirety. The cases include the rehearing of the Spokane rate matter, the Portland and Seattle back haul cases, the San Francisco cases, including rates into the intermountain territory and the Reno rate case.

HAPPENINGS OF INTEREST CONDENSED FOR READERS

Eulogies on the late Representative Cushman, of Washington, will be held May 31.

Wisconsin's State Board of Forestry has joined hands with the Federal Forestry Service in getting a comprehensive statement of facts as to forest tax conditions in that state.

President Taft has ordered the removal of United States District Attorney John J. Boyce and United States Marshal Dan A. Southerland, of the first division, Alaska.

As a result of sensational testimony before the House committee on the District of Columbia regarding the conduct of affairs of George Washington University, there may be a Congressional investigation.

Albert Wolter, a degenerate youth of 19 years, who gloated over lewd pictures and was "crazy" about women, must die in the electric chair for the murder of Ruth Wheeler, a pretty 18-year-old New York stenographer.

President Taft has signed the first of the proclamations providing a reclassification of the lands in the National forests, which will throw 4,000,000 acres out of the forest reserves and make them available for home-stead entry.

Senator Johnston of Alabama has informed the Senate that a movement for the importation of Australian beef had been inaugurated in New York as a means of meeting the trust prices. He said it had been found that the foreign meat could be sold at a rate of 6 cents a pound less than the domestic product.

Government employees are much perturbed over reports which indicate that the hookworm disease, dread foe of all work, is approaching the National capital. In Virginia, only a short distance south of Washington, it was found in one school that 7 of the 9 pupils harbor hookworms.

There is now only eight states in the Union which Mr. Taft has failed to visit officially and these will have the pleasure of meeting the President before many months have passed. They are Wyoming, Nevada, Oklahoma, Michigan, Florida, West Virginia, Maine and New Hampshire. He will have been perhaps the first of the Presidents to visit every state in the Union during his incumbency.

WEZLER MAKES FULL CONFESSION

SLAYER OF MOTHER-IN-LAW TELLS OF CRIME.

DID NOT INTEND TO KILL

Prisoner Says He Desired to Persuade Mrs. Schulz to Aid Him in Getting His Children.

TACOMA, Wash., April 25.—Charles J. Wezler, the Portland novelty advertising solicitor, captured in San Francisco and brought here to answer for the brutal murder of Mrs. Fredericka Schulz, has made a complete confession to Sheriff Morris and Prosecuting Attorney McMurray. Mrs. Schulz, mother of Wezler's divorced wife, was shot to death April 4 on a lonely country road leading from Gig Harbor to a sister's home near Artondale, whither Mrs. Schulz had been lured by a fake letter sent her by Wezler. Suspicion was at once directed by the family to Wezler.

Prisoner Weeps as He Talks.

Weeping hysterically while he talked, Wezler insisted that he did not intend to kill Mrs. Schulz. The family, he said, had threatened his life if he came to their house. He says he sent the decoy letter only to get Mrs. Schulz out where he could talk with her in safety, and that he wanted her to bring her daughter Emma along, believing Emma's good influence would help persuade the mother to aid him to recover his two children.

He walked along the road a mile or more talking with Mrs. Schulz. Wezler says she demanded he pay his divorced wife \$3000 alimony and that then everything would be all right, otherwise his wife was going to Alaska and Mrs. Schulz was going to take the children. When she refused to recede or argue further, he says he lost all control of himself, drew the revolver and shot her.

BRANDEIS ACCUSES TAFT

Claims Ballinger Was Cleared on Report Dated.

WASHINGTON — After attacking certain statements in Attorney-General Wickersham's summary of the Glavis case before the Ballinger-Pinchot investigation Attorney Brandeis, threw out a broad suggestion the document had been dated months earlier than it had been prepared to make it appear that Taft's letter of vindication of Secretary Ballinger had been based upon alleged facts it contained.

Neither the President nor the attorney general would comment on Mr. Brandeis' intimations.

Former Register Testifies.

Having come all the way here from Alaska to tell whether he had made the statement that an agent of Collier's had told him "It would be worth \$5000 to \$10,000 for him to come to Washington to testify," John W. Dudley, the dismissed register of the land office at Juneau, took the stand and said that he had been misunderstood.

Simple Services Over Mark Twain.

ELMIRA, N. Y., April 25.—Services as simple as his wholesome life attended the tributes paid here to Samuel L. Clemens (Mark Twain), whose body was brought here for burial from his home at Redding, Conn., where he died last Friday.

Church Ordains Bryan as Elder.

LINCOLN, Neb., April 15.—In the Westminster Presbyterian church, midway between Lincoln and Fairview, W. J. Bryan was formally ordained and installed Sunday as an elder of that denomination.

Babe Drinks Kerosene.

WESTON, Ore., April 26.—The infant daughter, 18 months old, of Councilman Frank Snider, is dead from the effects of drinking kerosene which she found in a cup on the table.

Patriotic Rose Promised.

LOS ANGELES, April 27.—Having a rosebush which produces a red and white flower, Park Superintendent Long, of Long Beach, thinks he can make it add a blue shade also, and thus he will have a National flower.

Mrs. Heity Green, celebrated for years as the richest and shrewdest business woman in the world, will soon retire from active business life and will turn over the handling of her immense fortune, estimated at \$50,000,000, to her daughter, Sylvia, now Mrs. Matthew Astor Wilkes.

Commander Sverdrup, the famous Arctic explorer, will leave Norway this week with 14 men on the whaler Hvalrossen for an expedition to Greenland's northwest coast and Baffin Land in the hope of finding a new whaling territory. Commander Sverdrup will visit also Annatok and Etah, in order to examine the places in which Dr. Cook declares he left his observation materials.

The Dixon long and short haul amendment to the Elkins Interstate commerce bill now before the Senate will probably be defeated because the lumber Senators, who at first glance were inclined to favor this provision, have become convinced that Coast terminal rates should not be robbed of advantages that come to them by reason of their water competition.

DR. B. C. HYDE

Dr. B. C. Hyde, chief figure in the Swope murder case, now on trial in Kansas City. Dr. Hyde is accused of having poisoned Colonel Swope, the wealthy uncle of his wife and other members of the Swope family so Mrs. Hyde could inherit the Swope fortune.

PARIS HEARS ROOSEVELT

PARIS, April 23.—Theodore Roosevelt delivered his eagerly awaited lecture on "Citizenship in a Republic" in the Sorbonne this afternoon. His audience was composed of all the members of the French Cabinet, students selected from the University of Paris, and many distinguished guests. In the course of his address he made reference to the subject of human rights and property rights in the following paragraphs:

"My position as regards the moneyed interests can be put in a few words. In every civilized country society property rights must be carefully safeguarded. Ordinarily and in the great majority of cases human rights and property rights are fundamentally and, in the long run, identical; but when it clearly appears that there is a real conflict between them, human rights must have the upper hand; property belongs to man, and not man to property."

Clark Joins Hill in Work.

CHICAGO, April 25.—William A. Clark, former United States Senator from Montana, and James J. Hill are said to have joined hands with a view to a combined railroad invasion of Washington, Idaho, Montana and California, according to an article in the Record-Herald.

Senator Clark is said to be interested with Mr. Hill in the construction of the Gilmore & Pittsburg Railroad and in the North Coast Line, which Robert Strahorn, of Spokane, is promoting.

CORVALLIS—The O. A. C. baseball squad, including twelve men, left here Friday, April 22, for a tour of the Northwest. While away the team will play six games with Conference Colleges and two with Non-Conference Schools.

SALEM—Replying to a letter from Ed Wright, County Clerk of Union County, Oregon, Attorney-General Crawford has rendered an opinion to the effect that "the time specified when the division of the county into election precincts shall be made is directory and not mandatory or jurisdictional."

NEWS OF OREGON STATED IN BRIEF

TELEGRAPHIC CHRONICLE OF STATE HAPPENINGS.

SMITH NAMED IN LAND FRAUD

Puter's Letters to McKinley Most Important Timber Case Feature.—Krib's Knowledge Shown.

PORTLAND—Through a series of remarkable letters from Steven A. D. Puter to Horace G. McKinley, the Government succeeded in bringing into the Linn County land fraud case the name of C. A. Smith, and showing that Frederick A. Kribbs could not have escaped knowledge of the frauds through which the timber lands were acquired, and later purchased by C. A. Smith and John H. Willd.

It is considered by the office of District Attorney McCourt that the prosecutor has at last secured an opening in the armor of the defense through which he hopes to obtain a cancellation of title of 33 quarter-sections of land, now valued at \$802,000.

Puter advised McKinley that he had interested C. A. Smith, of Minneapolis, in the Linn County lands, and that the Minnesota millionaire was sending his cruiser, Frederick A. Kribbs, to look over the property.

It was shown by McKinley that the witness was arrested at Albany by Government officials, April 1, 1900, and that the charge was subornation of perjury in connection with the Roseburg entries of the very lands which McKinley and Puter were trying to sell to Kribbs.

Kribbs and Puter were shown to have reached Albany on April 1, Puter securing the release of McKinley on bonds, and that the next day the party went up to examine the claims. From many witnesses it has been shown that Kribbs afterward acquired all the notes and mortgages securing the payments of money advanced by McKinley and Puter to pay for the lands and settle with the entrymen at the rate of \$75 to \$100 each.

The evidence is considered to be the most important secured since the beginning of the trial, and will be used to counteract statements from many entrymen who have gone on the stand day after day and asserted that they had made no agreement to sell the lands before filings had been made and final proofs submitted.

Advice Offered Taft.

SALEM — The Oregon Railroad Commission has received copies of resolutions passed by the Nebraska Commission in the matter of the appointment of the late Justice Brewer's successor on the United States Supreme bench. The resolutions set forth in effect that there are many men in the state Supreme Courts or in the practice of the profession who are "free from the prejudices and beliefs which are naturally acquired by one whose life work has been devoted to defending and safeguarding railroad interests," and asks the appointment of a man free from this kind of influence. The resolutions have been forwarded to President Taft and the Oregon Commission has been asked to approve of the resolutions and indicate its approval to the President.

Plan for Jubilee Made.

CORVALLIS—The quarter centennial of the Oregon Agricultural College will be celebrated Tuesday, June 14. The day for commencement exercises has been changed from June 15 to June 18, and the class day exercises have been scheduled for June 11. This change has been made to avoid conflict with the meeting of the Masonic grand lodge in Portland on June 15 and 16.

Excursion rates of one and a third fare will be in operation on all railroads within the state and special trains will run from Portland and other points with a special rate of one fare for the round trip.

SALEM — State Printer Dunway has completed the printing and delivery of the 53d Oregon Report, and has printed the 54th Report up to the index. The reports of the Supreme Court are now printed up to November, 1909, being much nearer up to date than at any time in many years.
