JUDGE D. B. REAVIS' 80TH MILESTONE

GIVEN HAPPY SURPRISE—WAS FIRST COUNTY CLERK OF WALLOWA.

Judge D. B. Reavis was agreeably and completely surprised by the gathering of practically all of his relatives living in Wallowa county on Thursday afternoon. The occasion was the 80th birthday of this venerable pioneer, and the gathering was at the home of his son, G. S. Reavis, on River street. Four generations of the Reavis family were represented at the gathering and wished him many more happy birthdays. A huge birthday cake, nicely decorated, and bearing the Judge's initials and age, was served to the guests with ice cream.

One of the unique incidents of the gathering was the delivery of nearly 200 birthday postcards received during the past few days from relatives and friends from all parts of the United States. G. S. Reavis saved all the cards as they came in and presented them to him in a bunch. Many of them were from people whom he had not heard from for 40 years and awakened pleasant memories of days now recorded in the history of the middle west and west. One of the cards was from a relative in Johnson county, Missouri, where Mr. Reavis was county judge in the early 70's. On the card was a picture of the present court house at that county and a remark comparing it with the structure of the time of Judge Reavis' official career in the Missouri commonwealth.

Judge Reavis came to Wallowa county in 1877, it being then a part of Union county. When the present county was created he was appointed to the office of county clerk, and thus holds the distinction of being the first county clerk of the county that has for so long been his home.

The Judge has just recently recovered from a severe illness and it was a happy gathering that wished him many more opportunities of greeting his friends and relatives on similar occasions.

Among those present were: Mrs. A. Wade, Fay, Annis, Roy and Russell Wade, Cressis (Reavis) Jones, Bertie (Reavis) Calvin, D. B. Reavis, Emily Reavis, Frank A. Reavis, Anna Reavis, Emerson, Herbert, Raymond, Wayne and Rita Reavis, Davis L. Reavis, Ida Reavis, Inez

Reavis, G. S. Reavis, Mrs. G. S. Reavis, Claude, Alice, Maurice and Marie Reavis, Vivian Calvin.

THE MALAMUTES AND THE SPIRIT OF THE AGE

Robert Robinson, poet of Alaska, well known writer and traveller, will lecture on "Malamutes" next Tuesday at 8:15 p. m., at the Enterprise opera house. "The Malamutes" is not only instructive, but highly entertaining—a rare combination of solid truth, wit, humor and pathos, based upon the lecturer's 10 years experience in Alaska and the Klondike. Stories, original poems and epigrams—an evening of refined entertainment.

On Wednesday evening Mr. Robinson lectures on "The Spirit of the Age." The two lectures are very unlike and you want to hear them both. Price 50 cents for both lectures, including reserved seats. Tickets on sale at Burnaugh & Mayfield's drug store.

Farewell Reception To Rev. Trueblood

Has Practically Doubled Membership of Church During His Two Years Pastorate.

The members of the Methodist church tendered a reception Wednesday evening to Rev. C. E. Trueblood and family, at the home of Mr. and Mrs. J. A. Burleigh. Practically all the membership was present and the occasion was very enjoyable to all. Light refreshments were served and Mr. Trueblood was presented with a set of choice books as a token of esteem on the part of the members for himself and family.

The gathering was in the nature of a farewell reception, as the family left Friday morning for their new home in Elgin. Rev. Trueblood has been pastor of the local church for the past two years and during that time the membership has practically doubled and a new parsonage, one of the best in the conference, has been erected. He leaves the church in the best condition of its history.

He and his family are held in high esteem by the members of the church and the citizens of the city.

AVIATORS LIKE ESPERANTO.

No Other Language Spoken at French Flying School.

The connection between aviation and Esperanto is not apparent, yet it must exist, for at Mourmelon le Grand, the great French aviation school, nothing is spoken by the initiated among themselves but Esperanto.

Ernest Archdeacon, who has done much for aviation by offering prizes, is an advocate of the universal language. Henri Farman, who runs his school for flying at Mourmelon, is a master of Esperanto, and among his pupils in flying M. Edinoff, the Russian; M. Van den Born and Mme. Frank are proficient.

When the day's work is over M. Farman will hoist the Esperanto flag over his hanger and give his pupils lessons in the language. They are of all nationalities, so perhaps that is one reason why aviators have taken up the language.

QUEEN MOTHER DROPS COLOR

Alexandra Gives Away Her Elaborate Court Wardrobes.

The English queen mother, Queen Alexandra, does not intend ever again to wear colors and has given away many of the costly and elaborate garments in the royal wardrobe which she will never use. She will wear the becoming small Mary Stuart bonnet with the peak in front and hanging veil behind for some time to come when out of doors, but indoors she usually wears a white crepe headdress with a white crepe collar and broad cuffs of the same material.

Queen Alexandra has left the precincts of Buckingham palace only twice since her widowhood, but has taken a good deal of exercise in the beautiful grounds.

Roumania Enforces Reforestation. Foreign lumber firms which possess and use up the forests of Roumania are to be compelled to pay a tax of \$6 an acre as security that the denuded wood surfaces shall be again reforested.

Welsh Steel Liked in Britain. The total yearly output of iron and steel in south Wales, Great Britain, is 900,000 tons, of which only 200,000 tons are exported, showing a heavy home demand.

ESTIMATED BEET TONNAGE TOO LOW

WALLOWA HAS BETTER BEET LAND THAN UNION—EXHIBIT AT FAIR.

A. C. Miller, president of the Wallowa County Fair association, is in receipt of the following communication from F. S. Bramwell, manager of the Amalgamated Sugar Co., at La Grande, which is of general interest to Wallowa county people: Mr. A. C. Miller, Enterprise, Oregon.

Dear Sir:—In the matter of our making an exhibition at the Wallowa county Fair, we desire to observe: We would like a space from six to ten feet wide, in which we will erect a sort of pyramid of lumber construction; and exhibit beets from the various fields grown near Enterprise and Lostine.

When we met the public of your city last spring, we made certain statements concerning the tonnage that we believed could be grown on lands in Wallowa county. We found a general prejudice against the beet culture, as you know, caused by the failure of the beet industry in Union county. We told the people in this meeting that the conditions were different and we believed good tonnage could be grown in Wallowa county.

I am very happy to inform you and your associates, and to acknowledge that we made a mistake at this meeting, in that we didn't place the tonnage high enough, because in nearly every field that we are operating—save about three where we have made a mistake and got on the wrong kind of land—we are going to exceed our fondest anticipations; and exceed the statements we made in some instances by 50 per cent.

I expect to ship some beets from Union county and place side by side with beets grown in your county—not with a view of knocking this county, but with the hope of proving to your people the splendid opportunities that are before them in the matter of raising beets. I also expect to bottle beet juice and show the process of manufacturing sugar from the beet to the finished article.

It is thought by some that beet sugar is inferior to that made from cane, and a general prejudice obtains. The facts are, Mr. Miller, that it doesn't matter at all what the ground work of sugar is, whether it be cane, beets, plums, or any other article from which sweetness can be obtained, when it reaches a degree of about 95 per cent purity it is sugar and that is all that can be said about it. As a matter of fact the highest per cent of purity ever obtained in the United States, was had from beets. The highest per cent of purity from cane that I know anything about was 95 per cent, while from beets it has reached a point of 95.6 per cent. Very little difference, it is true, but it is in favor of beet sugar. Again there is 20 cents differential in price in favor of the beet.

We are very glad to participate in the matter of your Fair, and we may be pardoned at this time when we say that you will always find us public-spirited and willing to do our part, and a little more, looking to the development of the country where we are operating. We believe in good roads; in good, efficient, and yet economical government; and in every way looking to the development and enhancement of values in the country round about. In this, too, you must consider that we are entirely unselfish, so far as your territory is concerned, for the reason that we do not own a single acre of land.

We shall be very glad to hear from you apprising us of the fact that the space is reserved; and we will send a man from here and fix it up in "apple pie" order. If you can offer any suggestions whatever or indicate in any way that we can help you outside of the order we have outlined, you may command me. Yours truly, Amalgamated Sugar Company. By F. S. Bramwell, Manager.

Don't overlook that sale on boys' clothing at W. J. Funk & Co's. We give free a pair of boys' shoes with every suit sold, up to size 15.

If you desire a good hearty laugh hear "The Malamutes" Tuesday evening at the opera house.

M. E. PASTOR HERE TWENTY YEARS AGO

The Rev. W. H. Zeller, of Walla Walla, was in the city Monday, the guest of J. A. Burleigh and family, and calling on his friends. Rev. Zeller had been attending the conference at Joseph as a visitor. He was formerly a pastor of the Methodist church here, 20 years ago when the charge covered the entire valley, and organized the church at Joseph. Since his pastorate the circuit has been divided into five charges supporting that many ministers. Rev. Zeller is now retired and does only local work, and resides in the city of Walla Walla. He is the owner of some property in this city and finds that the city has made a wonderful growth in recent years.

NEW STEEL FURNISHINGS.

The steel furnishings for the vault in the office of County Clerk Boatman arrived this week and were put in place by O. H. Brady. The new fixtures are neat in appearance and compact in form, will utilize the space to the best advantage, and will prove of great convenience in keeping the records of the office.

Public Meeting in Interest of Fair

All Enterprise Should Turn Out and Demonstrate the City's Interest in Coming Fair.

A public meeting for the purpose of stirring enthusiasm in Enterprises for the coming Fair, is called for Monday night next at 7:30 o'clock, in the assembly hall, third floor, of the court house.

Everybody in Enterprise should attend this meeting, and come prepared to say something "boosting" for the Fair.

The whole county is in a white heat of enthusiasm to make the Fair the biggest advertisement for Wallowa county that is possible. Enterprise should not permit this enthusiasm to supersede her own. Come and bring everybody else with you.

IS CENSOR OF "AERIENNES."

French Mayor Objects to Knickerbockers For Female Flight.

The mayor of Etampes, France, has views of what a woman aviator's costume ought not to be, and when he saw Mile. Abukals, one of the aeronauts at the Etampes meeting, wearing jaunty knickerbockers with brilliant stockings he gasped. Then he had the police issue a summons against the lady.

Mile. Abukals flew every day during the week, and each day she wore knickerbockers and stockings despite the mayor's disapproval. Each day a fresh summons was issued. When Mile. Abukals appears for trial she may be fined.

Meanwhile the jocosse French newspapers are demanding that the mayor shall state just what costume air women should wear in order that rural propriety may not be shocked.

MAKE FAIR WEEK A HOME-COMING

WRITE TO ALL YOUR ABSENT RELATIVES AND FRIENDS ABOUT IT.

What each resident of Wallowa county should do, in adding the success of the Fair, is to make Fair week a home-coming week for all absent relatives and for all friends as well. This each resident of Enterprise and of every township in the county can do by writing and asking absent relatives to postpone their home coming until Fair week. Write each friend who might contemplate a visit to make his or her visit coincide with the time of the Fair.

A Big Influence. This will be a tremendous influence in adding the fair in its success. Its success depends much upon the spirit and the activity of the people, and, again, its success means the big advertisement of all Wallowa county to the world.

If every family in Enterprise, Joseph, Promise, Paradise, Flora, Troy, Grouse, Imnaha, Lostine, Wallowa, and all other townships, were to write to each absent member of the family and to each friend who contemplates visiting here, the result would be a marvelous aid in boosting the success of the Fair. Try it.

CHURCH SERVICES.

At 8 o'clock p. m. Sunday, Rev. Gibson preaches at Alder on "Partnership with God."

The new pastor for the M. E. church of this city, the Rev. B. F. Meredith, is expected to arrive today from Vale, Ore., where he has held a successful pastorate for the past two years.
