## Active Campaign For Oregon Dry

Temperance Forces of Wallowa County Effect Strong Central Organization.

A meeting of the temperance forces was held in this city Saturday, and an organization effected for carrying on the campaign in this county for the constitutional amendment for statewide prohibition as well as the defeat of the proposed constitutional amendment giving municipalities the right to have saloons if they choose.

A permanent organization was made with the following officers: President, Samuel Harris, of Enterprise; secretary, J. A. Burleigh, of Enterprise; treasurer, Thomas Morgan, of Joseph; vice presidents, J. B. Olmsted, Enterprise, F. D. McCully, Joseph, Samuel Wade, Lostine, John McDonald, Wallowa, and F. S. Johnson, Flora. The executive committee consists of Samuel Harris, J. A. Burleigh, Thomas Morgan, A. F. Poley, G. W. Hyatt and J. B. Olmsted.

Thorough speaking and literature campaigns will be carried on until election day, and as large a majority secured for "Oregon Dry" as is possible.

J. J. Handsaker of Portland, opens the campaign speaking at the following points: Alder, Tuesday evening, Sep. 20; Hurricane Creek school house, Wednesday evening the 21st; Flora, Thursday evening the 22nd; Paradise, Friday evening the 23d; Leap, Saturday evening the 24th; Lostine, Sunday morning the 25th; Joseph, Sunday evening the 26th; Roup's school house, Monday evening the 27th; Pratt's school house, Tuesday evening the 28th; Swamp Creek Baptist church, Wednesday evening the 29th; Liberty school house Thursday the 30th; Enterprise, Friday the 31st; Wallowa Saturday evening, October 1st and Sunday morning, October 2nd; Lostine, Sunday evening, October 2nd.

These two questions, state wide prohibition and the destruction of the present county option law, are the two greatest questions the voters of Oregon have to pass on in this election, and each voter should thoroughly inform himself before presuming to cast a vote for or against either of them.

J. J. Handsaker addressed two large assemblages in Enterprise, Sunday, an open air meeting in the court house yard in the afternoon; and a union service in the Presbyterian church at night. At the latter meeting over \$150 was raised toward the expenses of the Oregon Dry campaign in this county.

At one time a delegation of citizens of Wallowa county consulted Harry McAllister, who was then fish warden, and prayed for its removal but without avail. I propose recommending the removal of the hatchery to the lake at Joseph and seeing that it is done, for that is the logical place for it. There would then be no interference with the fish in the streams.

"Now speaking of economy," continued the doctor, "What is economy in public office? Does it mean for a representative to go to Salem and vote for an appropriation for three normal schools amounting to \$318,000 when it is a matter of common knowledge that these normals fattered a strong political machine which forced every bit of legitimate legislation to first bend the knee to the normals before it could be enacted into law? I am decidedly favorable to one good normal school for this state and the appropriation of a reasonable amount of funds to maintain it, but I am not nor I never will be an advocate of letting normal schools scatter over the state in order to build a political machine as was done prior to the act of the last legislature which killed them.

We buy our Dry Goods from one of the largest houses in Chicago and have a large assortment from which to make our selections. We discount our bills, which gives us the goods laid down in our store at the lowest cash prices. We give our customers the benefit of our cash buy. We also give a discount on all cash purchases.

It would be well for every taxpayer to see how his senator or representative voted on that \$318,000 appropriation for the normals last time and also to see whether he voted to let the normals stand as they were, or with the majority which decided they were a menace to proper legislation in the state. All of these things are important to eastern Oregon.

If you are going to build call and let us figure with you on Doors and Windows. We have just received a large stock of same and we are going to sell them at bed rock prices.

"As to statement No. One, I frankly state to all voters that there is no senator to elect at the present time and therefore statement No. One is not an issue this year. I favor the direct primary law and pledge myself to fight for it whenever it is assailed in any way whatsoever. Furthermore my candidacy is based upon the good I can do my constituents in a business and straightforward manner. Here in Union county the experimental farm needs money. It is one of the excellent institutions of the state and I am for being liberal with it because the farmers get the benefit from the experiments made on the farm. It will also be my aim to fight for the branch insane asylum for Union if the bill carries at the election, and to be vigilant for anything else I can obtain for these two counties in an honorable manner from the state legislature.—Paid Advertising.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 175 pounds." For coughs, colds, la grippe, asthma, hemorrhage, hoarseness, whooping cough, croup and lung trouble, it's supreme. 50c, \$1.00. Trial bottle free. Guaranteed by all druggists.
