More Education for Assessors.
Salem—Another effort is now being made by the state tax commission to effect a more just and equitable assessment of railroad properties. A circular has been lately mailed to all the county assessors pointing out which property is assessed by the assessors themselves, under the laws of this state. It is essential that the assessors should understand the law, so that no railroad property will escape taxation, and also that none may be doubly assessed.

Hardy Wheat Developed.
Dayton, Wash.—After several years of careful cultivation, farmers in this section believe that they perfected a wheat that will withstand the rigid winter weather of this latitude. It is one of the club varieties and the present perfection has been reached by seeding fall wheat year after year in the fall until a tough, hardy variety capable of withstanding the coldest winter weather has been produced.

Unable to raise the money to pay a \$900 filing fee, the United States has abandoned its plans of intervening in the adjudication of water rights on the Umatilla river, and will at present rest on the service of a notice that the government denies the right of the water courts to pass upon the appropriation of any water from that stream. The water is claimed by the Umatilla, Cayuse and Walla Walla Indians under the treaty of June, 1855.

The harvest of the cranberry crop in Coos County is nearly over and the yield this year is big. One small patch yielded cranberries at the rate of almost \$5000 an acre. It was 16 feet long and 10 feet wide, and from it were taken 27 bushels of cranberries. If an entire acre was covered with vines yielding at the same rate, the acre would produce 1633 bushels. The berries sell for \$3 a bushel this year, and this would be a yield of \$4899. It costs for harvesting and for boxes a little less than \$1 a bushel.

Saved a Soldier's Life.
Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For coughs, colds, la grippe, asthma, hemorrhage, hoarseness, whooping cough, croup and lung trouble, it's supreme. 50c, \$1.00. Trial bottle free. Guaranteed by all druggists.
