## A Man Wants to Die

only when a lazy liver and sluggish bowels cause frightful despondency. But Dr. Kag's New Life Pills expel poisons from the system; bring hope and courage; cure all Liver, Stomach and Kidney troubles; impart health and vigor to the weak, nervous and ailing. 25c. at all Druggists.

MAD COYOTE BITES  
BOY NEAR GROUSEBELIEVED BEAST HAD RABIES  
LAD TAKEN TO PORTLAND  
FOR TREATMENT.

Grouse, Nov. 5.—An unusually exciting affair happened near here Thursday. T. A. Bartlett and little son of Bartlett, on their way home from outside points, stopped at noon in Wenatchee canyon for dinner. Just the boy jumped out of the back a coyote dashed up and snapped at his hand. Fortunately the lad jerked his hand back and the coyote just fastened its teeth in the boy's mitten, jerking it off his hand and running off with it.

About one hour later a coyote walked into the Bosley school house yard, just across the state line in Asotin county. Mr. Shirk of Enterprise teaches this school. Three of the school boys saw three dogs after the beast, but it would not leave the road, but kept the dogs at bay by its vicious snapping and snarling. It next ran through J. R. Green's gate and passing by a bunch of hogs bit one of them. It went right up to Green's house. Green's gun was out of repair and while he was after another one, the coyote turned back to the road, where it met 6-year old Johnny Bosley. The mad brute snapped the boy in the face, knocking some of his teeth loose, and at the second attack biting him both above and below the eye, but luckily not injuring the sight. Mr. Denna a young man staying at Green's, ran out and killed the beast.

Dr. Gilmore of Flora arrived at 5 p. m. in response to a phone call, and dressed the boy's wounds. He had the coyote examined, and missing tooth, chewed tongue and bloody

foam gave indications of hydrophobia.

Mr. and Mrs. Bosley started with their little boy today for Portland to place him under the treatment of a specialist.

The parents have the sympathy of this whole community and all hope Johnny may recover without serious injury.

Mr. and Mrs. Bosley and son passed through Enterprise on their way to Portland, and a dispatch from that city says the lad has been placed in the care of Dr. C. S. White, secretary of the State Board of Health.

Parvair serum has been sent for and will be used should the child show any signs of hydrophobia. Dr. White has sent to Grouse for two dogs bitten by the coyote and they will be made the subjects of experiments.

C. E. Funk received a phone message from Pendleton telling the sad news of the death of the 10-year old daughter of Dr. and Mrs. I. U. Temple who died Wednesday of croup and tonsillitis. The many friends of the parents here extend their deepest sympathy.

## Announce Tests in Egg Production.

Corvallis—November 1 will see the completion of some valuable tests now being made at the Oregon Agricultural college by Professor James Dryden, poultry husbandman, which will prove the effect of crossing Barred Plymouth Rocks with White Leghorns to increase egg production.

By means of the trapnest which Professor Dryden originated some years ago and which is now in use at a number of experiment stations and poultry farms of the country, he has several hundred hens out of the college flock of 2,000 chickens making laying records. While some have a record of less than a dozen eggs in a year others have laid more than 200 eggs annually.

COUNTY GOES DRY  
BY SMALL MAJORITYWEST LEADS BOWERMAN BY  
OVER 100—CLOSE RACE  
FOR TREASURER.

The landslide that struck the whole county, Tuesday, did not miss Wallowa county, but as is usual with all big storms the effect here was less than elsewhere.

At this time, Thursday morning, no returns have been received from Pittsburg, Pine Creek and Powatka precincts and on only 287 out of 362 votes cast in Wallowa. The totals so far on contested places are as follows:

Congress—Lafferty 794, Manning 377.

Governor—Bowerman 583, West 688.

Prosecuting Attorney—Hodgin 629, Ivanhoe 745.

State Representative—French 711, Rusk 656.

County Commissioner—Couch 704, McLain 571.

County Treasurer—Franklin 667, Ratchow 636.

County Option—Dry 748, Wet 653.

Lafferty carries the county by at least 425, and West for governor by 100 or more.

Colonel Ivanhoe is as usual way out in the lead with the biggest vote save Lafferty's, of any contested office. He also carries Union county by over 200, so he is elected by a big majority.

French and Rusk are nip and tuck in this county, but Rusk has Union by over 250, so he is elected.

Couch is elected commissioner by 150 to 200.

The usual close rub is on for treasurer. Franklin, with three precincts and 75 votes in Wallowa to hear from is 31 votes ahead. He looks like a winner by an awful narrow margin.

The county votes "dry" by from 75 to 100, more likely nearer the former figure.

A Portland report says the Home Rule amendment has carried the state by over 10,000. That means any incorporated town or city in the county may vote in saloons in spite of the county going dry.

The vote on the Home Rule amendment in this county is right along with the vote on county option, but the state-wide prohibition and search measures have not carried this county, though the majority against them will be small.

There is a small majority against the Normal School measure, big majority against the tax measures, and a great big majority, 10 to 1, against all new county schemes. The Peoples Power League measures are beaten in this county.

## PROHIBITION BEATEN

The state-wide prohibition amendment and search law measures are buried under a big majority. The "Home Rule" amendment has carried by 10,000.

Union County went wet by 250. Umatilla is wet and it is reported the dries suffered heavy losses all along the line.

## WEST CARRIES STATE

Oswald West is elected governor by at least 2500 plurality; but all the Republican candidates except Bowerman are elected.

Lafferty has a swell majority for congress.

## EVERYTHING DEMOCRATIC.

The first general victory for the Democratic party since 1892 was the result of Tuesday's balloting the country over. Practically everything is Democratic.

New York elects Dix governor by 150,000. Massachusetts, Ohio, Indiana and practically all states except Wisconsin are in the landslide.

## ENTERPRISE PRECINCT.

There were 355 votes cast. Lafferty got 190, Manning 88; Bowerman 150, West 140; Hodgin 163, Ivanhoe 156; French 216, Rusk 190; Couch 119, McLain 177; Marvin 294, Barton 28; Boatman 285, Foener 36; Franklin 243, Ratchow 63, Castle 23; Dry 206, Wet 118; Smith for Justice 249, Onkes 41; Marks for constable 93, Cramer 31; Home Rule, Yes 117, No 210; State Prohibition, Yes 173, No 175; Search Law, Yes 177, No 153.

The votes will be canvassed Saturday, and official results will be published next week.

## Bill of Exceptions Filed.

Salem—The transcript and bill of exceptions in the criminal actions brought against Cashier W. Cooper Morris and President Moore of the defunct Oregon Trust & Savings bank, have been filed with the clerk of the supreme court. The bill of exceptions contained 409 pages of typewritten matter. Accompanying the record of the trial of the action in the Multnomah county circuit court were the accounts and books of the bank, which arrived packed in large boxes.

## Seek Contract Release.

Klamath Falls—Another effort is on foot by the marsh land owners contiguous to Klamath Falls to have the government release them from their contracts with the reclamation service for reclamation of the lands. A petition signed by all these owners has been sent to the secretary of the interior asking that these lands be released from the operation of the stock subscription to the Klamath Water Users' Association, and the city council is backing up this request. The owners of the land are desirous to have the government reclaim it, but if nothing is to be done by Uncle Sam, the private owners themselves plan to do it.

DEMOCRATS WIN  
CONTROL OF HOUSEHistory Repeats and Party in  
Power is Defeated After  
Tariff Revision

New York—The people of the United States on Tuesday confided to the Democracy control of the National House of Representatives. They also placed the Democrats and Progressive Republicans in command in the United States Senate. The voters in the 42 doubtful districts decided the election. There are 391 Congressional districts under the present constitutional districts under the present constitutional apportionment, and a very conservative estimate gives the Democrats a majority of 25. If complete returns verify this estimate the next House will be made up of 208 Democrats and 183 Republicans, thus overturning the Republican majority of 43 in the present House.

The Democrats will control the House for the first time since the 43d Congress. The passage by that Congress of the Wilson tariff law resulted in the restoration of the Republicans to power.

## History is Repeated.

The Democratic success seems to exemplify the saying that a change in the political complexion of Congress is sure to follow a revision of the tariff. The victory found its inception in the Aldrich tariff law and the split which occurred in the Republican party as a result of that law. The increased cost of living made thousands of votes for the Democrats simply because thousands of people are convinced that its cause is the tariff protection of the trusts, as adroitly perpetuated in the Aldrich-Payne law by the "standpat" Republicans.

TWO TRAINS COLLIDE  
ON GREAT NORTHERNEight Killed and Four Injured  
When Fast Freight Trains  
Collide.

Spokane.—Eight are known to be dead and four known to be more or less seriously injured as a result of one of the most disastrous freight wrecks in the history of the Great Northern Railroad, near Chattaroy, Wash., early Sunday morning. The wreck was the result of a head-on collision around a sharp curve in a deep cut, fairly at the bottom of two steep grades. Two heavily loaded trains running at an exceptional rate of speed combined almost every condition possible to make the impact so disastrous.

Train No. 451, running on its regular schedule, westbound, collided with the "apple extra," eastbound, running on a fast schedule of five hours between Hillyard, Wash., and Troy Mont. Train No. 451 was loaded with paints, oils, some furniture and some livestock, much of it extremely inflammable material and considerably lighter than the apple extra, which carried, besides fruit, heavy loads of grain and furniture. Every man of both train crews who happened to be near the front of his train is dead. One brakeman saved himself by jumping, but he is seriously injured.

## Rear-Brakemen Escape.

The brakemen who happened to be in the rear of their trains escaped with minor injuries.

The loss in the wreck is very large. A pile of 19 cars of train No. 451, jammed into the space of an ordinary living room, caught fire immediately and were speedily reduced to a mass of tangled, writhing steel before the fire apparatus, summoned from Spokane, 21 miles away, could start a stream of water on the ruins.

## Rioting in Express Strike.

New York—With the word that all hope of settling the strike of the express drivers had gone by the board, there was a renewal of rioting all through the central section of the city. Wagons driven by strikebreakers were attacked, the men were pulled from their seats and beaten, and harness was slashed from the horses. The termination of negotiations was precipitated by a letter to Mayor Gaynor by the companies stating that the only condition upon which they would take back the strikers was by individual application not later than Monday.

## Sheep in Poor Condition.

Boise—A severe winter in Idaho and the inter-mountain country this year will mean the loss of thousands of dollars to sheepmen. The present conditions indicate that not only are the sheep in a condition below the average at this time in the fall, but they cannot stand unusually cold weather, according to the declaration of J. E. Van Dusen, of Emmett, Ida., one of the prominent woolmen of the state.

SATURDAY SPECIAL, NOV. 12th---Eight 2-lb. Sacks Table Salt 25c. Solid  
Pack, Gallon Canned Goods, three 1-gallon cans \$1.00.
