WEDNESDAY, DECEMBER 14, 1910

It looks more every day that Representative Rusk of this district would land the speakership. They would get no better or fairer presiding officer than "Jerry."

S. F. Pace, chairman. Democratic county committee and state committee as well, is home from Portland where he helped in the organization of the state committee. Alex Sweek was deposed as state chairman and Bert E. Hamey elected. Local Democrats may rest assured that they saw to it that Wallowa county was the band wagon.

MAY ADD TWO JUDGES

Salem.—That the addition of two supreme justices to the five now connected with the court will be one of the liveliest topics to be considered by the next legislature, is the opinion of several of the members-elect of both the senate and the house. Under the amendment to article VII, no restrictions are placed on the number of justices and the legislature is given full sway to make as many additions as it pleases.

That a move will be placed on foot to increase the number from five to seven is certain now, and it is understood plans are already under way for the framing of a measure to cover the increase.

Under the amendment voted upon favorably by the people, the supreme court is instructed to go completely into the record if necessary, and go beyond the exceptions which counsel might make to the rulings of the circuit court. It is stated by those who are favorable to increasing the number of the supreme bench that this will practically necessitate the proposed additions.

It is understood that the bill for increase of number of justices will be one of the first to be introduced at the coming session. As the additional justices would come under the appointing power of the governor, and as the legislature will be thoroughly Republican, a warm tilt is looked forward to.

Progressive Legislation Endorsed.
Washington.—President Gompers, upon his return from the American Federation meeting at St. Louis, reported that the Federation endorsed unanimously Oregon's progressive legislation, including statewide primaries, direct nomination, the corrupt practices act and the initiative and referendum.

Five Years, Seer's Sentence.
San Francisco.—Five years' imprisonment in San Quentin was the sentence imposed on Mrs. Bessie Orloff-Arnold, the clairvoyant and medium convicted of swindling Mrs. Francis Shaw, of Oakland, out of \$150.

War on Profanity.
Pittsburg.—Fifty thousand persons headed by singing choirs instead of brass bands, paraded through the streets in a remarkable demonstration against profanity and the growing use of impure language. The line of march was packed by curious thousands.

BLOODY MUTINY IN BRAZIL

Hundreds of Marines and Citizens Dead.

Rio Janeiro.—Government troops are again in control of the garrison on Cobra Island, and the second mutiny of the naval forces has ended with a heavy casualty list, but in a way that probably will prevent further risings for some time.

The mutineers, who composed a battalion of the marine corps, numbered about 600 men. Of these, 200 were killed or wounded. The others were taken prisoners by destroyers while attempting to escape from the island in the night.

Two hundred citizens were either killed or wounded while watching the bombardment from the streets or along the waterfront. Many government buildings were damaged, including the treasury, the foreign office and the departments of public works and telegraphs.

Amelia Young is Dead.

Salt Lake City.—Amelia Folsom Young, widow of the famous Mormon prophet and leader, Brigham Young, died at her home here. She was 72 years of age and her death was caused by paralysis with which she suffered for three years.

Amelia Folsom Young was Brigham Young's seventeenth wife, and is said to have been his favorite. Thirty-five years ago Brigham Young was the husband of 19 or 20 wives. Now all but two or dead.

PRESIDENT TAFT ADVANCES WHITE TO CHIEF JUSTICE

Washington.—Associate Justice Edward Douglass White, of the United States Supreme Court, is to be elevated to the chief justiceship.

President Taft sent the nomination to the Senate Monday at noon.

The announcement that Justice White will be the new chief justice undoubtedly will cause some surprise, because it had been generally under-

stood that Justice Charles H. Hughes was slated for that honor.

In the last two or three days, however, it became known that a change in the head of the Supreme Court slate might be made.

Some of the President's closest advisers argued with him that Justice Hughes' experience at the bar had not been sufficient to warrant his promotion at this time to the highest judicial position in the country.

Justice White has been on the Supreme bench for 16 years, and is now the oldest jurist in commission whose age is less than 70.

Farmers Are Blamed.

Work is progressing satisfactorily on the south jetty at the mouth of the Siuslaw river. About 2600 feet of the jetty is completed. It will take at least five months to finish the contract. The work will cost \$100,000.

While snapping matches in a revolver, which, unknown to them, was loaded, Herbert Endicott, aged 13, shot and probably fatally injured his brother, Homer, 8 years old, at their home in Roseburg.

Marion W. Roberts, one of the well-known farmers in the southern part of Marion county, died at Salem after grieving many weeks over the death of his brother, J. E. Roberts, who was murdered on the reform school bridge near that city.

After one of the shortest murder trials in Lane county, the jury after one hour returned a verdict of not guilty in the case of John E. Johnson, accused of killing E. S. Prindel in the Siuslaw country several months ago.

An armory to cost \$36,000 is the objective point to be striven for by the local company of the Oregon national guard, with the assistance of the commercial bodies of Salem. A petition has been signed by over 500 taxpayers from all over the county petitioning the county court of Marion county to appropriate \$9,000.

After shooting and perhaps fatally wounding Edward Naylor, a prominent and wealthy Forest Grove farmer, Frank Lenolker, turned the .38 caliber revolver on himself and committed suicide. The wound-blown murderer blew out his own brains within 30 feet of the barn in which he had attempted the assassination of Naylor.

Last week marked a new era in the history of Baker. Mayor-elect C. L. Palmer and Commissioners Henry and Finley have taken their oath of office and for the next four years that city will try out the new plan of commission form of municipal government. This plan originated with the city of Galveston following the destruction of that city.

Immense increases are shown in various branches of banking, according to a statement just prepared by Bank Examiner Wright. What is considered as a splendid showing by the bank examiner is the total of individual deposits, which reaches to \$147,518,628.07, or the enormous increase of \$21,302,918.15. The cash reserve shown is 41.1 per cent of all of the individual deposits.

Lake county has the largest per capita wealth of any county in Oregon. There is more than \$1,000,000 on deposit in the banks of Lakeview and much more is banked throughout the country in the smaller towns. The estimated population is about 4,000. This makes a total of about \$2,500 for every man, woman and child in the county. There is no poorhouse and not a pauper in the county.

According to the nearest estimate that may now be made with several of the smaller public service corporations missing from the assessment reports received so far at the offices of the State Tax Commission, the total assessed taxable valuation of Oregon for 1910 will be \$825,000,000, an increase of more than \$130,000,000 over the assessed valuation of 1909, which was \$694,727,631.90.

Commander John McNulty, of the Oregon naval reserve, has received a letter from Commander C. C. Marsh, chief of naval reserve affairs in the navy department, stating that the department has practically decided to lend the cruiser Boston and the gunboat Concord to the Oregon and Washington naval reserves. From the text of the letter it is taken to mean that the Boston will be assigned to the Oregon reserve and that the Concord will go to the Washington organization.

A compilation of the membership of the coming legislature shows that the Republican members are evenly divided on the question of assembly and anti-assembly, there being 42 assembly Republicans and 42 anti-assembly Republicans, including in the anti-assembly list those hold-over senators who signed Statement No. 1 at the time of their election in June, 1908. There are four Democrats in the senate and two in the house, making a total Democratic representation in the two houses of 6, and, consequently, leaving a Republican majority of 34 on joint ballot. There are 18 assembly senators and 18 anti-assembly senators, giving an anti-assembly majority of 6 in the senate. In the house there are 30 assembly and 30 anti-assembly representatives, leaving an anti-assembly majority of 6 on joint ballot.
