METHODIST CHURCH NEWS.

The Ladies' Aid society met last Thursday afternoon with Mrs. DeVore. Thirty-five ladies were present. Plans were talked over for the new year. The ladies have arranged for a church calendar. The members and friends of the church are divided up to represent the months, weeks and days of the year, each one to pay ten cents a month for the entire year—the weeks collecting from the days and the months from the weeks and the year from the months. Considerable interest is being taken and success is assured. It is planned to have monthly socials to which the whole calendar will be invited.

Rev. G. G. Haley, Ph. D., will hold the second quarterly conference on Friday evening at the parsonage. He will also preach next Sunday at both the morning and evening services. A cordial welcome to all.

Rev. B. F. Meredith went to Wallowa Monday morning to assist Rev. Johns in revival meetings. He expects to be gone two weeks.

The Ladies Aid society meets this week with Mrs. Clark Amey. Officers will be elected for the present year.

BAPTIST CHURCH NOTES.

The Ladies Aid society of the Baptist church meets Thursday afternoon with Mrs. Prentiss Homan.

Seventy-five pupils were enrolled at the newly organized Baptist Sunday school last Sunday.

FIGHTERS BOUND OVER.

At the hearing of the principals in the cutting affray at Wallowa last week, both parties were bound over to the grand jury in the sum of \$300 each. LaBlanche, the fellow accused of cutting Alfred Arthur, gave the required bond, but in default of bail Arthur was brought to Enterprise and lodged in the county jail.

The charge against Arthur is selling intoxicating liquors. It is claimed the row started over Arthur dunning LaBlanche for the pay of a bottle of booze.

WEDDING BELLS.

A quiet wedding was solemnized in the parlors of the Lewis hotel Monday evening, January 9, at 7:30 when Rev. Gifford Ernest, pastor of the Christian church, pronounced the words that united in marriage Mr. W. L. Gaskill of Portland and Miss Maude Eaton of Joseph. A few intimate friends, the bride's mother, Mrs. Laura Eaton, and Mrs. Ralph Treau of Portland, witnessed the ceremony, which was followed by a wedding supper. Mr. and Mrs. Gaskill will spend several months in a southern tour, and will then be at home in Portland.

Eugene celebrated the conclusion recently of a whirlwind campaign for new members of the Commercial club that brought 150 additional persons into the fold. A banquet marked the close of the contest and the club will enter upon the new year with a good deal of enthusiasm. Among the big plans now being considered is the erection of a Commercial club building for permanent headquarters.

Thousands of pounds of walnuts and acorns are being shipped by the government from Arkansas to District Forester Chapman of Portland to be distributed for seed throughout the burned-over districts of the Pacific Northwest. Forest rangers will take charge of planting the seed and within the next quarter century it is expected Oregon will have great quantities of hard woods available for furniture making and other uses.

The Siuslaw river is due for further improvements and army engineers are preparing plans for a north jetty at the mouth of that stream. Bids will soon be asked for its construction. The south jetty at the mouth of the Siuslaw is already under construction and the breakwater at the north side of the river's mouth will be built by government appropriations, together with funds raised by the port.

ESCAPED WITH HIS LIFE.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything I could hear of for my cough, and was under the treatment of the best doctor in Georgetown, S. C., for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positively guaranteed for coughs, colds, and all bronchial affections. 50c and \$1.00. Trial bottle free at all druggists.

WOOL INNOCENT OF HIGH COST OF LIVING

(Continued from front page.)

to the consumer. That the taking of the tariff from wool would inevitably drive the flocks from the ranges and farms as quickly as they could be got rid of on the market, is our conviction. That this would be nothing short of a national calamity, every right-thinking person must admit. We would, however, detail the direct and incidental damages that the country would sustain.

"1. An industry that employs a large number of men at very high wages would be lost to the country.

"2. The American people would be deprived of the home mutton supply, a class of meat, the most wholesome on the market, a class that is never condemned as is beef and pork, seeing that the sheep never suffer from disease communicable to the human family.

"3. Incidentally, the absence of this mutton from the market would naturally raise the price of beef and pork to the people.

"4. The land of the United States would suffer from the loss of the fertilizing proportion of sheep, which are so valuable an agricultural asset as to be hard to estimate; and would also suffer by the absence of the sheep in their capacity of weed destroyers.

"5. Lastly, we claim for sheep, among all his other merits, that he is a great protection against forest fires, eating out and stamping out as he does the underbrush; a fact that is now conceded by the Forestry Department, and that in this way, he has saved millions of dollars to the nation."

The resolutions also protest against the transfer of the bureau of animal industry from the department of agriculture to the proposed department of health, and commends the great and beneficial work of the bureau; opposed the bill transferring from congress to the president the creation of additional forest reserves; asks that additional funds be granted for maintenance and equipment of the forest; urges adoption by congress of House Bill No. 27139, and asks the legislature to pass a minimum speed limit law covering the shipment of livestock in this state; request amendment of scalp bounty law so that in the big counties of Eastern Oregon, a person can collect a bounty without paying more for traveling expenses than the bounty comes to; endorses the Centennial celebration of the settlement of Astoria, the Panama-Pacific Worlds Fair at San Francisco, the work of the bureau of animal industry in this state, the work of the state sheep commission, and of sheep inspector W. H. Lytle; the better adjustment of relations between stockmen and forest supervisors is commended and practical stockmen for rangers advocated; district forester is commended for the exploration of the grazed forests of Northern Washington; and felicitations given over the practical benefits of the Wool Warehouse and Storage company.

The sincere thanks of the association were given the people of Portland for their cordial hospitality, and the sheep camps of all members were offered to any and all Portland people on outings, to the non-smoky side of the fire and the best mutton chops in the world.
