Mrs. W. I. Dishman, after several days visit here with relatives, left for her home in Portland, Saturday.

Mrs. L. F. Massee of Portland returned home Friday after a few days visit with her friend Miss Anna Richards.

The Baptist Sunday school had an egg roasting and Easter picnic Saturday.

### IN LATE WINTER AND EARLY SPRING We seldom feel JUST RIGHT

At such a time **KASPARILLA** is the best and safest Blood Purifier, the most successful prescription for spring humors and such disorders of the blood as boils, pimples, pustules, blotches, sores and cutaneous eruptions. Kasparilla is admitted to be the best remedy for that lack of energy and the peculiar debility so prevalent during the close of winter and the opening of spring. For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value.

**THE BEST SPRING MEDICINE**  
HOYT CHEMICAL CO. Portland, Oregon

urday on the hill near the reservoir. About 30 were present.

The dwelling house of Mike Quirk, just southwest of Joseph, was totally destroyed by fire Friday. It was insured for about half its value.

Merrill Moulton of Spencer, Iowa, who spent last summer guest at the Mountain View Fruit farm, writes O. J. Roe he is coming back to the most delightful summer climate in the United States.

Commencing Saturday April 15 and continuing for ten days, I will have a sale of all my trimmed hats at 25 per cent off the regular price. Mrs. Charles Hug. 100a3

Miss Amy Olmsted, who is attending Albany college, has been elected May Queen in the annual festivities of the college on May Day. Miss Olmsted was also delegate to the inter-collegiate oratorical conference.

O. C. Flesman of Promise was in town several days on private business matters. Mr. Flesman recently returned to Promise from an extended absence and thinks that country looks better than ever. There is considerable orchard planting there this spring.

### PERSONAL AND LOCAL BRIEFS FROM BARTLETT.

Bartlett, April 3.—Farming is progressing nicely here.

Mr. and Mrs. L. J. Harding were guests at the home of J. H. Moore, Sunday.

Miss Gertie Smith has suffered the loss of her barn by fire.

Ira Wilson, little son of Mr. and Mrs. Fet Wilson, was very ill the past week but is better at present.

Mrs. Agnes Moore stayed with her mother the first of last week, returning home Tuesday evening.

Mrs. Crossland of Troy has been ill of lagrippe.

### TOPS THE MARKET

H. B. Davidhizar and Hugh Wilson of Prairie Creek made a shipment of cattle and hogs a few days ago that topped the Portland market. It is getting to be an old story for Wallowa county live stock to bring the top prices almost every week.

When in doubt, read the ads.

### Settler Receives \$200 For Pelts

L. J. Selby Of West Grossman Profits During Winter Season—Rondowa Road Savior.

L. J. Selby of West Grossman was in Friday to collect the bounty on three lynxes and three bob cats he had killed. The bounty is \$2 per head, but the skins sell for far more—the cats bringing from \$6 to \$7 each and the lynxes \$25 each. Mr. Selby had already disposed of one lynx and one cat skin this winter, besides collecting the bounty and selling the skins of seven coyotes at \$6.50 each. So Mr. Selby's trapping has brought him in nearly \$200 this winter besides the fun he has had.

Mr. Selby says the lynxes travel in families, the family that took up its residence near his homestead numbering six, and he got four of them.

The gigantic cougar that the settlers in West Grossman have been anxious to catch the last year or two, hasn't been around that section much this winter, and is probably making his headquarters on the west side of the township along the river.

### Settlers More Hopeful.

Mr. Selby has a fine claim in the southeastern part of the new township, 4n-41, and is making good improvements. The settlers are feeling more hopeful now that there is a chance for a road down to Rondowa, and few are selling to the timber trust. For a while it seemed that the ruthless timber trust would squeeze the life out of them, but if the road is put down to Rondowa one or two little saw mills will go in, and the settlers will have a market for their timber, and can hold on to their claims.

Township 4n-41 is one of the richest in natural resources, timber, soil, climate, water, in all Wallowa county, and it would be a God's pity to have it shelved for 20 or 40 years by the timber trust, as the trust has done to beautiful and fertile Middle Point, and is rapidly doing to Powwaka and Promise.

### Chance For Boys To Win \$30 Prizes

La Grande Sugar Factory Offers Money For Best Beets Grown By Lads.

Manager Bramwell of the La Grande sugar factory announces that the company will give at the county fair this fall three prizes to boys under 14 for best sugar beets raised by themselves.

The beets must be raised by a school boy not over 14 years of age. The beets will be graded on points, and judged on amount of saccharin, tonnage and perfectness of shape. Prizes are \$15 to first, \$10 to second and \$5 to third.

The beet plots must be one rod square, rows to be 20 inches apart, beets to be from 8 to 12 inches apart in the rows.

The beets must show a minimum sugar test of 12 percent and purity test of 80 per cent. The saccharin test is to be made by the La Grande factory, and the shape is to be judged by them.

Beets about 18 inches long and four pounds in weight are best in saccharin. Land should be cultivated deep but not too much manure added as beets would then grow in size but lose in sugar and shape.

The La Grande factory has donated the seed, and enough to plant a plot can be secured after next week by writing to H. K. Shirk, Enterprise.

Information on beet growing may be had by writing to the Secretary of Agriculture, or any of the Oregon congressmen at Washington, D. C., for Farmers Bulletin No. 52.

**Plumber.**  
Mulligan, the contractor, put up a church building. Dunn was building inspector then, and when he saw the church he said, "Pat, it isn't plumb." That made Mr. Mulligan pretty mad. He climbed right up and began to take measurements. Having squinted down the plumb line in a dozen different places, he was ready to report. There was a ring of triumph in his voice. "Mr. Dunn," he said, "come and look at it y'rself. Plumb, eh? By th' piper that played before Moses, it's more than plumb!"—Cleveland Plain Dealer.

**It Worked.**  
There are a great many ways devised for avoiding jury duty. The story is told of a man who was noted in the county because of the badness of his son. Finding that there was no way of escape from serving, he had an obliging friend telegraph him at the courthouse. The telegram read, "Your son is no better." The judge was so amused at the ingenuity that he let the man off.—Judge.
