FALLS CITY, OREGON

Offers exceptionally fine opportunities for the establishment

Co-Operative Cannery Co-Operative Creamery Wood-working Factories Fruit and Berry Orchards

Manufacturers and Homeseekers who want to know the facts concerning Falls City and its possibilities for future development are requested to read the information given in these two columns. For further and more particular information, address The News.

The Name

The city derives its name from the falls of the Little Luckiamute River, which flows through the city from the West. The first sale of town lots occurred in 1889, though donation land-claim settlers came here many years before that date. In 1900 the population was 269; in 1910, 969; 1914, about 1,250.

The Location

Falls City is situated in the south central part of Polk County, Oregon, in section 21, township 8, S., range 6, W., Willamette meridian, 27 rail miles southwest of Salem, and 73 rail miles southwest of Portland, in the narrow western end of the Little Luckiamute River valley, surrounded on the north, south, and west by the foothills of the Coast Range mountains. Elevation, 386.38 ft above sea level. Transportation—Salem, Falls City & Western Railroad, which extends from Salem to Black Rock, a rail distance of 30 miles, with E. P. main line connections at Dallas, Gerlinger, and Salem, and with the Oregon Electric at Salem. Falls City is incorporated as a city, contains about 800 acres, valuation for taxation \$252,000. The city administration is composed of mayor, seven councilmen, auditor and police judge, marshal, treasurer, engineer, health officer. Salaries: Marshal and water superintendent, \$60; auditor, \$25; attorney, \$25.

Water and Wood

The city of Falls City owns the gravity water system. Its first cost was \$30,000. Pure mountain water is piped from springs on Judge Teal's ranch, 3 miles away, at an elevation of about 300 feet above city level. Oak and fir fire wood is plentiful and cheap.

Lumber, Fruit, Vegetables and Berries

Electric-power planing and saw mill, log pond, dry kiln and lumber yard in the city, lumber flume, logging roads and logging outfits, all owned and operated by the Falls City Lumber Co. The surrounding bench and hill lands are as well adapted to the production of fruits and berries as any other section of the Pacific Northwest, and development on these lines is going on. Vegetables and berries of many kinds grow to perfection in and adjoining Falls City, and many acres are planted to strawberries and loganberries. Market conditions are improving steadily, as production is increased.

Schools, Churches, Societies, Clubs

Falls City has a 12-grade school with a four-year high school course, with principal, assistant, and eight grade teachers. Its diplomas are accepted by the higher schools in lieu of examinations. The entire community is justly proud of the school. The Religious organizations are: Adventist, Catholic, Christian, Free Methodist, Methodist Episcopal, German Lutheran. The Fraternal societies: Ind. Order of Oddfellows, Rebekahs, Masons, Knights of Pythias, Pythian Sisters, Modern Woodmen of America, Royal Neighbors of America, Woodmen of the World, Women of Woodcraft. Free reading room. Gem theatre, photoplay. Hydro-electric light generated by the power of the falls; owned by W. E. Newsom; H. C. Brown, manager. Telephone system, with L-d. connections. C. J. Pugh, local manager.
