SATURDAY JUNE 27, 1914

Dr. Langdon of Oxford is endeavoring to prove that Noah, and not Adam "ate the apple." We fail to see who will benefit even though the Doctor proves an alibi for Father Adam.

President Wilson desires that the "Mason and Dixon line" be forgotten and that there no longer be a North and a South, but one united country. The theory is good, but he will have to put a muzzle on some of the politicians who depend entirely for success upon the waiving of the "bloody shirt."

Must Be Long Winded

The Monmouth Herald, in last week's issue makes the following announcement.

"Dr. C. J. Smith, of Portland, Democratic Nominee for Governor, will speak here, July 4, from 11:30 until 12:00 o'clock a. m."

The Doctor will certainly have to be long-winded and be possessed of unusual oratorical ability if he holds any considerable crowd for such length of time. Perhaps the Herald is like the Dutchman, "must take them for what they mean, and not what they say."

Clean Up Day

In view of the fact that Falls City is to have a big picnic the 4th of July and many visitors from the neighboring towns and country will be here, we should endeavor to make everything as attractive as possible. While nature has done much for the city, it is also necessary that the citizens should do their part toward keeping it beautiful. There is much rubbish and unsightly accumulations that should be removed. Every citizen should take pride in keeping their premises clean and attractive. Let's put the best foot forward and give the visitors a royal welcome and a clean town.

The labor troubles in the United States are assuming threatening proportions. While many are inclined to scoff at the idea that it will result in anything more than a local disturbance, we are inclined to believe that if something is not done, and that soon, to equitably adjust the differences between the employer and the employed that the tragedies enacted in Colorado and Montana will be duplicated in other parts of the country. It has been the custom when any difference occurs between the employer and employed, to send armed men to terrorize them into submission. The laborer has rights that should be recognized and given due consideration, and to ignore such rights and arbitrarily dictate the terms of settlement is contrary to the Constitution of the United States and the principles of good government.

Parcels Must Bear Return Card

The attention of all is directed to paragraph 4 of section 470, Postal Laws and Regulations, which requires that the name and address of the sender shall appear on every package that is to be sent by parcel post, or it will not be accepted for mailing.

Farmers Attention

Upon two different occasions I have tried to get the business men of Falls City interested in financing a creamery at Falls City, but have failed. Therefore I have seen fit to try to interest foreign capital and at present seem to be in a fair way to secure aid to finance the proposition, provided I can get the farmers to co-operate as to have reasonable assurance of getting the necessary milk. I also have arranged with an Al man, a graduate of the O. A. C., who has had five years experience in the manufacture of ice, ice cream, butter and cheese and who is willing to make the venture with us.

Are you willing to turn a hand to better your own condition?

It appears to me that a creamery in a good grass country like this is almost indispensable. Furthermore it might not be out of place to say here, that I have been quietly making investigations in other lines for the up building of our community, of which I am at present not at liberty to go into the details of. So let it suffice to say, that it is an industry for the purpose of extracting vegetable oil, which is said to be extremely profitable to the producers of the plants from which the oil is extracted, often yielding the producer as high as \$800 per acre with as little care and expense as an ordinary corn or potato crop. Already having property here that is well located for factory sites, makes me all the more desirous to help promote any industry which will be a perpetual benefit to the whole community.

All progressive farmers who are interested in either of the propositions please send their names and address to Irving Matthews, 401 Dekum Bldg. Portland, Oregon and in due course of time you will receive further information.

Council Meeting

The city council met Tuesday evening in special session to consider deferred business. The principle business that came before that body was acting upon the recommendations of a committee selected to canvass the bids for street improvement. The committee had recommended that the bid of W. B. Stevens be accepted. The question was brought before the house and just what they did, undid and didn't did is an unsolved problem. For a while it looked as though they might remove all the macadam from North Main Street and toss it into the Luckiamute. But as the hours passed and each had exhausted his store of eloquence they got down to business and probably did the right thing by awarding the contract to Mr. Stevens. They will meet again next Tuesday night to pass upon the contract between the city and Mr. Stevens and approve of his bond to insure his faithful performance of his duty.

Drug store will be open Sundays, 9 to 11 and from 5 to 6.

Druggist Says 'Take Only One Dose'

We want to tell those living in Falls City, suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and just one dose relieves sour stomach, gas on the stomach and constipation almost immediately. You will be surprised at the quick action of Adler-i-ka. M. L. Thompson Druggist.

ADAM AND EVE VINDICATED. Tablets Unearthed at Nippur Exonerate Adam Blame Noah With Eating the Forbidden Fruit. Philadelphia, June 25.—Reports cabled from London describing a new version of the flood and the fall of man deciphered from an ancient Sumerian tablet by Dr. Stephen Langdon professor of Assyriology in Jesus College, Oxford, were confirmed today by officials of the University of Pennsylvania Museum. The tablet is part of the collection unearthed by the university's expedition to Nippur. On comparing a tablet, which Dr. Langdon has just translated with a similar fragment translated by Dr. Probel, the university authorities found that the two tablets evidently had been written by the same person about 2500 B. C. or 400 years before the time of Abraham. It is believed fragments are part of two separate tablets, which, with others, formed a treatise or hymn of praise containing an account of the beginning of the world. The fragment tells of the flood and it differs from the Biblical account of creation in reciting that it was Noah who sinned by eating of the tree of knowledge and thus brought about his fall. From this time on, according to this account, Noah had no work, and man's days were shortened to their present length. In stead of a serpent, it was Enki, the vwater god, who tempted him.

FALLS CITY WINS TAKES BIG END OF 7-6 SCORE FROM STAYTON.

Salem Federals and Hopewell Nine to Cross Bats Today—Hot Contest Is Promised Public.

Falls City walked away with the big end of the score yesterday in the baseball game played with the Stayton nine on the Willamette field. The final score was 7 to 6, and this would indicate the contest was a hot and close one from beginning to end. Both nines put up a good exhibition and the result was in doubt until the last ball was put over the plate by the pitcher. A rather poor crowd was present. The result of the game means that Falls City must play the winner in today's game for the championship on Saturday—Salem Statesman.

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. It cures directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address J. C. HENNEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Pills for constipation.
