of berries daily. At the Pullyup cannery today 66,000 pounds of rasper- L. Frink. ries were canned, 160 barrels, or 73,-600 pounds of berries were barrelled and six car loads, equal to 84,000 lbs of fresh berries, were sent East by cold storage express. This is a total of 223,600 pounds or more than 111 tons of berries. The Sumner cannery and shipping station received about the same amount. Besides this, the association has two other canneries in operation, one at Olymphia and the other at Newberg, Ore.

More than 3,000,000 cans will be needed to fill this year's orders. Last year the association did a business of \$1,000,000. This year the total is expected to amount to almost \$2,00

I further notice that Spokane business men have taken a hunch to themselves, and awakened to the fact that all wealth comes from the earth and instead of grafting the produces as formerly, and as most business centers do they are going to the aid of the tiller of the soil to effect a full development of the country around about the city, and Spokane is sure to benefit very greatly by their undertaking. They are wise enough to see that if every acre around about the city is producing, there will be more business for all concerned. Those who do not benefit directly, know that indirectly, through the increase of are united in an effort to bring to the intersection of Fairoaks more people onto the land and to help them make the most out of it, in fact they are offering all Fairoaks avenue with Ellis street will develope the country.

It would be a step forward if the Falls City business men would follow Spokane's example in this

The foggy idea of exterminating every business but your own is fast loosing favor with the farmer and people in general. They are beginning to think for themselves, and now see the need to co-operate.

There is a reckoning day in every hive, and that day seems close at hand for business people who take but a casual interest in the producer and consumer.

When the farmer is prosperous all are prosperous. "In union there is strength" so let us cooperate to produce more of the best, build factories to manufacture the bi-products and as soon as we can produce brands of standard or superior distinction we may have no fear of market at the highest price. Manufacturers and Homeseekers who want to know the facts concerning Falls City and its possibilites for future development are requested to read the information given in these two columns. For further and more particular information, address The News.

The Name

The city derives its name from the falls of the 'ittle Luckiamute River, which flows through the city from t) West.

The first sale of town lots occurred in 1889, . bugh donation land-claim settlers came here many years before that date. In 1900 the population was 269; in 1910, 969; 1914, about 1,250.

The Location

Falls City is situated in the south central part of Polk County Oregon, in section 21, township 8, S., range 6, W., Willamette meridian, 27 rail miles southwest of Salem, and 73 rail miles southwest of Portland, in the narrow western end of the Little Luckiamute River valley, surrounded on the north, south, and west by the foothills of the Coast Range mountains. Elevation, 886.38 ft above sea level. Transportation-Salem, Falls City & Western Railroad, which extends from Salem to Black Rock, a rail distance of 30 miles, with E. P. main line connections at Dallas, Gerlinger, and Salem, and with the Oregon Electric at Salem

Falls City is incorporated as a city, and contains 758.33 acres, valuation for taxation \$268,887. The city administration is composed of mayor, seven counci.men, auditor and police judge, marshal, treasurer, engineer, health officer. Salaries: Marshal and water superintendent, \$60; auditor, \$25; attorney, \$25.

Water and Wood

The city of Falls City owns the gravity water system. Its first cost was \$30,000. Pure mountain water is piped from springs on Judge Teal's rarch, 3 miles away, at an elevation of about 300 feet above city level.

Oak and fir fire wood is plentiful and cheap.

Lumber, Fruit, Vegetables and Berries

Electric-power planing and saw mill, log pond, dry kiln and lumber yard in the city, lumber flume, logging roads and logging outfits, all owned and operated by the Falls City Lumber Co.

The surrounding bench and hill lands are as well adapted to the production of fruits and berries as any other section of the Pacific Northwest, and development on these lines is going on.

Vegetables and berries of many kinds grow to perfection in and adjoining Falls City, and many acres are planted to strawberries and loganberries. Market conditions are improving steadily, as production is increased.

Schools, Churches, Societies, Clubs

Falls City has a 12-grade school with a four-year high school course, with principal, assistant, and eight grade teachers. Its diplomas are accepted by the higher schools in lieu of examinaations. The entire community is justly proud of the school,

The Religious organizations are: Adventist, Catholic, Christian, Free Methodist, Methodist Episcopal, German Lutheran.
