Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Rosa Bonner, 825 N. 18th St., Birmingham, Ala., says:

"I have been suffering with nervous prostration for nine or ten years. Have tried many of the best doctors in Birmingham, but they all failed to reach my case. I would feel as if I was smothering; finally I went into convulsions. My little girl saw

Dr. Miles' Nerve

advertised in the papers and I at once began to take it. I continued to take it for some time and now I am well."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep, if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nerve

has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. **MILES MEDICAL CO., Elkhart, Ind.**

Vacation Time

The time draws near when people want to go "some where" to spend their vacation. Ofttimes the question of COST enters very largely into determining just where they will spend it.
