"WET" LEAGUE IN FIGHT OVER COIN

Only Two "Taxpayers and Wage Earners"

BREWERS PUT UP FUNDS

KNOWING THAT OREGON DRY MEANS BETTER BUSINESS FOR ALL LINES SAVE ONLY SALOONS.

BY ORTON E. GOODWIN, Publicity Department, Committee of One Hundred.

The great campaign to make Oregon "wet" has failed.

The exposure by Dr. Cora Talbot, secretary of the "Taxpayers' and Wage Earners' League," that the organization consisted of two persons, Mrs. Duniway and Dr. Talbot, and was financed by the brewers and distillers to make Oregon "wet," threw the fat into the fire.

The brewers and distillers know that all kinds of business save theirs is better in a dry town.

They know this has been proved by figures and facts from Salem, Oregon City, Roseburg, Albany, Newberg, Ashland, Corvallis, Pendleton and many other towns.

Organization Spreads Untruths. So they organized the "Taxpayers' and Wage Earners' League" to spread misinformation about Oregon dry.

They know bank deposits in dry towns have increased in number and amount. They know bad debts are almost unknown in all dry towns. They know collections are better. They know arrests from drunkenness are almost unknown. They know every dry town in Oregon is prosperous.

So, they became desperate.

Taxpayers' League Is "Joke."

Then they organized the joke "Taxpayers' and Wage Earners' League." Dr. Talbot was secretary. She became disgusted when she learned money was being collected by the brewers and distillers by the use of her name, and she resigned.

Then Mrs. Duniway advertised lavishly, announcing that the money the "league" was using was provided by the brewers.

The campaign of misinformation carried on by employees of the league, who are also employees of the breweries and distilleries, is now known all over Oregon.

Brewers Spending Your Money.

Every man, woman and child has to spend \$20 a year with the saloons.

If you do not drink, some one else has to pay YOUR share.

So, it is YOUR money the Oregon brewers and Eastern distilleries have been using to persuade YOU Oregon wet will do YOU good. It is believed they expect to spend over \$200,000 of YOUR money.

They know Oregon dry will put them out of business and help every other kind of business in the state.

Although the breweries and distilleries know Oregon dry is for better business, prosperity and more work, they are fighting it.

No Saloons; Better Business.

We have had bad times with the saloon, haven't we? Why not try no saloon? It can't make things worse and is certain to make things better.

The reason is:

Money spent on the saloon cannot be spent for groceries. Money spent in the saloons—much of it—goes East. Money spent for dry goods and groceries stays in the towns and makes better business.

The members of the Committee of One Hundred are all Oregonians. Most of them are business men. They ask you to vote Oregon dry, because they know, as the brewers also know, that Oregon dry means better business, lower taxes, more work and a return to prosperity.

For the experience of all Oregon dry towns has proved this to be the case.

THE RURAL CHURCH

(CONTINUED FROM PAGE 1)

and church pride commendable, the high teaching of universal Christianity must prevail if the rural church is to fulfill its mission to agriculture.

We frequently have three or four churches in a community which is not able to adequately support one. Small congregations attend services once a month and all fail to perform the religious functions of the community. The division of religious forces and the breaking into fragments of moral effort is oftentimes little less than a calamity and defeats the very purpose they seek to promote.

The evils of too many churches can be minimized by co-operation. The social and economic life of a rural community are respective units and cannot be successfully divided by denominational lines, and the churches can only occupy this important field by co-operation and co-ordination.

The efficient country church will definitely serve its community by leading in all worthy efforts at community building, in uniting the people in all co-operative endeavors for the general welfare of the community and in arousing a real love for country life and loyalty to the country home and these results can only be successfully accomplished by the united effort of the press, the school, the church and organized farmers.

HOME-MADE CANDIES ELLIS'

FARMERS, BEWARE—TAKE CARE

The following letter is submitted to the voters of Oregon by the Hop Growers and Dealers Association on behalf of 1,400 farmers representing 25,000 acres of land devoted to the Hop Industry of Oregon:

For many years we have been engaged in the growing and marketing of Hops. One land is particularly suited for this purpose. Our work and our energy has for years been devoted to the development of this industry. The time has now come when you are being asked, by your VOTE, to ruin US.

It is urged that we can "use this land to raise something else." This may be true. How are we going to get along however while we are waiting to "raise" something else? YOU know that the hardest condition that a producer has to meet is the securing of a market for his product. How are we going to get along until we secure that market? Suppose that we should decide to raise apples, prunes or loganberries, etc. You know the years it takes to develop them. How are we to get along in the meantime? You know that each of these products, and many others, are frequently a "glut" on the market. Suppose that we start to produce what you are producing. Then you will have more competitors—the market will be flooded—YOU will receive less for what you produce.

We fully realize that many sincere people favor State Wide Prohibition BELIEVING that it will be the means of correcting the "Liquor Habit." This has NOT PROVEN to be the case, for the reason that FIFTEEN States, after a full and fair trial ranging over a period of from one to fifty years have REJECTED IT.

Don't you feel that if State Wide Prohibition had been beneficial that those FIFTEEN States that had it would have kept it and not have REJECTED IT? It having been proved a FAILURE in those States how can it be a SUCCESS IN OREGON?

Thousands there are who favor Temperance but who hate the thought of Prohibition from a moral standpoint. Liquor far below the standard of whiskey is brewed and sold with deadly effect. Manhood and SELF RESPECT is weakened.

Now education is accomplishing the ultimate Temperance and licensed regulation of an open traffic is bringing about True Temperance whereas the history of Prohibition as a Theory APPLIED shows it has wrecked years of temperance advancement, driven the distribution of liquor "Under Cover" and secreted it from regulation and control by law.

Under our present "Local Option Laws" any community, that so desires, can stop the sale of liquor LOCALLY. The handling of this matter is in your hands LOCALLY. Under the proposed law it will be taken from your hands and administered by the State. Do you feel that the State will handle this matter more thoroughly than you can YOURSELVES?

It is claimed that the State will save money in the institutions for the Insane and Criminal if this measure goes into effect. Yet the Official United States Statistics show that the State of Kansas, that is now held up as an example for Oregon to follow, has more insane and criminals in its institutions than Oregon has, per capita.

It is claimed that this proposed law will improve economic conditions, yet the same Official United States Statistics show that the per capita wealth of Oregon is GREATER than that of Kansas.

Hundreds of stores will become vacant; thousands of men with families to support will be thrown out of their employment without compensation, and turned adrift in the sea of "unemployed" which is only too large now.

Do you feel that "times are o' good" that you can afford to experiment and take this great revenue away from the State of Oregon?

Don't you feel that you have a big enough burden to bear now, and with the new National Tax Measure now being framed at Washington it will be HEAVIER still?

Don't you feel that the FAIR way is to ENFORCE the laws we now have, which are fully ample in every way to govern the "Liquor Abuse," and NOT pass a law that will accomplish no good but will RUIN US?

We ask you to talk this matter over with your wife, or your friends or your neighbors—consider it fully and candidly—consider it in the light of "FAIR PLAY"—consider it in the light of a "SQUARE DEAL"—and then we ask you to go to the polls and do for us as we would for you under similar conditions, VOTE 333 X NO, and so save OUR interests from RUIN.

Remember the Local Option Laws will be swept away if Prohibition is voted but they will STAND AS THEY ARE if Prohibition is Defeated.

Very sincerely,

HOP GROWERS' AND DEALERS' ASSOCIATION OF OREGON.
