Junior Berean Class Meet

The Junior Berean's held their

well attended and the business
transacted in an agreeable and
satisfactory manner.

The meeting was opened by

answered present. The minutes

approved.

reporter and D. L. Wood, Jr.,

FALLS CITY ELECTRIC CO.

AT THE CAPITOL

Economy Not What They Were Look-
ing For—Longer Hours for Women.

Salem, Or., Jan. 13.—Twenty-
eight members of the State Senate
were forced squarely to face the
opportunity yesterday afternoon
to redeem their pledge of economy
to the people who elected them—
the first opportunity offered at
this session of the Legislature.
Only seven Senators, one-fourth
the entire number answering the
roll, if summoned before the bar
of public opinion and charged with
pledge-breaking, could truthfully
answer "not guilty." The records
would convict 21 members. The
flippant excuses which some of
those who rejected the chance to
save the taxpayers approximately
\$12,000 offered for their course,
at times evoked laughter, not only
from the spectators in the rear,
but from their fellow members.

Among the bills introduced yes-
terday afternoon is one by La Fol-
lett entitled "An act to foster, en-
courage and promote the industry
of canning, drying and preserving
fruit and vegetables," and except-
ing and exempting the same from
the provisions of the law, limiting
the hours of employment of wo-
men in mechanical and mercantile
establishments. The proposed
measure charges that the present
law in relation to such canneries
imposes "ill-advised interferences
and regulations." There may be
vigorous opposition to the bill on
the ground that it is an entering
wedge to destroy the efficiency of
the existing act.

The first meeting of the com-
mittees appointed by President
Thompson yesterday took place
today, many of them taking up
the consideration of bills at the
hour recess was taken until after-
noon. The Senate completed its
morning grist and recessed at 11
o'clock. There was much amuse-
ment when Farrell announced that
the committee on alcoholic traffic
was awaiting the receipt of sam-
ples.

MOLOCH, OR WHO?

The following article by Llew-
ellyn A. Morrison was published
in Word and Works is worthy of
consideration.

"A form of heathenism or demon
worship has developed in the
so-called Christian nations of the
world within a century, that
has increased to colossal propor-
tions until it bids fair to paralyze
the church of God in its endeavor
to convert the world.

I have been watching its growth
and extension for over half a
century and studying the condi-
tions and effects resulting from
it, which are appalling in magni-
tude. It has its foundation in a
simple human practice that ap-
peals to the nervous sensibility.
Steadily, little by little it has
reached almost the whole of the
masculine population of the civil-
ized globe, who have reached
adult years and within the last
twenty years has reached back-
ward to include not only the
young men and boys but the
children appear to be joining and
indulging in the seductive prac-
tice.

If you doubt the accuracy of
my statements or the virulence
of the evil, just examine the peo-
ple you meet on the street or
among your friends. The most
of them, especially the younger
portion of them have a sallow,
anxious, nervous, run-down ap-
pearance. They are thin, pale,
gaunt, stoop-shouldered and
short. Their fathers were full-
grown men, 5 feet 9 inches to 6
feet 3 inches. The young men
are mostly "sawed-offs." Look
at them! Every second or third
man you meet is, practically a

one-handed man; that is, one
hand is occupied in carrying a
piece of burnt or burning tobac-
co. I wonder if that is the active
sign of their allegiance to the god
of tobacco?

Who is this god that they serve
anyway? I do not know if it be
Moloch or some other? I only
know it is not Jehovah. Very
few of the men who indulge in
the tobacco habit make any pro-
fession of religion. The men
who sought God in the Moody
revivals invariably threw away
their pipes. In all mission halls
all over the Continent the tobac-
co habit and whiskey habit are
stood together as unholy and
men seeking pardon have quit
both before the Holy Spirit will
testify to their salvation. The
"Billie Sunday" revival meetings
at the present time are a sub-
stantial proof of my statement.
I never knew an earnest, wide-
awake, soul-saving Christian
teacher that indulged in the to-
bacco habit.

I will admit it was different in
our father's time fifty to one
hundred years ago. Tobacco
was not scientifically prepared
then to control the human will
as it is at present. Time and hu-
man manipulation make mighty
changes in conditions and that
which then might be tolerated as
convenient has become a mighty
evil that must be reckoned with
or its death-dealing and stupefy-
ing character will drive the hu-
man race in a few generations to
the Evil one whom they serve by
their practice and its use."

The Difference

Chicago's oldest book shop has
sought refuge in bankruptcy be-
cause its rich patrons did not pay
their bills.

But Chicago is no different from
other parts of the country in that
respect.

It is the way of a queer world.
The poor man pays, because he
must.

The rich man owes, because his
wealth grants him immunity from
"vulgar duns."

The poor man pays his taxes,
because he must pay or lose his
few possessions.

The rich man hides most of his
wealth and dodges the majority of
his taxes, because under our po-
litical system his millions place him
practically above the law.

Of course officials whose busi-
ness it is to enforce the law will
take issue with this statement.

But it is true—and they know
it, and you know it.

And the common people, who
are vastly in the majority, are
becoming weary of such practices,
and the murmurings and mutter-

ings are becoming louder day by
day.

Some day the explosion will
come.

**A Nervous Woman Finds
Relief From Suffering.**

Women who suffer from extreme
nervousness, often endure much
suffering before finding any relief.
Mrs. Joseph Snyder, of Tiffin, O.,
had such an experience, regarding
which she says:

"Six months I
was bedfast with
nervous prostration.
I had sinking
spells, a cold,
clammy feeling—
could not stand
the slightest
noise. At times
I would almost
fly to pieces;
stomach very
weak. My hus-
band insisted on
my taking Dr.
Miles' Nervine, and I began to improve
before I had finished the first bottle
until I was entirely cured."

MRS. JOSEPH SNYDER,
262 Hudson St., Tiffin, Ohio.

Many remedies are recommended
for diseases of the nervous system
that fail to produce results because
they do not reach the seat of the
trouble. Dr. Miles' Nervine has
proven its value in such cases so
many times that it is unnecessary
to make claims for it. You can
prove its merits for yourself by
getting a bottle of your druggist,
who will return the price if you
receive no benefit.
