PEOPLE'S EXPRESS CO.

That Saturday Night Line of Men at the Express Office

THERE'S a strong story in that, Williams—a story of what prohibition is doing for your town. Those men are spending a lot of money because you've tried to deprive them of their honest right to drink beer. That money's going to dealers just twenty miles from your town—not a cent of it ever comes back. It's a sure thing, too, that the express companies don't spend those heavy shipping receipts in your city.

It's the old story of prohibition, Williams. Close the respectable, well-conducted beer saloon and seek by legislation to rob men of their liberty, and you have a problem that never works out in favor of a town. You don't keep men from drinking. Refuse to sell them beer, which heretofore they have drunk moderately because they know it's the drink of True Temperance and beneficial and stimulating, and the stronger drink line bobs up. You send thousands of dollars out of the town that ought to be spent right there, and you encourage drunkenness and law-breaking.

Your town will wake up some day, Williams, like many another town that has been disillusioned.

MONTHLY SALES DAY

The Industrial department of the M. K. & T. report that thro' the efforts of Fred L. Wenner, Secretary of the Commercial Club and J. A. Farquharson, County Farm Agent for Logan County, a monthly sales day for farmers has been inaugurated at Guthrie, Oklahoma. A unique feature is the provision for a sale day for farm women.

The following account of the first sale day is given in Mr. Farquharson's weekly report.

"Today was the first monthly sales day of farm products. It was a great success. Notwithstanding the very disagreeable weather the farmers were out in great numbers and had for sale on auction corner everything from an old scythe blade to fine pedigree stock. Horses, cattle, hogs and farm implements all sold at very satisfactory prices, and changed hands from the man who did not need them to the one who did. Everything had to be guaranteed from the seller to the buyer to be as represented. The man without money could buy, provided the amount of purchase was ten dollars or more and his note was good at the banks.

"In the ladies' and girls' department, conducted by the Ladies' Auxilliary to the Farmers Institute, there was for sale a great variety of stuff such as fancy sewing, cooked foods, dressed chickens, canned fruits, butter eggs, farm made sausage. Every thing in this department sold for the price asked and the supply fell far short of the demand.

"This scheme of bringing the buyer and seller together is something we have been planning here for nearly a year and this is the first try-out on a large scale. It has been successful beyond our expectations."

Why can't such a movement be started in Falls City? It has been tried in many places and wherever the merchants co-operated it was a success. It brings the farmers to town and gives them cash with which to patronize the local merchants. The right kind of advertising by the merchants, preceding the sale day, would result in stores, shops and all places of business being crowded by farmers and their wives eager to secure the bargains offered. On the other hand it would give the town people an opportunity to purchase many home made articles of quality and freshness hard to secure otherwise. Let's start a monthly sale day.

THE FALLS CITY NEWS.

A campaign is being conducted to cut out at least half a million dollars of extravagance in the administration of the State government and another half million dollars wasteful expenditure by the legislature.

The Spokesman says "Welcome signs of American reaction against governmental extravagance appear in every section of the United States." Let government both state and national be put under the spot light of investigation that privat business has the past few years and the result would be astounding. It is high time business began to investigate the government.

COUNCIL MEETING

The council met Tuesday night and transacted the usual order of business. An ordinance relating to the conemnation of K street was read and passed. An order was made that the council meet Monday night in Toller's hall and invite the taxpayers to be present to discuss the advisability of making some changes in the Charter of the city. The city attorney said that there was some serious defects that should be remedied and that he would appear at the meeting to explain the changes and the reasons why it was essential that they should be made.

PUTS ONE OVER STATE MEDICAL BOARD

State Board Of Health Compelled To Issue License To Dr. George L. Toel Of Dallas After Hard Fight.

The State Board of Medical Examiners received a severe jolt last Saturday when Judge W. N. Gatens of the circuit court of Multnomah county ordered Secretary Hamilton to register the doctor. Walter L. Tooze, Jr., of Dallas represented Dr. Toel and deserves much credit for dropping a "42 centimeter shell" into the camp of the Medical Trust.

Dr. Toel was licensed in 1889, but in 1892 went to Chicago where he practiced until 1911 and returned to Oregon where he again took up the practice of medicine not realizing that his residence in the little village of Chicago had incapacitated him in anyway. But the State Board, ever watchful of the health and happiness of the "deer pepul" demanded that the Doctor come before that august body and be examined before he should be allowed to administer calomel, quinine, or cough syrup. Believing in maintaining his rights he refused to comply with the demands of the board and employed Walter L. Tooze to represent him with the results as above stated.
